Thanksgiving Day Train Wreck in New York

A doctor and nurse look over wreckage after two New York, New Haven and Hartford Railroad trains jammed with Thanksgiving Day travellers collided at about 50th street under Park Avenue in New York. The trains, both Connecticut bound, left Grand Central Terminal at the same time from different levels. The crash occurred where the upper level and lower level of the underground tracks converge on the same level.

Superforts Bomb Reds Near China

First Jet Clash in Five Days Follows; 2 MIGs Damaged as 60 Planes Battle in Air

All Come Back

12 B-29's Return Safely After Strike 2 Miles From Frontier

Seoul, Korea, Nov. 23 (AP)—Jets clashed over Korea today for the first time in five days. The fight came just 12 hours after Superforts bombed a new Red jet base two miles from Red China's Manchurian frontier.

Two MIG-15s were damaged in a battle in bright sunlight between about 30 Red Jets and 30 American F-84 Thunderjets, the U. S. Fifth Air Force reported. It said all Thunderjets returned safely.

During the night twelve B-29 Superforts ignored an angry cordon of Red jets and roared through intense flak in the first bombing raid on the Communists' Uiju jet base.

The strike was effective, Far East Air Forces said. It reported all B-29s returned from the raid two miles south of the Yalu river boundary.

This strike so close to the "sanctuary of Manchuria" pointed up the mounting allied effort to block off the growing Communist air threat and keep the Reds from setting up bases in North Korea closer to the battle line.

Strike Follows Warning

Gen. Hoyt S. Vandenberg, chief of the U. S. Air Force, warned in Washington that Red China has emerged suddenly as a major air power. He said this new-born air force with Russian type jets and Russian speaking pilots has broken allied air supremacy in Korea although the United Nations still holds superiority.

Allied spotter planes recently reported MIGs nesting in Korea for the first time in the war. The field was Uiju. F-86 Sabre jets strafed the field Sunday, caught 11 MIGs on a taxi strip and reported eight destroyed or damaged.

Then the big superforts hit last night.

The B-29s spilled 100-pound bombs at the 7,100 foot runway and dropped quarter-ton airbursting bombs which hurl jagged chunks of steel at planes hidden in revetments.

'No Firing Runs'

Communist jets snarled around the B-29s but FEAF said they made no firing runs.

"The whole sky was full of searchlights," one crewman said. "It looked like they were trying to bracket us."

"We nailed the target and also knocked out a flak battery," another said. "When our bombs

Traffic Deaths Are Below 1950 Total

(By The Associated Press)

The nation's accidental death toll over the Thanksgiving holiday was the lowest since 1948 and far below last year's record 201.

Traffic accidents, as usual during a holiday period, took the heaviest toll.

A survey showed that since 6 p. m. Wednesday until midnight Thursday (local time) 90 persons lost their lives in motor mishaps. Another 30 persons were killed in miscellaneous accidents.

New York had three traffic deaths.

Map Detail Remains to Be Finished

Meanwhile, Fight Goes On Until Points Are Settled—May Finish Job Saturday

Approval Delayed

Agreement Waits Check on Translation Into Two Languages

Munsan, Korea, Nov. 23 (AP)—Truce negotiators reached agreement on a buffer zone clause today, opening the way for a possible armistice in Korea by Christmas.

"We have reached agreement in so far as the wording is concerned," Rear Adm. Arleigh A. Burke, UN command subcommitteeman told correspondents. "The only thing left now is for the liaison officers who are working on the map to finish."

Agreement on the buffer zone issue came at the 29th subcommittee meeting in Panmunjom.

If the agreement is approved by the full truce delegations, as expected, negotiators would have 30 days in which to solve three other tough problems—supervision of the armistice, exchange of war prisoners and recommendations to the belligerent governments.

Fighting will continue in the war, now 17 months old, until all of these points are settled.

Could Meet Sunday

Maj. Gen. Henry I. Hodes, chief UN command subcommitteeman indicated the full five-man delegations could meet Sunday to approve the buffer zone agreement worked out by subcommittees.

Lt. Col. Howard S. Levie, UN command spokesman, said the allies will present a full program for solving the armistice supervision clause as soon as the full delegations approve the buffer zone plan.

Levie said Hodes has suggested that two subcommittees be put to work simultaneously on separate problems to speed a truce agreement.

Staff officers started mapping the actual line of battle contact Friday. Levie said only two or three major differences developed along the entire battlefront. Hodes said they may complete the job Saturday.

To Be Formal Line

The line they draw is to become the formal cease-fire line if an armistice is signed within 30 days.

"We are waiting until whatever time is appropriate to meet again and make—we hope sometime tomorrow (Saturday) afternoon—the final settlement on the line," Hodes said.

The staff officers meet again at 10 a. m. Saturday (8 p. m., Friday, EST).

Hodes said that if the staff officers disagree on just where the battle line is, the subcommittees will settle the dispute.

Final approval of the buffer zone agreement was delayed during Friday's 50 minute session because delegates wanted to check the translation into Chinese and Korean of the UN command revision of the Reds' own cease-fire proposals.

Wording Approved

They called for a recess to compare the versions. Later a spokesman said the "wording" was approved.

The plan provides that if no agreement is reached before the 30-day deadline, a new demarcation line incorporating changes resulting from military action will be drawn just before an armistice is signed. Then both armies will pull back to create a buffer zone 2½ miles wide.

The plan states specifically that the war will continue during the 30-day period.

Cummings Doubts Kelly Was Mentally Responsible

West Hurley Man Crushed by Auto

Vehicle Slips Off Ledge While Owner Was Underneath

William Paul McComas, 33, of West Hurley was crushed to death while working under his automobile about 12:30 p. m. Thanksgiving Day.

McComas, father of three children, had jacked the front end of his 1941 sedan on to a rock ledge near his home, and was working on the drive shaft under the vehicle when it slipped off the rock, crushing his chest.

Authorities believe he had loosened the automobile's drive shaft, which automatically released the parking brake.

McComas' screams were heard by Mrs. Anthony Carney, a neighbor who was working in her yard nearby, according to Deputy Sheriff William Churchill. She called McComas' wife, Marie, from the house, and the two women tried to hold the car from slipping any further.

Aid Is Called

Herbert J. Glass, operator of the West Hurley general store, and others in the vicinity were summoned and lifted the automobile from McComas' chest.

W. N. Conner, Inc., ambulance was called to convey McComas to the Benedictine Hospital. He was pronounced dead on arrival there.

Death was ruled accidental by Coroner Ernest A. Kelly. No autopsy was ordered. The investigation was conducted by Coroner Kelly, Deputy Sheriff William Churchill and Undersheriff Clayton Vredenburg. District Attorney Louis G. Bruhn was also notified.

McComas was employed at the Dennings Point Brick Works near Poughkeepsie.

He is survived by his wife, the former Miss Marie Jones, and by three small daughters, all of preschool age.

The funeral services will be at the V. N. Lasher Funeral Home, Woodstock, Sunday at 2 p. m. The Rev. Olney E. Cook will officiate. Burial will be in Mt. Evergreen Cemetery, Woodstock.

Directs Own Rescue

San Francisco, Nov. 23 (AP)—Trapped almost five hours in icy ocean waters, William Wood directed his own rescue from one of his closest scrapes in years of deepsea diving. The 48-year-old Wood worked two ordinary auto jacks to lift iron bars that pinned him to the wreckage of a sunken barge near the Golden Gate. Searchlights were played on the scene, ¼ mile off Land's End, and scores watched from shore as Wood was lifted aboard his ship, The Salvager, at 7:30 last night. Although he was rushed unconscious to a decompression chamber for treatment against the bends, Wood was found suffering only from shock and exposure.

Defense Witness Says Bruhn's Points Fail to Alter Opinion

A doctor testified today that Edward H. Kelly, a real estate man accused of killing a woman friend, was not mentally responsible" at the time of the slaying.

Dr. Joseph L. Cummings, of Poughkeepsie, gave this opinion as a defense witness.

Kelly, 52, is on trial for the second time on first-degree murder charges in the street shooting on May 22, 1950, of Mrs. Eloise McHugh, 44.

He had his real estate office in her home, and also boarded there. She was shot with a deer rifle on her way to work.

District Attorney Louis G. Bruhn sought in cross-examination to show that Kelly's conduct was normal in the days before the shooting. But Dr. Cummings said points brought out by Bruhn did not alter his opinion that Kelly was mentally unresponsible.

Kelly, who has testified he planned to marry Mrs. McHugh and remembered nothing of the shooting, was previously convicted and sentenced to death, but the verdict was reversed on a technicality.

May Go To Jury Saturday

The present case is expected to go to the jury late tomorrow.

Bruhn dwelt at great length on the acts of Kelly over the weekend of May 19-22 and asked the witness if he had the facts that Kelly had called the witness Scheib on Friday night at his place of business and sought to borrow the Scheib car; that Kelly had given a reason for wanting the car, had met Scheib later in a tavern and discussed the car proposal; that on Sunday Kelly did not call for the car but on Sunday afternoon had called Scheib at his home and gave a reason for not meeting Scheib Saturday morning as arranged and made arrangements to borrow the car on Monday morning. Bruhn asked the witness whether the fact that Kelly kept that appointment at a specified time and place and drove to the place of the shooting had been taken into consideration in expressing the opinion as to Kelly's mental status. The witness said he had taken them into consideration in a general way but admitted he had not had many of the specific facts. He stated his opinion would be the same had these facts been before him.

Could Happen Again

Dr. Cummings stated that since the shooting Kelly had recovered from any mental condition, now known the nature of his acts but he said it was "possible" Kelly could again have a lapse of memory.

Dr. Cummings said this recovery of mind could be due to the suicide attempt, incarceration in jail and prison and a restraint from drinking. He said from his examination and the statements of Kelly that in his opinion Kelly did not have a "convenient memory," one which permitted him to remember things which were good and forget facts or things which might not be favorable to his story. He said he had believed Kelly's story and assumed he was telling the truth when he examined him and questioned him over an eight hour period and on other occasions when he examined Kelly on October 14, 28, 31 and November 12, 1951.

Dr. Cummings said Kelly said he was suffering from "pre-trial jitters." On his examination on the witness stand he replied to questions that he had not been disturbed "one bit" after the shooting or the trial or while in the death house at Sing Sing. This

Probe Is Started Into Crash Cause Under New York

Two New Trains Involved in Wreck Injuring 27 Persons, Two Critically

New York, Nov. 23 (AP)—The manager of Grand Central Terminal today expressed belief the underground crash of two Thanksgiving Day trains was caused by one of them violating a red stop signal.

Prior to an official investigation hearing slated to open this afternoon, Ernest B. Moorhouse said "we think" that a New Haven express ran a red signal just before it smacked broadside into a Stamford local.

Twenty-seven passengers were injured when the two trains slammed together in a narrow tunnel beneath Park avenue at a point where upper and lower-level tracks merged parallel on the same level.

Although both of the eight-car New York, New Haven and Hartford railroad trains were moving north at only 10 miles an hour, the impact threw some coaches against opposite tunnel walls.

Tells of Lights

Moorhouse said that a yellow light just before the merging point meant to proceed with caution, while a red light meant to stop, and that the signals were interlockingly controlled from a tower.

He said the Stamford local apparently had a yellow light and the New Haven train a red one.

Various railroad employes, including James D. Taylor, 50, of East Haven, Conn., operator of the New Haven-bound train, were scheduled as witnesses at the investigation which will open at 1:30 p. m.

Senate Group Hits Control Of Dining Car Aides by Reds

Vandenberg Hints Change in Policy

Truce Has Key to Future Air Force Chief Says; Cites Sanctuary

Washington, Nov. 23 (AP)—Gen. Hoyt S. Vandenberg, air force chief of staff, threw out last night this hint that prolongation of the fighting in Korea may bring a change in U. S. air war policy:

"The outcome of the present truce negotiations hold the key to whether we will continue fighting a war of half-way measures in Korea—a war which, at present, halts our air power at the Yalu river and gives the enemy sanctuary in Manchuria."

United Nations and Communist negotiators in Korea today reached an agreement in principle on where to establish a cease-fire line.

The maintenance of the Manchurian sanctuary was one of the disagrements between Gen. Douglas MacArthur and President Truman which led to the general's ouster as UN commander in Korea. He wanted to bomb Red Chinese bases in Manchuria and take over measures to extend the war. The administration contended

Union Is Communist Run, Is Report; Directed From New York

Washington, Nov. 23 (AP)—The Senate Internal Security Subcommittee said last night that some railroad dining car workers are in the grip of a Communist-run union, and that "it is imperative that this Communist control be broken."

The subcommittee said the union members could be used by Red party leaders as "a message channel as effective and more secret than the United States mails."

The subcommittee made public a report to the Senate along with more than 150 pages of testimony taken at private sessions in July, August and September during an inquiry into the Dining Car and Railroad Food Workers Union.

Guided From New York

The subcommittee said the policies and activities of the small, independent union, ever since its organization in 1947, "have been directed from the Communist party headquarters in New York city."

At present the union is certified as bargaining agent for only about 2,200 dining car employes on the Pennsylvania Railroad, but Subcommittee Chairman McCarran (D.-Nev.) said it is carrying on "an intensive membership campaign" in an effort to establish itself on other lines from coast to coast.

Through the union, the senator said in a statement accompanying the report, "the Communist party already has established the nucleus of a courier system on the railroads for communication between its underground leaders."

The exact membership of the

Russia Says U. S. ArmsUnderground Against U.S.S.R.

General Assembly Is Asked to Scrutinize Reports Act Fosters Such Activities

Paris, Nov. 23 (AP)—The Soviet Union filed a formal complaint with the United Nations today, charging that the United States is financing armed groups on her territory aimed at the overthrow of Prime Minister Stalin's government.

The Soviet Union last night asked the General Assembly to look into charges that the U. S. Mutual Security Act was intended to foster subversive acts in Communist countries.

In an explanatory note today, Soviet Foreign Minister Andrei Vishinsky said U. S. financing through the Mutual Security Act "of subversive organizations and diversionist groups * * * constitutes an act of aggression towards the Soviet Union and the states of the peoples democracies."

The note to the UN followed a similar Russian communication to the U. S. government on Tuesday. The U. S. State Department dismissed the protest as "groundless propaganda" and said it came with "singular ill-grace" from a regime which has consistently supported "subversive activity against the U. S. and other nations of the free world."

Assembly Marks Time

The latest Russian blast against the west came as the assembly marked time on its peace programs, with some hope—slim, but existing—that Vishinsky in a scheduled appearance before the UN Political Committee tomorrow would answer the west's disarament proposals with a speech spelling real peace.

British Minister of State Selwyn Lloyd told the committee yesterday that the assembly already has showed signs of a lessening in the east-west tension.

Although some believed he was only echoing his own and British Foreign Secretary Anthony Eden's conciliatory words, Lloyd expressed the hope that the Russians would further relax the tension by accepting the west's disarmament proposals.

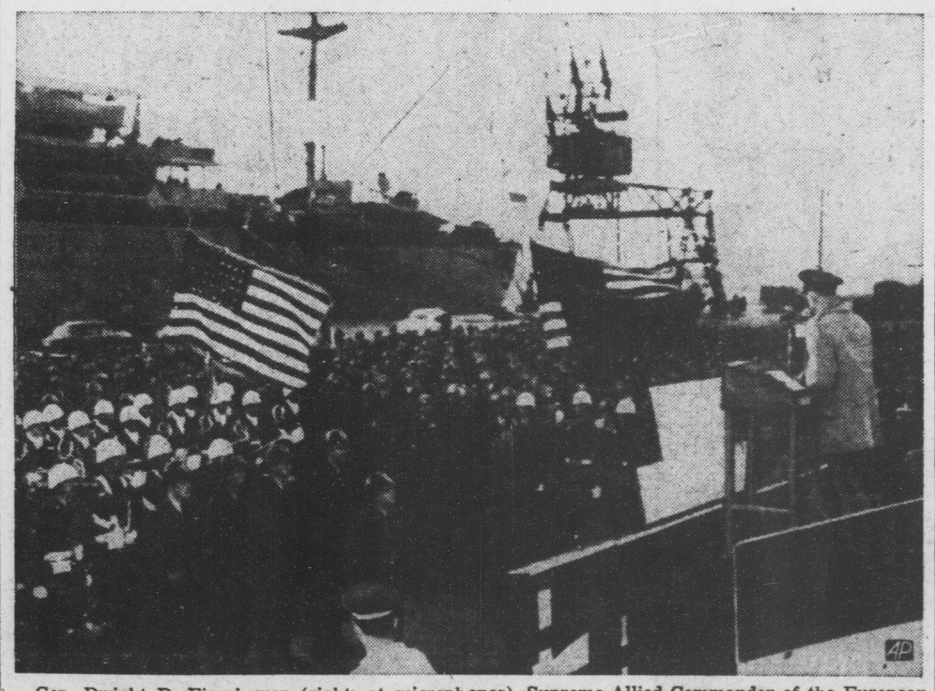

Russia's charge against the U.S. came a few hours later. The Soviets asked that it be put on the assembly agenda for full discussion.

Seen As Maneuver

The move was seen by many as a Moscow maneuver to bolster Vishinsky's arguments when he takes the floor in the political committee tomorrow. Vishinsky has been holding up his answer

BPW Votes to Build Streets In New Housing Section

The Board of Public Works voted Wednesday to construct the two streets in the Singer-Greene development on West Chestnut street at an estimated cost of $30,000.

The two streets, Dietz Court and Melvin Drive, will be 40 feet wide, and will provide access to the 17 low cost homes in the development.

It is expected that the Common Council will legislate to authorize the money at its December meeting.

City Engineer Arthur F. Hallinan announced the plans and specifications are completed and ready for construction of the streets.

The board voted on recommendation of the city engineer to pay the C. W. Lauman Company of New York $4,207.84 for the shaft work at Washington avenue and Elizabeth street in conjunction with a sewer project there, and to retain $742.56 pending the signing of a release as is customary in such contracts.

Ernest A. Steuding, public works superintendent, who had been assigned to investigate complaints about conditions at a junk yard on Hoffman street near Broadway, said that at the time of his inspection there were no violations over which the board might have jurisdiction.

A request for a street light near 14 Van Gaasbeck street submitted by Third Ward Alderman Edwin Radel, was referred to the board's light committee.

The board accepted the resignation of Jay T. Rider, 40 Sherman street, who had been employed as an engineer's aide, grade 1.

Treasury Receipts

Washington, Nov. 23 (AP)—The position of the treasury Nov. 20: Net budget receipts $312,833,985.81. Budget expenditures $261,457,606.61. Cash balance $4,078,953,046.21. Customs receipts for month $28,502,058.49. Budget receipts fiscal year July 1 $17,290,572,448.10. Budget expenditures fiscal year $23,636,349,250.46. Budget deficit $6,345,776,802.36. Two New Trains Involved in Wreck Injuring 27 Persons, Two Critically

New York, Nov. 23 (AP)—The manager of Grand Central Terminal today expressed belief the underground crash of two Thanksgiving Day trains was caused by one of them violating a red stop signal.

Prior to an official investigation hearing slated to open this afternoon, Ernest B. Moorhouse said "we think" that a New Haven express ran a red signal just before it smacked broadside into a Stamford local.

Twenty-seven passengers were injured when the two trains slammed together in a narrow tunnel beneath Park avenue at a point where upper and lower-level tracks merged parallel on the same level.

Although both of the eight-car New York, New Haven and Hartford railroad trains were moving north at only 10 miles an hour, the impact threw some coaches against opposite tunnel walls.

Tells of Lights

Moorhouse said that a yellow light just before the merging point meant to proceed with caution, while a red light meant to stop, and that the signals were interlockingly controlled from a tower.

He said the Stamford local apparently had a yellow light and the New Haven train a red one.

Various railroad employes, including James D. Taylor, 50, of East Haven, Conn., operator of the New Haven-bound train, were scheduled as witnesses at the investigation which will open at 1:30 p. m.

Senate Group Hits Control Of Dining Car Aides by Reds

Union Is Communist Run, Is Report; Directed From New York

Washington, Nov. 23 (AP)—The Senate Internal Security Subcommittee said last night that some railroad dining car workers are in the grip of a Communist-run union, and that "it is imperative that this Communist control be broken."

The subcommittee said the union members could be used by Red party leaders as "a message channel as effective and more secret than the United States mails."

The subcommittee made public a report to the Senate along with more than 150 pages of testimony taken at private sessions in July, August and September during an inquiry into the Dining Car and Railroad Food Workers Union.

Guided From New York

The subcommittee said the policies and activities of the small, independent union, ever since its organization in 1947, "have been directed from the Communist party headquarters in New York city."

At present the union is certified as bargaining agent for only about 2,200 dining car employes on the Pennsylvania Railroad, but Subcommittee Chairman McCarran (D.-Nev.) said it is carrying on "an intensive membership campaign" in an effort to establish itself on other lines from coast to coast.

Through the union, the senator said in a statement accompanying the report, "the Communist party already has established the nucleus of a courier system on the railroads for communication between its underground leaders."

The exact membership of the

Vandenberg Hints Change in Policy

Truce Has Key to Future Air Force Chief Says; Cites Sanctuary

Washington, Nov. 23 (AP)—Gen. Hoyt S. Vandenberg, air force chief of staff, threw out last night this hint that prolongation of the fighting in Korea may bring a change in U. S. air war policy:

"The outcome of the present truce negotiations hold the key to whether we will continue fighting a war of half-way measures in Korea—a war which, at present, halts our air power at the Yalu river and gives the enemy sanctuary in Manchuria."

United Nations and Communist negotiators in Korea today reached an agreement in principle on where to establish a cease-fire line.

The maintenance of the Manchurian sanctuary was one of the disagrements between Gen. Douglas MacArthur and President Truman which led to the general's ouster as UN commander in Korea. He wanted to bomb Red Chinese bases in Manchuria and take over measures to extend the war. The administration contended

Russia Says U. S. ArmsUnderground Against U.S.S.R.

General Assembly Is Asked to Scrutinize Reports Act Fosters Such Activities

Paris, Nov. 23 (AP)—The Soviet Union filed a formal complaint with the United Nations today, charging that the United States is financing armed groups on her territory aimed at the overthrow of Prime Minister Stalin's government.

The Soviet Union last night asked the General Assembly to look into charges that the U. S. Mutual Security Act was intended to foster subversive acts in Communist countries.

In an explanatory note today, Soviet Foreign Minister Andrei Vishinsky said U. S. financing through the Mutual Security Act "of subversive organizations and diversionist groups * * * constitutes an act of aggression towards the Soviet Union and the states of the peoples democracies."

The note to the UN followed a similar Russian communication to the U. S. government on Tuesday. The U. S. State Department dismissed the protest as "groundless propaganda" and said it came with "singular ill-grace" from a regime which has consistently supported "subversive activity against the U. S. and other nations of the free world."

Assembly Marks Time

The latest Russian blast against the west came as the assembly marked time on its peace programs, with some hope—slim, but existing—that Vishinsky in a scheduled appearance before the UN Political Committee tomorrow would answer the west's disarament proposals with a speech spelling real peace.

British Minister of State Selwyn Lloyd told the committee yesterday that the assembly already has showed signs of a lessening in the east-west tension.

Although some believed he was only echoing his own and British Foreign Secretary Anthony Eden's conciliatory words, Lloyd expressed the hope that the Russians would further relax the tension by accepting the west's disarmament proposals.

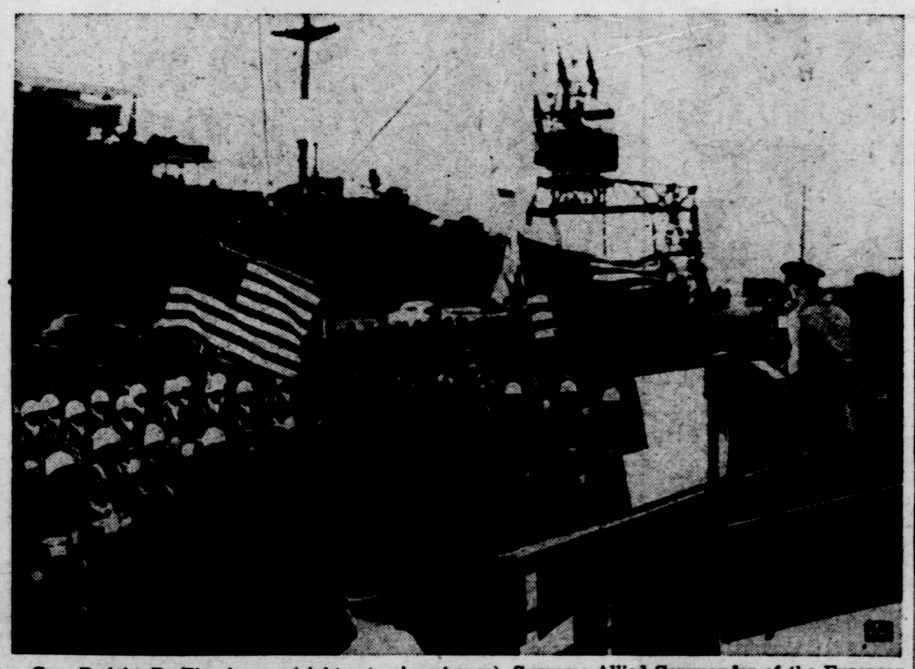

Russia's charge against the U.S. came a few hours later. The Soviets asked that it be put on the assembly agenda for full discussion.

Seen As Maneuver

The move was seen by many as a Moscow maneuver to bolster Vishinsky's arguments when he takes the floor in the political committee tomorrow. Vishinsky has been holding up his answer

BPW Votes to Build Streets In New Housing Section

The Board of Public Works voted Wednesday to construct the two streets in the Singer-Greene development on West Chestnut street at an estimated cost of $30,000.

The two streets, Dietz Court and Melvin Drive, will be 40 feet wide, and will provide access to the 17 low cost homes in the development.

It is expected that the Common Council will legislate to authorize the money at its December meeting.

City Engineer Arthur F. Hallinan announced the plans and specifications are completed and ready for construction of the streets.

The board voted on recommendation of the city engineer to pay the C. W. Lauman Company of New York $4,207.84 for the shaft work at Washington avenue and Elizabeth street in conjunction with a sewer project there, and to retain $742.56 pending the signing of a release as is customary in such contracts.

Ernest A. Steuding, public works superintendent, who had been assigned to investigate complaints about conditions at a junk yard on Hoffman street near Broadway, said that at the time of his inspection there were no violations over which the board might have jurisdiction.

A request for a street light near 14 Van Gaasbeck street submitted by Third Ward Alderman Edwin Radel, was referred to the board's light committee.

The board accepted the resignation of Jay T. Rider, 40 Sherman street, who had been employed as an engineer's aide, grade 1.

Barbara Hutton Arrives by Plane

New York, Nov. 23 (AP)—Ailing heiress Barbara Hutton, back home with a supplemental divorce from her fourth husband, says visits to her doctors are the first item on her schedule. But she says her health is much improved.

Miss Hutton arrived by plane from Europe yesterday and said she did not know that a Paris court had granted her a divorce from Lithuanian Prince Igor Troubetsky.

Word preceded her from Paris that the divorce had been granted Oct. 31 on the ground of abandonment—a routine charge in a friendly divorce in France.

Miss Hutton conceded to newsmen that she now has "a romance of friendship" but is "not going to risk it by getting married."

She said it is with Baron Gottfried Von Cramm, German tennis star, whom she has known for 14 years.

Commenting on the divorce from the prince, she said: "He's sorry he didn't behave very well and I am sorry I didn't behave very well." She said they are "very friendly."

She said the prince did not ask for and did not receive any of her fortune under the divorce terms.

The heiress, who married the prince in Switzerland in 1947, recently obtained a Mexican divorce.

Man Killed in Cave-in, His Companion Hurt

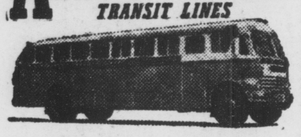

Monticello, Nov. 23 (AP) — One man was killed and another workman suffered a fractured vertebrae Wednesday when they were caught in a cave-in at Sackett Lake, near here.

The dead man was Ray Gloor, 33, of Bethel.

Harold Williams, 27, of Bethel, suffered a back injury and was taken to Hamilton avenue hospital, here.

The two men were working on a new sewer line and were coming out of the eight-foot ditch when the cave-in trapped them. Williams was rescued within a short time. It required two hours to recover Gloor's body.

10,800 lbs. of Birds Seized in New York

Washington, Nov. 23 (AP)—The Food and Drug Administration has seized 10,800 pounds of Thanksgiving turkey at New York city on charges that the craws were stuffed with dry oats.

The agency said in a news release Wednesday that as much as one and one fourth pounds of oats were found in each bird. The birds were being sold as "New York dressed," which meant that only the heads and feet were removed. The agency said the consumer would have had to pay the market price for turkey for the worthless oats.

WALLKILL

Wallkill, Nov. 23—Mr. and Mrs. George Marcinkowski of Hulse street are the parents of a daughter, Gail Mary, born at St. Luke's Hospital, Newburgh, Nov. 18. Mrs. Marcinkowski is the former Marilyn Schlott.

Wallkill Scout Troop 76 joined about 21,000 Scouts from five eastern states of New York, New Jersey, Connecticut, Massachusetts and Pennsylvania as the guests of West Point. They enjoyed the game and were guests on a well-guided cadet tour of the Point as well as seeing a dress parade. The Wallkill Scouts were driven in cars with Explorer Scouts Samuel Bowden, Donald Wickes with Joseph Wickes as chairman.

Members of the faculty of Wallkill Central School were guests of the student Library Club Tuesday afternoon at the school library at a Book Week Tea. The affair was in conjunction with Children's Book Week, observed each week during National Education Week. The social event took place following school hours.

The Wallkill Home Bureau will hold a regular meeting Tuesday, Nov. 27, at the community room of the Wallkill National Bank. During the morning session which will convene at 11 o'clock, a foods lesson will be given with Mrs. Dennis Corey as leader. Members are asked to bring their own lunch, a place setting and an apron. In the afternoon, the business session will be a part of the agenda followed by a mending lesson under the leadership of Mrs. Helen Rose, assistant Ulster county leader of Kingston. This will be the first meeting on mending and will cover all types of the art. Members are urged to attend the first lesson in order to be eligible for lesson number two.

The Women's Missionary Society has made a box available in the church hall lobby for clothing which will be sent to Korea. Clothing will be collected by calling the parsonage.

Mrs. C. E. Caswell and Mrs. George Sohn enjoyed a day's visit in Newburgh Monday as did Mrs. Benjamin Kreiton, Mrs. George Crist, and Mrs. George Parliman.

Mrs. Harry Morehouse spent Tuesday afternoon at the home of her daughter and family, Mr. and Mrs. Wallace Palen and son, Douglas of Walden.

LEIBHARDT

Leibhardt, Nov. 23—Preaching services will be held Sunday at 7:45 p. m. with the Rev. John Pfromm in charge.

Mrs. Jerry S. Quick and son, Jerry, Jr., of Napanoch and her mother, Mrs. John Depew of Kerhonkson, called on Mrs. Herman Quick Saturday.

Mr. and Mrs. Melvin Gray of Wallkill spent Sunday with their nephew and niece, Mr. and Mrs. E. B. Markle. Other callers during the week were Mr. and Mrs. David Austin of Rochester Center and friends from Poughkeepsie and Kingston.

Mr. and Mrs. Ernest Koehler of Rochester Center entertained friends Sunday from Ravena.

Mr. and Mrs. Herman Quick were recent callers on their son and wife, Mr. and Mrs. Jerry S. Quick.

Mrs. Marty Anderson of Rochester Center went to Brooklyn Tuesday and returned Wednesday.

Mr. and Mrs. Aden Terbush of Tabasco called last week on Mrs. Terbush's sister, Mrs. Perna Markle and daughter, Mildred of Mettacahonts.

Guests of Mr. and Mrs. David Austin and mother, Mrs. Mary Austin, on Thanksgiving Day were Mrs. Ball, an aunt from Ellenville; Mr. and Mrs. Richard Austin and family of Montclair, N. J., their son, Robert Austin of Quonset Point, R. I., who was home on leave for the holiday.

Larry Osterhoudt of Samsonville is employed in Tabasco.

Sampson Osterhoudt, who operates the Sun Rise Poultry Farm in Pataukunk, has recently sold his property to Maynard Gogel of Sundown. Mr. Gogel will take possession April 1 of next year.

Mr. and Mrs. Mose Oakley of Poughkeepsie were callers Sunday of her sister and husband, Mr. and Mrs. Herman Quick. Other callers included Mr. and Mrs. Herman Quick, Jr., and daughter, Susan, of Pataukunk.

The Tabasco Home Bureau unit met Wednesday night at the home of Mrs. Herbert C. Klippel in Mombaccus. Eighteen members were present.

Mr. and Mrs. Spencer Quick and son, Donald of Rochester Center, spent the weekend with relatives at Coxsackie.

Robert J. Newman of the U. S. Coast Guard spent a leave recently with his parents, Mr. and Mrs. John Newman, of Rochester Center.

Construction and equipment of a battleship requires the use of 76 tons of tin.

Sends Sons to Jail

New York, Nov. 23 (AP)—A heartbroken father has sent two sons to jail within the past week—to stop them from using dope, and perhaps cure them of the habit permanently. Last Thursday Rafael Charres, 55, tearfully signed a narcotics complaint against his 20-year-old son, Frank. Yesterday, his heart even heavier, the father signed a similar complaint against 18-year-old Antonio. Both youths had received treatment in a federal institution at Lexington, Ky. But since they were discharged, they drifted back into the dope habit. Authorities have promised to try to rehabilitate the youths, who must stay in jail pending further court action. They are not angry with their father. They're grateful, both said and hope they can be cured.

Sends Sons to Jail

New York, Nov. 23 (AP)—A heartbroken father has sent two sons to jail within the past week—to stop them from using dope, and perhaps cure them of the habit permanently. Last Thursday Rafael Charres, 55, tearfully signed a narcotics complaint against his 20-year-old son, Frank. Yesterday, his heart even heavier, the father signed a similar complaint against 18-year-old Antonio. Both youths had received treatment in a federal institution at Lexington, Ky. But since they were discharged, they drifted back into the dope habit. Authorities have promised to try to rehabilitate the youths, who must stay in jail pending further court action. They are not angry with their father. They're grateful, both said and hope they can be cured.

EUROPE'S ECONOMIC ILLS

The unhealthy state of the British and French economies ranks with the gloomiest news the free world can report these days. It poses a tremendous dilemma both for them and the United States.

Since Winston Churchill returned to power, Britain has announced a cut of almost $1 billion annually in imports. Recently France declared it would slash imports by 40 per cent.

These moves, plus the shaky condition of the British pound and the French franc, are dramatic signs of the malady currently afflicting America's two staunchest friends in Europe.

It goes without saying that both nations soon will have to appeal to the U. S. for greater economic aid than Congress contemplated they should have. Otherwise they shall have to undertake even more drastic measures that could possibly threaten the whole European economic structure and with it the common western defense.

The 1951 Congress cut a bit more than $1 billion from this year's foreign aid appropriation — most of the reduction being in economic rather than military funds. No responsible observer on either side of the ocean doubts that the lawmakers would be powerfully resistant to new and larger assistance appeals.

But in the end, those appeals probably will be successful. For it will become apparent to the men on Capitol Hill that the alternative is too grim a prospect for the U. S. to risk: the collapse of the British and French economies and the effective cancellation of their vital rearmament efforts.

Yet from this present predicament an entirely new attitude and determination ought to emerge. Since the close of World War II, we have been dealing with one European economic crisis after another. We have had no choice but to help — in sheerest self-interest.

But it is fair to ask whether these recurring problems will ever end. That they can develop time after time suggests strongly that we are not devising really basic remedial measures. A deeper, more fundamental approach is called for. Else this pattern will obviously go on repeating itself.

Britain and France blame inflation and the rearmament program for the newest of their economic ills. There seems little reason to doubt this judgment. But an economy which is unable to bear the burdens of relatively limited peacetime rearmament hardly appears strong enough to endure in a world containing Soviet Russia.

Let's face it. Hitler and World War II did catastrophic damage to the European economies. No timid measures of repair will suffice. If American and Western European leaders are not prepared to fashion more sweeping remedies, then they are not equal to the needs of the time.

The economic and political union of Europe may be the West's only salvation. Certain it is that the existing antiquated economic set-up cannot cope with the tasks placed upon it by the necessities of defense. If union is not the answer, some other equally drastic solution is called for. The time for half-hearted effort has passed.

Communists claim many things but not the blush, although it is their favorite color. One requirement of a Communist is the ability to say the most absurd things without a hint of a blush.

LIVING ON LESS FOOD

The Nutrition Foundation says that easy living is causing people who live in modern civilizations to starve their bodies of certain needed vitamins, minerals and proteins. People don't work as vigorously, and therefore are not as hungry and do not eat as much as they used to. They get enough to satisfy hunger but not enough to meet the chemical needs of their bodies.

Our remedy might be to concentrate the needed elements and inject them into such [illegible] as we eat. There ought also to be some simple way in which a person could discover whether he needs them. If we are starving ourselves we have a right to know it; some people might prefer to take steps of their own to mend the deficiency.

'These Days'

WHAT THE FIGHT IS ABOUT

I was looking at a mountainous pile of things to read when I came across an address by Delbert Clark, who is classified as director of educational activities, New York Times.

Mr. Clark says in this speech:

"At one time in our national history such people would have been called Liberals, at another time Progressives; what they stood for might have been opposed by some, but few would have dared condemn them as bad citizens. Yet in the past few years they have found it more and more economically and socially unsafe to continue as in the past. They find themselves criticized as Communists or fellow-travellers for supporting equality of opportunity for all; for believing what the Constitution says about civil rights; for publicly preferring peace to war; for espousing federal aid for low-income housing; for believing in government-sponsored health insurance; for supporting the idea of world government. And within the past month we have even been subjected to the spectacle of high-minded, patriotic citizens being denounced as traitors because the foreign policy they advocated in a specific instance had not worked out."

The paragraph accumulated interest in the year after it was spoken, particularly as we now have to report more than 100,000 casualties in Korea, with nearly 20,000 dead, not including the number of massacred prisoners of war. Mr. Clark does not name the "high-minded patriotic citizens" who made the mistakes that have forced us to remobilize for war, to reinstitute conscription, to raise a budget of about $100,000,000,000, to increase taxes, to restore controls over our food.

Mr. Clark avoids altogether the question of moral responsibility. We are asked to assume that there were no motives for errors, that they were not made in ignorance, or to pursue some ideological stubbornness or because of treacherous associations.

A boy hopped up with marijuana who kills another boy goes to jail for as long as 20 years perhaps, but a statesman who sends 20,000 American boys to death because a foreign policy "had not worked out" only made a mistake and apparently should get a congressional medal for his pains!

Mr. Delbert Clark further says:

"Paul Draper, the dancer, a while back brought suit in Connecticut against a woman who publicly called him a Communist. I don't know Draper nor do I know whether he is or is not a Communist. But I do know that a large and extremely noisome newspaper chain whipped up a violent campaign of synthetic fury against him before the case was heard in court, and frightened a broadcasting company into reprimanding the conductor of a program who had invited Draper to appear.

"This is the very nearly perfect illustration of the new and terrifying notion that a citizen is no longer innocent until proved guilty, a logical corollary of the doctrines of guilt by association. Thus a popular New York newspaper was able to say in all apparent seriousness that Alger Hiss 'had ample opportunity to prove himself innocent.'"

The facts are: Igor Cassini, Westbrook Pegler, Fulton Lewis, Jr., and I undertook to raise a defense fund for Mrs. McCullough, who lacked the means to defend herself and her home, which was attached under an obsolete law. Although Paul Draper did not win his case and eventually dropped the suit, the cost to Mrs. McCullough could have been ruinous and was surely embarrassing.

Was it right for Alger Hiss to raise such a fund for his defense but wrong for us to raise one for Mrs. McCullough? Does Mr. Delbert Clark really believe that Alger Hiss in hearings before a congressional committee, appearances before a grand jury and two trials in open court did not have "ample apportunity to prove himself innocent"? Does this educational director of the "New York Times" still believe that Alger Hiss is innocent? Does he believe that the trial courts and the Appellate courts up to the Supreme Court of the United States were all wrong in the matter of Alger Hiss?

In this same speech, this learned individual says, apparently referring to Whittaker Chambers, that he is a "confessed traitor squatting snugly behind the statute of limitations." This is a lie. In 1939, when the statute of limitations did not apply, Whittaker Chambers, in the presence of a witness, Isaac Don Levine, told the entire story of his own treachery and that of Alger Hiss to A. A. Berle, Jr., then assistant secretary of state, with the object of bringing it to the attention of the President.

That Body of Yours

By James W. Barton, M.D.

GLUTAMIC ACID

During the past five years I have reported the help received by "backward" children from the use of glutamic acid by four different groups of investigators. While not completely successful in all cases in bringing intelligence up to normal, most of the children were improved in their daily health and other habits.

In April of this year we recorded the work of Drs. F. T. Zimmerman and B. B. Burgemeister in the New York State Medical Journal, who, during one year raised the intelligence quotient of 34 per cent of 35 "borderline" cases up to normal level. Other cases were so improved that they became useful members of the school. They did odd jobs, took better care of themselves and were more obedient. However, from a high source, the University of California, Drs. Harold G. Loeb and Read D. Tuddenham, The Permanent Foundation, report their experience in 33 feebleminded cases without epilepsy or other defect of brain or nerves. The 33 cases were divided into two groups matched as to intelligence quotient, sex, age and type of feeblemindedness. They were mostly teenagers. One group received 24 Gm. glutamic acid by mouth daily, for 17 weeks. The other group (the controls) received a placeby (same size and shape tablet containing sugar plus but no glutamic acid). Throughout the investigation, both the experimental and control cases were patients in the same institution under the same rules and regulations and receiving the same care and diet.

Both groups were given the same intelligence tests — Stanford-Binet, Cornell-Coxe Performance Ability Scale and other tests.

These research workers state that as far as their tests were concerned, there was no significant difference between the experimentals and the controls and conclude that a beneficial effect of glutamic acid in the treatment of feebleminded-ness was not shown.

Why did glutamic acid help those other four groups and not the group at the University of California?

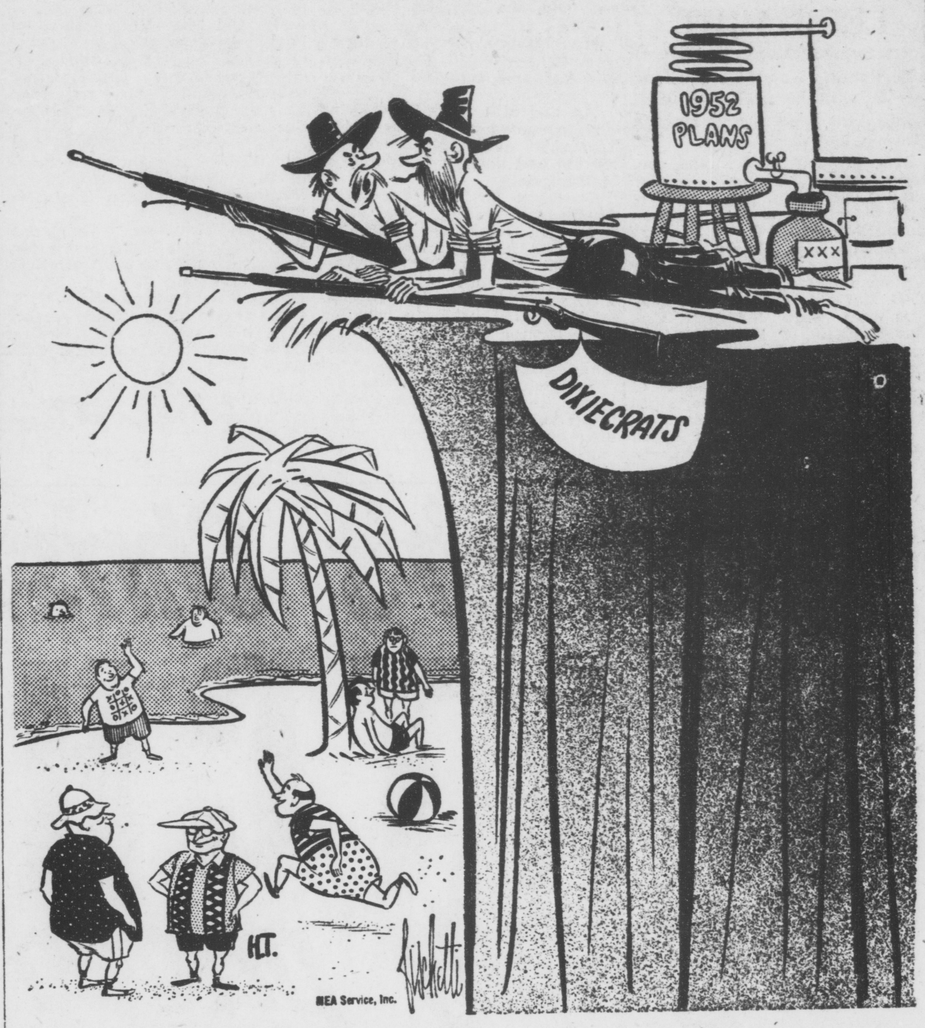

One reason may be that the group under Drs. Zimmerman and Burgemeister were borderline (nearly normal in intelligence), whereas the group under Drs. Loeb and Tuddenham were feebleminded patients in an institution. In some children of nearly normal intelligence, borderline cases, glutamic acid gave the needed mental lift in one-third of cases in which it was used.

"Ah Tell Yuh---They're Revenooers"

The Washington Merry-Go-Round

By DREW PEARSON

Washington—Exuberant George Bender, the Ohio congressman, popped the question to General Eisenhower during a two and one-half hour relaxed chat with the general in Paris.

Bender, a rootin'-totin' Taft supporter, looked Ike in the eye and said with a grin: "General, is you or ain't you, and how?"

General Eisenhower's eyes twinkled but he made no direct reply. Instead he emphasized to Bender and three other visiting congressmen the great importance of his job in Europe. It was vital to the safety of mankind to rearm Europe, the general said, no matter what individual sacrifices were involved.

Young Dick Bolling, the clean-cut Kansas City Democrat, suggested in half-humorous vein: "General, if you do run for president, I am sure you will be much happier on the Democratic ticket."

Eisenhower did not answer that one either, but Rep. Leon Gavin, Pennsylvania Republican, did, and in no uncertain terms.

"The Republican party is the only party of free enterprise," he said loudly and firmly. "The Democrats are all socialists and you would not get along with them."

At another point in the conversation, Congressman Bender asked Ike: "What about that Arthur Krock story in the New York Times saying you and President Truman talked politics?"

This was the only time during the visit that the general appeared upset or irritated. "There was not a word of truth to the story," he said indignantly and with great firmness. He added that he could not understand why a reputable newsman would fall for "such a phony."

Note—Flying to Key West the other day, President Truman sat down in the compartment of the presidential plane where his staff was working and point by point went over his luncheon conversation with General Eisenhower. He repeated that at no time had they discussed politics.

Two Presidents

Here is the inside story as to why President Truman coldly brushed aside French President Auriol's proposal for a new Big Four meeting.

Mr. Truman flatly turned down Auriol's idea after receiving an urgent cable from Secretary of State Acheson in Paris, stating that President Auriol had made the Big Four proposal without the approval of French Foreign Minister Schuman or of the French cabinet.

Furthermore, President Auriol, according to Acheson's cable, had tersely refused to eliminate the Big Four meeting idea from his speech even though U. S. Ambassador Jessup pleaded with him that the Russians would interpret it as a sign of weakness. Acheson therefore advised the President to rebuff the entire proposal, which was done.

Defective Tank Turrets

Last month the army refused to accept a single medium (M-47) tank from its own Detroit arsenal.

The arsenal produced more than a hundred of the new tanks but the army was so strict with its own arsenal that not a single one passed inspection. In each case the army complained that the turrets on the tanks failed to meet specifications. Requirements for the tank demand that the tank cannon be able to swing onto a target within six seconds—and remain on the target automatically while the tank continues to move in any direction.

While the rejected tanks could do this complex mechanical job, it took most of them nine or ten seconds instead of the required six.

Specialists from all over the country are now being called in to try to perfect the tank's traversing gear to meet army demands. Meanwhile, the Detroit arsenal will continue to turn out the faulty tanks on the practical theory that modifications can be made later when the vital three-second problem is licked.

Meanwhile, the dispute over the three seconds will probably be settled by a mock tank battle at Fort Knox.

Note—Our new light tank, the M-41, is having the same trouble with its turret mechanism.

Washington Pipeline

Price Boss Mike DiSalle will soon announce higher ceiling prices for practically all clothing. The new prices, however, won't mean a further squeeze on family budgets since most clothing is already selling below present ceiling prices. Manufacturers are more interested in a "floor" under prices than a ceiling on top of prices....

Newsmen have nicknamed Arval Erikson, head of OPS meat pricing section, "Meat Head."....During the recent cold wave price enforcement boss Ed Morgan bought a thermometer. He found that the temperature in his private office was down to 39 degrees. Remarked a friend: "That's how some senators feel about price controls."....Latest A-bomb explosions near Las Vegas will not cost the government so much money in broken windows. Last January the government paid $17,000 for new plaster and broken glass. Now the damage will be less than $10,000.

Worse Than Berlin

American pilots have been running into worse flak over the tiny Korean village of Sananju than they encountered over Berlin during World War II.

Reason for the intense antiaircraft fire is that the Communists are trying to build three air strips near Sananju. If these are completed, the Communists will move their MIG-15 fighters across the Yalu river for the first time in the entire Korean war and thus be closer to the front. In fact this will put them in a position to hammer our front lines, whereas hitherto they have only fought defensively.

Or, in case of a truce and a freeze on arms going into Korea, the Communists would have their air force already inside Korea. Our planes are paying a terrific cost to keep these fields knocked out, but so far the MIGs still have to stay on the other side of the Yalu.

No Bargaining

Jovial, tough-skinned Mike Di Salle, the government's price warden, has learned that you can't satisfy all manufacturers even part of the time.

Di Salle's aides were discussing price controls on stoves and ranges at a meeting with industry spokesmen who kept demanding that prices be fixed by the "historic markup" formula. In other words, they wanted the traditional profit allowance above present production costs, while OPS chiefs argued for pre-Korean price levels.

However, one stove manufacturer was in no mood for bargaining.

"Pre-Korean!" he exploded. "I'm tired of all this gobbledegook. What you government guys want is an antediluvian price level."

Somebody on Truman Staff Has Discovered, and is Fond of, a Word

By DAVID LAWRENCE

Washington, Nov. 22—Somebody on the "ghost writing" staff of President Truman has gotten very fond of the word "slick." It first appeared when the President became irritated over published criticism and took occasion to denounce some of the things being said about his administration in what he called "slick magazines."

Just the other day, Mr. Truman, in a speech before the Women's National Democratic Club, again used the word when he referred to the "slick public relations counsellors" which he expected the Republicans to be enlisting in the next presidential campaign.

The dictionary defines "slick" as having several meanings. While American slang uses the word "slick" as referring to magazines "printed on heavy, glossy paper," the dictionary also defines the word as meaning "sly, tricky, etc."

Maybe this will give the Republicans an idea, because they could readily adopt the slogan: "It's slick to be sick." That's a bit hard to say, but not very difficult to get across when one begins to examine the long list of persons who have been under fire in the administration and have suddenly resigned for reasons of ill health. Some persons who have been under charges have remained on the payroll just long enough to qualify for certain retirement benefits. It is said that sometimes, when retiring for ill health, there is also a bonus paid.

Not all the prominent persons who have been in the headlines recently and who have been giving up their positions for reasons of ill health are, of course, guilty of any wrongdoing. One official is reported to have said, however, that he really was being advised by his physician to resign from the government but that he didn't like to do it now because of the innuendo the action might convey.

Is it "slick" for the adminstration to let anyone resign for reasons of health when actually there has been wrongdoing which should be exposed to the fullest degree?

When charges were first made in the press against Chairman Boyle of the Democratic National Committee, Mr. Truman took it upon himself to give Mr. Boyle, metaphorically speaking, a clean bill of health. There was no suggestion at that time that Mr. Boyle was actually unable to perform the duties of the Democratic national chairman, and the defense by the White House against the charges made in connection with the American Lithofold case and loans at the RFC continued to occupy the headlines for quite a while. Then suddenly it was decided to make a change in the chairmanship of the Democratic National Committee.

An examination of the letter by the President at that time indicates that he believes the charges which were made against Mr. Boyle were not justified. There was no wrongdoing involved so far as violation of any law was concerned, but whether the Democratic national chairman was entirely ethical in his post because of relationships with corporations that sought favors from the government was debated in Congress, and it certainly does look a bit "slick" to use the reason of "ill health" when, as a matter of fact, the resignation of the Democratic national chairman was being demanded by Democrats in Congress, largely because they thought he had outlived his usefulness as the chairman of the Democratic National Committee.

It seems certain that when Congress reconvenes there will be an investigation of all the cases where "ill health" has been given as the reason for resignation or retirement from the government in connection with published charges of irregularities or wrongdoing. It will become necessary to separate the sheep from the goats—to really give a clean bill of health to those who have done nothing wrong and are really ill but who are going to suffer from the innuendoes.

There is no doubt that some of the controversies that have arisen out of the exposures in congressional committees have produced a good deal of sickness here and there in the administration and that certain officials have not been able to perform their duties because of the weight of the criticism leveled against them. It is most unfortunate when innocent persons worry themselves to the point that they must leave the government service on account of ill health. But it is not in the public interest to let anybody resign, retire, or sever his connections with the government on the ground of ill health where there has been guilt and where the public is entitled to all the facts. To do this is to engage in what might popularly be called a "slick" practice.

AS PEGLER SEES IT

By WESTBROOK PEGLER

London—During 1947, the first year of its existence, the socialist force masquerading as Americans for Democratic Action imported to the United States a woman unknown to the American public by name Miss Jennie Lee, a member of the British Parliament. Miss Lee is a left-wing socialist and is the wife of Aneurin Bevan, the Welsh hell-raiser who is only a hair's breadth to the right of Josef Stalin. There are no British politicians to the left of the Bevans except the Communists.

Why did Americans for Democratic Action bring Miss Lee to our country? They say they are not a political party. Yet they have established a covert agency in London, not registered in the phone book, but obviously an embassy, as it were, or an underground cell, to cooperate with the Socialist force which in the few years since the second World War has polished off the capitalist economy and abrogated the personal freedom of the British people.

Miss Lee's husband has been compared with Hitler and Goebbels. He also resembles the late Huey Long, for he is clever in repartee, too sharp to be taken lightly even by Winston Churchill, and, like Huey in the historic battle of the gents' room at Sands Point, L. I., Bevan was roughed around at White's Club, an exclusive private resort in the west end of London. John Fox-Stangways, a crippled, retired guards officer who was wounded and captured by the Germans in the rout of 1940, administered this coup, a kick in the pants, but messed it up slightly because his game leg wasn't equal to the chance. Bevan had said in a speech that all Conservatives or "tories" were "lower than vermin" and he seemed to think that the try for goal which sped him down the front stoop was fair wear and tear, for he made no protest. White's is a holy of holies of the tories. The man who poked Huey Long in the eye was not identified, but Major Al Williams, the noted speed flier, a magnificent athlete who had pitched for the New York Giants, pointedly refused to disown the honor. Therefore, he was elected by default.

My purpose in some of these discussions from London is not so much to inform Americans on facts and personalities concerned in the doom of our mother country under socialism as to drag out into view the American conspirators who have been doing political business with them both at home and abroad. This has been clandestine business, unknown to the people of the United States. The British Trades Union Congress, with the sanction of the Socialist government and with the full knowledge of the British people who were too listless to protest, has gone into politics with irresponsible and unofficial union groups on the continent. The ostensible purpose is to fight off the Muscovite Communists. Several of our own unions had gone into the same mischief unknown to our people but with the quiet approval of the State Department, the Truman administration and the active connivance of Paul Hoffman's Economic Cooperation Administration. I do not know what progress they have made beyond chucking their weight about Europe largely at the taxpayers' expense. They latched onto the military and civil administrators, knocked off great quantities of commissary food, cigarettes and booze at prices far below the American retail market and in general have lived the more abundant life of the parasitic bureaucrat ever since the armies pulled out leaving the field to them. There have been queer goings-on over here.

Jennie Lee is not exactly mute

EUROPE'S ECONOMIC ILLS

The unhealthy state of the British and French economies ranks with the gloomiest news the free world can report these days. It poses a tremendous dilemma both for them and the United States.

Since Winston Churchill returned to power, Britain has announced a cut of almost $1 billion annually in imports. Recently France declared it would slash imports by 40 per cent.

These moves, plus the shaky condition of the British pound and the French franc, are dramatic signs of the malady currently afflicting America's two staunchest friends in Europe.

It goes without saying that both nations soon will have to appeal to the U. S. for greater economic aid than Congress contemplated they should have. Otherwise they shall have to undertake even more drastic measures that could possibly threaten the whole European economic structure and with it the common western defense.

The 1951 Congress cut a bit more than $1 billion from this year's foreign aid appropriation — most of the reduction being in economic rather than military funds. No responsible observer on either side of the ocean doubts that the lawmakers would be powerfully resistant to new and larger assistance appeals.

But in the end, those appeals probably will be successful. For it will become apparent to the men on Capitol Hill that the alternative is too grim a prospect for the U. S. to risk: the collapse of the British and French economies and the effective cancellation of their vital rearmament efforts.

Yet from this present predicament an entirely new attitude and determination ought to emerge. Since the close of World War II, we have been dealing with one European economic crisis after another. We have had no choice but to help — in sheerest self-interest.

But it is fair to ask whether these recurring problems will ever end. That they can develop time after time suggests strongly that we are not devising really basic remedial measures. A deeper, more fundamental approach is called for. Else this pattern will obviously go on repeating itself.

Britain and France blame inflation and the rearmament program for the newest of their economic ills. There seems little reason to doubt this judgment. But an economy which is unable to bear the burdens of relatively limited peacetime rearmament hardly appears strong enough to endure in a world containing Soviet Russia.

Let's face it. Hitler and World War II did catastrophic damage to the European economies. No timid measures of repair will suffice. If American and Western European leaders are not prepared to fashion more sweeping remedies, then they are not equal to the needs of the time.

The economic and political union of Europe may be the West's only salvation. Certain it is that the existing antiquated economic set-up cannot cope with the tasks placed upon it by the necessities of defense. If union is not the answer, some other equally drastic solution is called for. The time for half-hearted effort has passed.

Communists claim many things but not the blush, although it is their favorite color. One requirement of a Communist is the ability to say the most absurd things without a hint of a blush.

LIVING ON LESS FOOD

The Nutrition Foundation says that easy living is causing people who live in modern civilizations to starve their bodies of certain needed vitamins, minerals and proteins. People don't work as vigorously, and therefore are not as hungry and do not eat as much as they used to. They get enough to satisfy hunger but not enough to meet the chemical needs of their bodies.

Our remedy might be to concentrate the needed elements and inject them into such foods as we eat. There ought also to be some simple way in which a person could discover whether he needs them. If we are starving ourselves we have a right to know it; some people might prefer to take steps of their own to mend the deficiency.

'These Days'

WHAT THE FIGHT IS ABOUT

I was looking at a mountainous pile of things to read when I came across an address by Delbert Clark, who is classified as director of educational activities, New York Times.

Mr. Clark says in this speech:

"At one time in our national history such people would have been called Liberals, at another time Progressives; what they stood for might have been opposed by some, but few would have dared condemn them as bad citizens. Yet in the past few years they have found it more and more economically and socially unsafe to continue as in the past. They find themselves criticized as Communists or fellow-travellers for supporting equality of opportunity for all; for believing what the Constitution says about civil rights; for publicly preferring peace to war; for espousing federal aid for low-income housing; for believing in government-sponsored health insurance; for supporting the idea of world government. And within the past month we have even been subjected to the spectacle of high-minded, patriotic citizens being denounced as traitors because the foreign policy they advocated in a specific instance had not worked out."

The paragraph accumulated interest in the year after it was spoken, particularly as we now have to report more than 100,000 casualties in Korea, with nearly 20,000 dead, not including the number of massacred prisoners of war. Mr. Clark does not name the "high-minded patriotic citizens" who made the mistakes that have forced us to remobilize for war, to reinstitute conscription, to raise a budget of about $100,000,000,000, to increase taxes, to restore controls over our food.

Mr. Clark avoids altogether the question of moral responsibility. We are asked to assume that there were no motives for errors, that they were not made in ignorance, or to pursue some ideological stubbornness or because of treacherous associations.

A boy hopped up with marijuana who kills another boy goes to jail for as long as 20 years perhaps, but a statesman who sends 20,000 American boys to death because a foreign policy "had not worked out" only made a mistake and apparently should get a congressional medal for his pains!

Mr. Delbert Clark further says:

"Paul Draper, the dancer, a while back brought suit in Connecticut against a woman who publicly called him a Communist. I don't know Draper nor do I know whether he is or is not a Communist. But I do know that a large and extremely noisome newspaper chain whipped up a violent campaign of synthetic fury against him before the case was heard in court, and frightened a broadcasting company into reprimanding the conductor of a program who had invited Draper to appear.

"This is the very nearly perfect illustration of the new and terrifying notion that a citizen is no longer innocent until proved guilty, a logical corollary of the doctrines of guilt by association. Thus a popular New York newspaper was able to say in all apparent seriousness that Alger Hiss 'had ample opportunity to prove himself innocent.'"

The facts are: Igor Cassini, Westbrook Pegler, Fulton Lewis, Jr., and I undertook to raise a defense fund for Mrs. McCullough, who lacked the means to defend herself and her home, which was attached under an obsolete law. Although Paul Draper did not win his case and eventually dropped the suit, the cost to Mrs. McCullough could have been ruinous and was surely embarrassing.

Was it right for Alger Hiss to raise such a fund for his defense but wrong for us to raise one for Mrs. McCullough? Does Mr. Delbert Clark really believe that Alger Hiss in hearings before a congressional committee, appearances before a grand jury and two trials in open court did not have "ample opportunity to prove himself innocent"? Does this educational director of the "New York Times" still believe that Alger Hiss is innocent? Does he believe that the trial courts and the Appellate courts up to the Supreme Court of the United States were all wrong in the matter of Alger Hiss?

In this same speech, this learned individual says, apparently referring to Whittaker Chambers, that he is a "confessed traitor squatting snugly behind the statute of limitations." This is a lie. In 1939, when the statute of limitations did not apply, Whittaker Chambers, in the presence of a witness, Isaac Don Levine, told the entire story of his own treachery and that of Alger Hiss to A. A. Berle, Jr., then assistant secretary of state, with the object of bringing it to the attention of the President.

That Body of Yours

GLUTAMIC ACID

During the past five years I have reported the help received by "backward" children from the use of glutamic acid by four different groups of investigators. While not completely successful in all cases in bringing intelligence up to normal, most of the children were improved in their daily health and other habits.

In April of this year we recorded the work of Drs. F. T. Zimmerman and B. B. Burgemeister in the New York State Medical Journal, who, during one year raised the intelligence quotient of 34 per cent of 35 "borderline" cases up to normal level. Other cases were so improved that they became useful members of the school. They did odd jobs, took better care of themselves and were more obedient. However, from a high source, the University of California, Drs. Harold G. Loeb and Read D. Tuddenham, The Permanent Foundation, report their experience in 33 feebleminded cases without epilepsy or other defect of brain or nerves. The 33 cases were divided into two groups matched as to intelligence quotient, sex, age and type of feeblemindedness. They were mostly teenagers. One group received 24 Gm. glutamic acid by mouth daily, for 17 weeks. The other group (the controls) received a placeby (same size and shape tablet containing sugar plus but no glutamic acid). Throughout the investigation, both the experimental and control cases were patients in the same institution under the same rules and regulations and receiving the same care and diet.

Both groups were given the same intelligence tests — Stanford-Binet, Cornell-Coxe Performance Ability Scale and other tests.

These research workers state that as far as their tests were concerned, there was no significant difference between the experimentals and the controls and conclude that a beneficial effect of glutamic acid in the treatment of feeblemindedness was not shown.

Why did glutamic acid help those other four groups and not the group at the University of California?

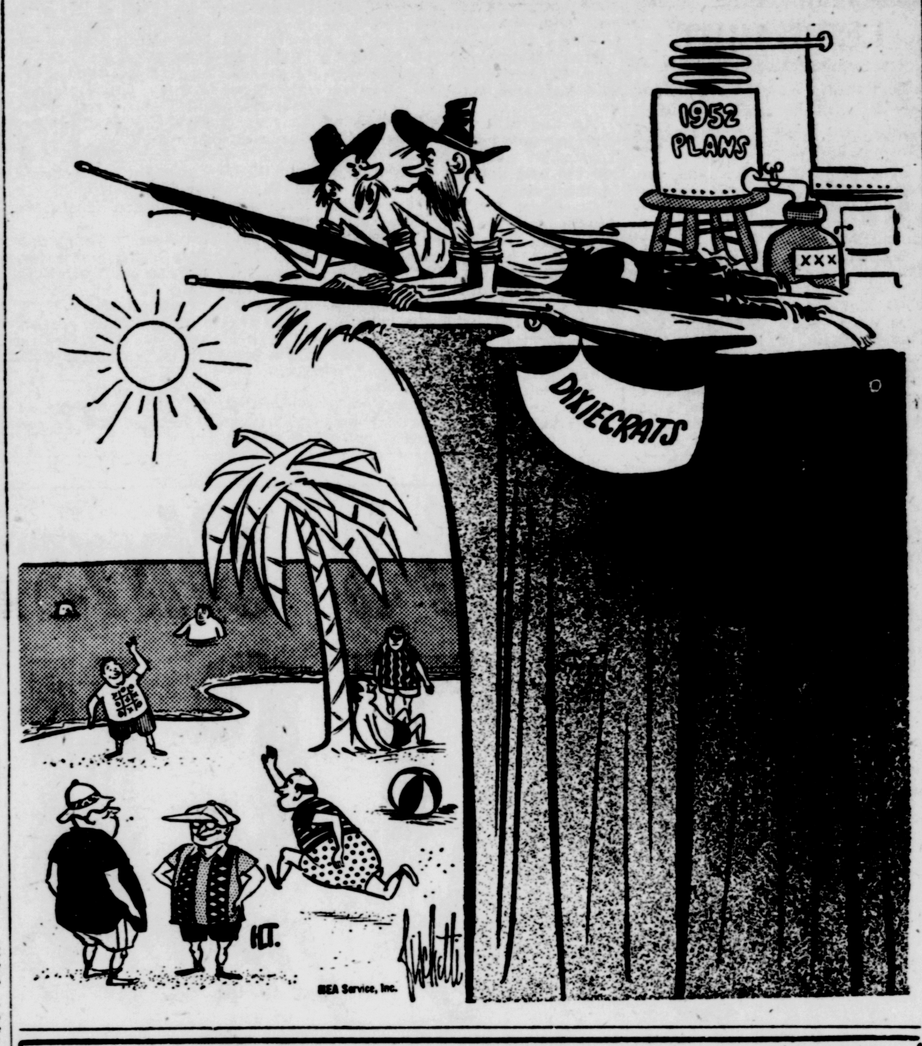

One reason may be that the group under Drs. Zimmerman and Burgemeister were borderline (nearly normal in intelligence), whereas the group under Drs. Loeb and Tuddenham were feebleminded patients in an institution. In some children of nearly normal intelligence, borderline cases, glutamic acid gave the needed mental lift in one-third of cases in which it was used.

"Ah Tell Yuh---They're Revenooers"

The Washington Merry-Go-Round

By DREW PEARSON

Washington—Exuberant George Bender, the Ohio congressman, popped the question to General Eisenhower during a two and one-half hour relaxed chat with the general in Paris.

Bender, a rootin'-totin' Taft supporter, looked Ike in the eye and said with a grin: "General, is you or ain't you, and how?"

General Eisenhower's eyes twinkled but he made no direct reply. Instead he emphasized to Bender and three other visiting congressmen the great importance of his job in Europe. It was vital to the safety of mankind to rearm Europe, the general said, no matter what individual sacrifices were involved.

Young Dick Bolling, the cleancut Kansas City Democrat, suggested in half-humorous vein: "General, if you do run for president, I am sure you will be much happier on the Democratic ticket."

Eisenhower did not answer that one either, but Rep. Leon Gavin, Pennsylvania Republican, did, and in no uncertain terms.

"The Republican party is the only party of free enterprise," he said loudly and firmly. "The Democrats are all socialists and you would not get along with them."

At another point in the conversation, Congressman Bender asked Ike: "What about that Arthur Krock story in the New York Times saying you and President Truman talked politics?"

This was the only time during the visit that the general appeared upset or irritated. "There was not a word of truth to the story," he said indignantly and with great firmness. He added that he could not understand why a reputable newsman would fall for "such a phony."

Note—Flying to Key West the other day, President Truman sat down in the compartment of the presidential plane where his staff was working and point by point went over his luncheon conversation with General Eisenhower. He repeated that at no time had they discussed politics.

Two Presidents

Here is the inside story as to why President Truman coldly brushed aside French President Auriol's proposal for a new Big Four meeting.

Mr. Truman flatly turned down Auriol's idea after receiving an urgent cable from Secretary of State Acheson in Paris, stating that President Auriol had made the Big Four proposal without the approval of French Foreign Minister Schuman or of the French cabinet.

Furthermore, President Auriol, according to Acheson's cable, had tersely refused to eliminate the Big Four meeting idea from his speech even though U. S. Ambassador Jessup pleaded with him that the Russians would interpret it as a sign of weakness. Acheson therefore advised the President to rebuff the entire proposal, which was done.

Defective Tank Turrets

Last month the army refused to accept a single medium (M-47) tank from its own Detroit arsenal.

The arsenal produced more than a hundred of the new tanks but the army was so strict with its own arsenal that not a single one passed inspection. In each case the army complained that the turrets on the tanks failed to meet specifications. Requirements for the tank demand that the tank cannon be able to swing onto a target within six seconds—and remain on the target automatically while the tank continues to move in any direction.

While the rejected tanks could do this complex mechanical job, it took most of them nine or ten seconds instead of the required six.

Specialists from all over the country are now being called in to try to perfect the tank's traversing gear to meet army demands. Meanwhile, the Detroit arsenal will continue to turn out the faulty tanks on the practical theory that modifications can be made later when the vital three-second problem is licked.

Meanwhile, the dispute over the three seconds will probably be settled by a mock tank battle at Fort Knox.

Note—Our new light tank, the M-41, is having the same trouble with its turret mechanism.

Price Boss Mike DiSalle will soon announce higher ceiling prices for practically all clothing. The new prices, however, won't mean a further squeeze on family budgets since most clothing is already selling below present ceiling prices. Manufacturers are more interested in a "floor" under prices than a ceiling on top of prices....

Newsmen have nicknamed Arval Erikson, head of OPS meat pricing section, "Meat Head."....During the recent cold wave price enforcement boss Ed Morgan bought a thermometer. He found that the temperature in his private office was down to 39 degrees. Remarked a friend: "That's how some senators feel about price controls."....Latest A-bomb explosions near Las Vegas will not cost the government so much money in broken windows. Last January the government paid $17,000 for new plaster and broken glass. Now the damage will be less than $10,000.

Worse Than Berlin

American pilots have been running into worse flak over the tiny Korean village of Sananju than they encountered over Berlin during World War II.

Reason for the intense antiaircraft fire is that the Communists are trying to build three air strips near Sananju. If these are completed, the Communists will move their MIG-15 fighters across the Yalu river for the first time in the entire Korean war and thus be closer to the front. In fact this will put them in a position to hammer our front lines, whereas hitherto they have only fought defensively.

Or, in case of a truce and a freeze on arms going into Korea, the Communists would have their air force already inside Korea. Our planes are paying a terrific cost to keep these fields knocked out, but so far the MIGs still have to stay on the other side of the Yalu.

No Bargaining

Jovial, tough-skinned Mike Di Salle, the government's price warden, has learned that you can't satisfy all manufacturers even part of the time.

Di Salle's aides were discussing price controls on stoves and ranges at a meeting with industry spokesmen who kept demanding that prices be fixed by the "historic markup" formula. In other words, they wanted the traditional profit allowance above present production costs, while OPS chiefs argued for pre-Korean price levels.

However, one stove manufacturer was in no mood for bargaining.

"Pre-Korean!" he exploded. "I'm tired of all this gobbledegook. What you government guys want is an antediluvian price level."

Somebody on Truman Staff Has Discovered, and is Fond of, a Word

By DAVID LAWRENCE

Washington, Nov. 22—Somebody on the "ghost writing" staff of President Truman has gotten very fond of the word "slick." It first appeared when the President became irritated over published criticism and took occasion to denounce some of the things being said about his administration in what he called "slick magazines."

Just the other day, Mr. Truman, in a speech before the Women's National Democratic Club, again used the word when he referred to the "slick public relations counsellors" which he expected the Republicans to be enlisting in the next presidential campaign.

The dictionary defines "slick" as having several meanings. While American slang uses the word "slick" as referring to magazines "printed on heavy, glossy paper," the dictionary also defines the word as meaning "sly, tricky, etc."

Maybe this will give the Republicans an idea, because they could readily adopt the slogan: "It's slick to be sick." That's a bit hard to say, but not very difficult to get across when one begins to examine the long list of persons who have been under fire in the administration and have suddenly resigned for reasons of ill health. Some persons who have been under charges have remained on the payroll just long enough to qualify for certain retirement benefits. It is said that sometimes, when retiring for ill health, there is also a bonus paid.

Not all the prominent persons who have been in the headlines recently and who have been giving up their positions for reasons of ill health are, of course, guilty of any wrongdoing. One official is reported to have said, however, that he really was being advised by his physician to resign from the government but that he didn't like to do it now because of the innuendo the action might convey.

Is it "slick" for the adminstration to let anyone resign for reasons of health when actually there has been wrongdoing which should be exposed to the fullest degree?

When charges were first made in the press against Chairman Boyle of the Democratic National Committee, Mr. Truman took it upon himself to give Mr. Boyle, metaphorically speaking, a clean bill of health. There was no suggestion at that time that Mr. Boyle was actually unable to perform the duties of the Democratic national chairman, and the defense by the White House against the charges made in connection with the American Lithofold case and loans at the RFC continued to occupy the headlines for quite a while. Then suddenly it was decided to make a change in the chairmanship of the Democratic National Committee.

An examination of the letter by the President at that time indicates that he believes the charges which were made against Mr. Boyle were not justified. There was no wrongdoing involved so far as violation of any law was concerned, but whether the Democratic national chairman was entirely ethical in his post because of relationships with corporations that sought favors from the government was debated in Congress, and it certainly does look a bit "slick" to use the reason of "ill health" when, as a matter of fact, the resignation of the Democratic national chairman was being demanded by Democrats in Congress, largely because they thought he had outlived his usefulness as the chairman of the Democratic National Committee.

It seems certain that when Congress reconvenes there will be an investigation of all the cases where "ill health" has been given as the reason for resignation or retirement from the government in connection with published charges of irregularities or wrongdoing. It will become necessary to separate the sheep from the goats—to really give a clean bill of health to those who have done nothing wrong and are really ill but who are going to suffer from the innuendoes.

There is no doubt that some of the controversies that have arisen out of the exposures in congressional committees have produced a good deal of sickness here and there in the administration and that certain officials have not been able to perform their duties because of the weight of the criticism leveled against them. It is most unfortunate when innocent persons worry themselves to the point that they must leave the government service on account of ill health. But it is not in the public interest to let anybody resign, retire, or sever his connections with the government on the ground of ill health where there has been guilt and where the public is entitled to all the facts. To do this is to engage in what might popularly be called a "slick" practice.

AS PEGLER SEES IT

By WESTBROOK PEGLER

London—During 1947, the first year of its existence, the socialist force masquerading as Americans for Democratic Action imported to the United States a woman unknown to the American public by name Miss Jennie Lee, a member of the British Parliament. Miss Lee is a left-wing socialist and is the wife of Aneurin Bevan, the Welsh hell-raiser who is only a hair's breadth to the right of Josef Stalin. There are no British politicians to the left of the Bevans except the Communists.

Why did Americans for Democratic Action bring Miss Lee to our country? They say they are not a political party. Yet they have established a covert agency in London, not registered in the phone book, but obviously an embassy, as it were, or an underground cell, to cooperate with the Socialist force which in the few years since the second World War has polished off the capitalist economy and abrogated the personal freedom of the British people.

Miss Lee's husband has been compared with Hitler and Goebbels. He also resembles the late Huey Long, for he is clever in repartee, too sharp to be taken lightly even by Winston Churchill, and, like Huey in the historic battle of the gents' room at Sands Point, L. I., Bevan was roughed around at White's Club, an exclusive private resort in the west end of London. John Fox-Stangways, a crippled, retired guards officer who was wounded and captured by the Germans in the rout of 1940, administered this coup, a kick in the pants, but messed it up slightly because his game leg wasn't equal to the chance. Bevan had said in a speech that all Conservatives or "tories" were "lower than vermin" and he seemed to think that the try for goal which sped him down the front stoop was fair wear and tear, for he made no protest. White's is a holy of holies of the tories. The man who poked Huey Long in the eye was not identified, but Major Al Williams, the noted speed flier, a magnificent athlete who had pitched for the New York Giants, pointedly refused to disown the honor. Therefore, he was elected by default.

My purpose in some of these discussions from London is not so much to inform Americans on facts and personalities concerned in the doom of our mother country under socialism as to drag out into view the American conspirators who have been doing political business with them both at home and abroad. This has been clandestine business, unknown to the people of the United States. The British Trades Union Congress, with the sanction of the Socialist government and with the full knowledge of the British people who were too listless to protest, has gone into politics with irresponsible and unofficial union groups on the continent. The ostensible purpose is to fight off the Muscovite Communists. Several of our own unions had gone into the same mischief unknown to our people but with the quiet approval of the State Department, the Truman administration and the active connivance of Paul Hoffman's Economic Cooperation Administration. I do not know what progress they have made beyond chucking their weight about Europe largely at the taxpayers' expense. They latched onto the military and civil administrators, knocked off great quantities of commissary food, cigarettes and booze at prices far below the American retail market and in general have lived the more abundant life of the parasitic bureaucrat ever since the armies pulled out leaving the field to them. There have been queer goings-on over here.

Editor, The Freeman:

Several of your readers have from time to time written complaints about the way the animals in the so-called zoo in Forsyth Park are being handled.

At a recent meeting of the Board of Directors of the Ulster County Society for the Prevention of Cruelty to Animals, the matter was again brought to our attention, whereupon the directors suggested that we take the matter up with the Board of Public Works, which was promptly done.

I am glad to report that a letter from Mr. Ernest Steuding, Supt. states in part that . . . "I will be happy to meet with yourself and your directors any time you find it convenient. . . . Your interest in offering your assistance to improve the welfare of the animals is appreciated, and we stand ready to give our cooperation."

We plan to meet with them some day next week and will then render a prompt report to your readers, many of them, we know, to be ardent animal lovers.

Also, we would like to let your readers know that we of the Ulster County SPCA are anxious to learn of any instances of cruelty or inhumane treatment because after all, unless we know of these things, we can not rectify them.

Thank you too, for the cooperation we have received from your editors, who have been most kind in helping us publicize this great work which we are endeavoring to do.

Spire Is Removed At St. Mary's

One of the real landmarks of the downtown section of Kingston will soon be only a memory with the removal of the century-old spire underway on St. Mary's Church, lower Broadway.

Inspectors from the archdiocesan office in New York recently made a survey of the steeple and found that while there was no immediate danger it was deemed best to remove the spire. Time and elements had weakened the structure, the inspectors pointed out, and it was decided for the interests of safety to rebuild the spire.

St. Mary's Church was constructed in 1848 and 1849 and has stood on the present site as a beacon since that time. It was built under the pastorate of the Rev. Myles Maxwell, the first pastor of St. Mary's Church. He died several months after the completion of the church in 1849.

During the pastorate of the Rt. Rev. Msgr. Joseph B. Scully in 1924 the church exterior was remodeled and veneered with brick and limestone. The steeple also was strengthened and refinished.

The present pastor, the Rt. Rev. Msgr. Martin J. Drury, plans to remove the highest part of the steeple and refinish it. The familiar appearance will be retained as much as possible in the alteration work, it was reported. According to plans, it is hoped to finish the project in the near future.

TO MOSCOW? — George F. Kennan, above, State Department expert on Russia and author of the U. S. policy of "containing" communism, is President Truman's choice as next U. S. ambassador to Moscow. As Pegler Sees It

but she is less articulate or noisy than her husband. However they speak the same language to express their joint prejudices, which were well known to A.D.A. when Jennie Lee was imported to the United States to expound her views.

Assuming that Jennie Lee's views agree with those of A.D.A., the leading statements of Mr. Bevan become a worth-while subject for those who want to know what this American socialist movement is up to.

The "lower than vermin" speech shocked the British and brought from Churchill a suggestion that Bevan, as minister of health, ought to become a psychiatric patient of his own department. Churchill noted that this revolutionary Rouser, with a large following of sullen, obstructive Welsh miners, had expressed his hatred of at least half the British nation and said Bevan had been a burden on the British war effort when he might have helped.

So far, nobody has been able to handle Bevan, but his courage is unproved and subject to some doubt, as Huey Long's certainly was. Thus it may be that in the event of the "blood bath" which he predicted in one of his orations, Bevan will prove to have been purely rhetorical. He has stepped right up to the line between public order and wild insurrection several times but never over it. His course in times of war when he might have done some physical violence to the foe with full permission of the government, but at some risk, does not occasion immediate fears. However, Huey Long always went attended by a group of "thug-men," as he called his private guard, Hitler made only one revolutionary foray into danger and Mussolini was said to have marched on Rome in a drawing-room on a sleeping car. So Bevan might produce that blood bath by remote control.

The present of course is not the ripe time for the overt act if Bevan is ever to make it. His side has been repudiated temporarily. But here is a man who has repeatedly said that the results of the free election could be repudiated on the ground that the voters were poisoned by vile propaganda and couldn't vote in their own interests. The result of an election in such conditions would be immoral and therefore could be set aside by violence. Or, for another way, in another speech, any popular vote which rejected the political ambitions of Mr Bevan and Jennie Lee, whose views so strongly appealed to Americans for democratic action, would block all roads "except the road to civil war."

Rome (AP) — The Roman nobility will have to give up 85,400 acres of cultivable land as part of the Italian agrarian reform. The reform, aimed at distributing land to landless peasants, has been under way for most of the year in Southern Italy — Calabria, Apulia, and Lucania. The large estates of the Roman nobility will be cut up by from 20 to 80 per cent, according to their size. According to the new Italian law, no one is allowed more than 500 to 800 acres of land. The rest is taken over by the government, which redistributes it to the peasants. By 1955 the government expects to have redistributed 1,500,000 acres to some 100,000 peasants' families.

Ulster County, SPCA

Editor, The Freeman:

Several of your readers have from time to time written complaints about the way the animals in the so-called zoo in Forsyth Park are being handled.

At a recent meeting of the Board of Directors of the Ulster County Society for the Prevention of Cruelty to Animals, the matter was again brought to our attention, whereupon the directors suggested that we take the matter up with the Board of Public Works, which was promptly done.

I am glad to report that a letter from Mr. Ernest Steuding, Supt. states in part that . . . "I will be happy to meet with yourself and your directors any time you find it convenient. . . . Your interest in offering your assistance to improve the welfare of the animals is appreciated, and we stand ready to give our cooperation."

We plan to meet with them some day next week and will then render a prompt report to your readers, many of them, we know, to be ardent animal lovers.

Also, we would like to let your readers know that we of the Ulster County SPCA are anxious to learn of any instances of cruelty or inhumane treatment because after all, unless we know of these things, we can not rectify them.

Thank you too, for the cooperation we have received from your editors, who have been most kind in helping us publicize this great work which we are endeavoring to do.

Cordially,

Spire Is Removed At St. Mary's

One of the real landmarks of the downtown section of Kingston will soon be only a memory with the removal of the century-old spire underway on St. Mary's Church, lower Broadway.

Inspectors from the archdiocesan office in New York recently made a survey of the steeple and found that while there was no immediate danger it was deemed best to remove the spire. Time and elements had weakened the structure, the inspectors pointed out, and it was decided for the interests of safety to rebuild the spire.

St. Mary's Church was constructed in 1848 and 1849 and has stood on the present site as a beacon since that time. It was built under the pastorate of the Rev. Myles Maxwell, the first pastor of St. Mary's Church. He died several months after the completion of the church in 1849.

During the pastorate of the Rt. Rev. Msgr. Joseph B. Scully in 1924 the church exterior was remodeled and veneered with brick and limestone. The steeple also was strengthened and refinished.

The present pastor, the Rt. Rev. Msgr. Martin J. Drury, plans to remove the highest part of the steeple and refinish it. The familiar appearance will be retained as much as possible in the alteration work, it was reported. According to plans, it is hoped to finish the project in the near future.

TO MOSCOW? — George F. Kennan, above, State Department expert on Russia and author of the U. S. policy of "containing" communism, is President Truman's choice as next U. S. ambassador to Moscow. Kennan, now on academic leave at Princeton, N. J., may replace Adm. Alan G. Kirk at the Kremlin by next spring. Kirk is slated to replace John J. McCloy as U. S. high commissioner in Germany.

As Pegler Sees It

but she is less articulate or noisy than her husband. Howéver they speak the same language to express their joint prejudices, which were well known to A.D.A. when Jennie Lee was imported to the United States to expound her views.

Assuming that Jennie Lee's views agree with those of A.D.A., the leading statements of Mr. Bevan become a worth-while subject for those who want to know what this American socialist movement is up to.

The "lower than vermin" speech shocked the British and brought from Churchill a suggestion that Bevan, as minister of health, ought to become a psychiatric patient of his own department. Churchill noted that this revolutionary Rouser, with a large following of sullen, obstructive Welsh miners, had expressed his hatred of at least half the British nation and said Bevan had been a burden on the British war effort when he might have helped.

So far, nobody has been able to handle Bevan, but his courage is unproved and subject to some doubt, as Huey Long's certainly was. Thus it may be that in the event of the "blood bath" which he predicted in one of his orations, Bevan will prove to have been purely rhetorical. He has stepped right up to the line between public order and wild insurrection several times but never over it. His course in times of war when he might have done some physical violence to the foe with full permission of the government, but at some risk, does not occasion immediate fears. However, Huey Long always went attended by a group of "thug-men," as he called his private guard, Hitler made only one revolutionary foray into danger and Mussolini was said to have marched on Rome in a drawing-room on a sleeping car. So Bevan might produce that blood bath by remote control.

The present of course is not the ripe time for the overt act if Bevan is ever to make it. His side has been repudiated temporarily. But here is a man who has repeatedly said that the results of the free election could be repudiated on the ground that the voters were poisoned by vile propaganda and couldn't vote in their own interests. The result of an election in such conditions would be immoral and therefore could be set aside by violence. Or, for another way, in another speech, any popular vote which rejected the political ambitions of Mr Bevan and Jennie Lee, whose views so strongly appealed to Americans for democratic action, would block all roads "except the road to civil war."

Rome (AP) — The Roman nobility will have to give up 85,400 acres of cultivable land as part of the Italian agrarian reform. The reform, aimed at distributing land to landless peasants, has been under way for most of the year in Southern Italy — Calabria, Apulia, and Lucania. The large estates of the Roman nobility will be cut up by from 20 to 80 per cent, according to their size. According to the new Italian law, no one is allowed more than 500 to 800 acres of land. The rest is taken over by the government, which redistributes it to the peasants. By 1955 the government expects to have redistributed 1,500,000 acres to some 100,000 peasants' families.

The Mature Parent

Child of Divorce Takes Long Look at Marriage

By MURIEL LAWRENCE

She is a tall, quiet child of 14 whose parents were divorced three years ago. When a baby was recently born to her father and his new wife, she was asked to come and see her little half-sister.

"I told Daddy I didn't feel like it yet," she told me. "I love babies, but I'd feel kinder queer with one that belonged to Daddy and not to my mother, too. Is that wrong of me?"

"No," I said. "It's hard not to feel strange in strange situations."

"When I grow up and somebody wants to marry me, do you know what I'm going to tell them?" she said. "I'm going to say, 'Please let's think about this some more until we're absolutely sure we're both the persons we each want. Because I don't want ever to be divorced. I think divorce is stupid'."

I hope she keeps her word. I don't think divorce is too bright myself.

The more I see of it, the more it reminds me of that zany Wonderland Tea Party of the March Hare and the Mad Hatter who, when they spilled their milk jug, solved the problem by moving their tea plates to the next clean place at the table.

No wonder Alice, the realist, was baffled by her charming but irresponsible hosts. Although she was too mannerly to inquire, how she must have wanted to ask, "But what do you do when you have used up all the clean places at your table?"

Though it is obvious that we cannot stay married to people for whom we have lost respect, the answer really doesn't seem to be in constantly moving to a fresh deal at the matrimonial table. I wonder if the real answer may not be a more careful evaluation of the people with whom we first sit down at the table?"

SOME 19TH CENTURY INTELLIGENCE

There may be many things wrong with the 19th Century, but one thing about it was pretty intelligent. The people who lived in it made a point of checking on the social histories of prospective wives and husbands.

When fair Emmeline fell in love with Edward, they both understood that their parents would do some polite, but thorough investigation into the behavior records of their future grandchildren's mother and father.

If Emmeline was proved to be a giddy sort who had shaken her curls at too many gallants, the hazards of marriage to her were suggested to Edward. If he was discovered to have too often trifled with the truth and his tailor's bills, his disqualifications for the responsibilities of wedlock were put to Emmeline.

Neither Edward nor Emmeline considered this was unwarranted interference in the course of true love. They stayed married because they, like their parents believed that marriage should be made, not merely to accommodate the heart throbs of temporary emotion, but to establish an institution called a home.

I find it interesting that my young friend of the 20th Century, shocked, hurt and confused by her parents' divorce, should be planning to do for herself exactly what Emmeline's and Edward's parents did for them.

Perhaps she is a hopeful portent. Perhaps the children who have suffered from the poor judgment of their parents are learning the hard way that marriage is not just a personal affair, but one in which unborn people have investments.

Perhaps before they engage in the serious business of having babies, they will take better care to check on the suitability of the human material they choose to father and mother those babies.

Shokan, Nov. 21—Harry Mack, Wallkill young man who is associated with his father, Lester Mack, in the fruit farming business, was a caller here Tuesday. Harry reports that the apple crop is moving much more satisfactorily than was the case earlier in the fall.

Merritt Riseley of Woodstock is now driving William Hand's Sheffield milk distributing truck in the reservoir country.

Coralie Sickler, former Ashokan girl, was a member of the cast presenting a three-act play. Grandad Steps Out, at the Gilboa Central School recently. Coralie is a senior at GCS.

Walter Rickard of Delaware is a guest at the home of Mr. and Mrs. Martin Gulnack of Van-Steenburgh road. Rickard, carpenter by trade, spent several years in early life, residing at Mayport and other east coast towns.

Birthdays falling on Saturday, Nov. 24, include that of George Hauser, a member of the Ashokan Reservoir force for the past four years. George was born in Brooklyn and attended Bushwick High School. He was formerly employed as a gardener in the New York city department of parks. He resides with his father, John Hauser, and sister, Marie, on the Louis Thiel farm along the Onteora Trail which he bought and occupied in 1947.

Elder Arnold Bellows, West Hurley resident and pastor of the Olive and Hurley OS Baptist Church, preached last Sunday at Newark, Del., in the absence of Elder D. V. Spangler. The elder also recently assisted in conducting funeral services for Isaac L. Kipp at Neschanic, N. J. Mr. Kipp, a widely known authority on local history, had frequently attended OS Baptist meetings in Delaware and Ulster county and was especially well acquainted in the Roxbury area where Elder Bellows is a regular preacher.

White ash and hard maple which command a price of $90 and $80, respectively, per thousand feet at the sawmills, continue to be the most sought after woods farther up in the mountains. There is also a considerable flow of ash logs from the Catskills, brought down the Esopus Valley and through Olive by truck to plants in Ellenville and Kingston.

Ray Shultis who formerly drove the Pine Hill line's high school bus to Kingston now operates the Fleischmanns school bus which leaves the Big Indian post office at 7:55 a. m.

Do You Remember

BY SOPHIE MILLER

Mrs. Murlin Wolven of 31 St. James street brought me a picture from the April 3, 1945 Freeman, showing a two seater horse and buggy. Explanation under the photographs says, "A special stunt to publicize the Junior Red Cross Cavalcade at the Kingston High School Auditorium, April 6 and 7, Stanley Matthews, Jr., and Joan Bucholtz rode through the uptown section of the city Saturday afternoon. Their gay ninety costumes attracted wide attention."

Before I give back the "Promotive Survey of Kingston, N. Y." of March 1923, I want to glance through it once more. Under hospitals on Page 149 it says: City of Kingston Hospital. Former capacity, 52 beds; addition under construction, 27 beds; total 79 beds. Nurses home, two houses, accommodates 22 nurses, not at present adequate in capacity nor in space for lectures and classes. This hospital does not take contagious or chronic cases. It accepts bona fide charity patients."

The book continues: "For the past several years it has operated without a financial deficit. This unusual and very creditable fact is traceable to the devotion and management of those responsible both for the general administration and internal conduct of the hospital and is accomplished not without personal sacrifice of which recognition should be taken... The original institution and the present addition were financed by a small group of donors, without general public appeal."

For Our Lady of Victory Sanitarium of Kingston they say, former capacity, 50 beds; present addition 52 beds; net capacity completed 100 beds. Admirable nurses' home accomodating 18, with adequate lecture and class demonstration rooms, adequate for present need, although another floor will probably soon have to be added for accommodation of nurses in enlarged hospital. This hospital does not take contagious cases. It accommodates chronic cases within its capacity to care for them. It never refuses a patient because he cannot pay. Ten per cent of its cases in the year 1922 were charity cases."

The following may interest those who are working on the present Benedictine construction. "The present addition, (in 1923) comprising 52 rooms, now under construction, costing $200,000 has been financed to date without appeal to the public for financial assistance. When finished, this institution will provide X-ray and radium treatment, a full-time technician, fluoroscopic treatment; and will have two major operating rooms, emergency, obstetrical, and eye, ear, nose and throat operating rooms, a total of five. In the opinion of the superintendents of these two hospitals the additions under construction will be adequate to meet the present general hospital demands of the territory they service in Kingston and surrounding territory, with a margin for growth."

By This Faith We Live

Our Association is a fellowship of human beings for human beings. We exist for the common man, for those who work, economize, and save. We are educators in habits of saving, trustees for savings, and merchandisers of homesteads in behalf of families without homes.

Our Faith

We believe in Savings and Loan Associations as cooperative institutions for safety of savings, promotion of thrift, protection of capital, and establishment of homes.

We believe in the sanctity of the home, in the sturdy patriotism centering in a home, in the right of every family to earn and own a home, and that the supreme test of an Association is the measure of its service in teaching thrift habits and making families investors in America through investment in homes.

We believe a Savings and Loan Association is a public trust, that all in its service are trustees for others, and that consent to any lesser service than public service is a violation of our trust.

We believe that careful appraisals, sound investments, conservative dividends, ample reserves, and adaptation of policy to changing social needs are fundamental to fulfillment of our stewardship as a Savings and Loan Association.

We believe that safety of savings is the first responsibility of a Savings and Loan Association, that income and dividends are secondary, and that any disbursement of funds except for safe income or the welfare of members and the community is indefensible.

We believe the Association that serves best, and best deserves success holds honor above gain; cherishes equal ethical standards in business and personal life; accepts and meets its responsibilities to its community; respects its shareholders, its employes, and itself; guides and advises its members selflessly; protects them in the profits of thrift; guards them in ownership of their homes; is fair with borrowers, patient with delinquents, but never neglectful of duty; serves all men without bias of religion or race or politics; is not moved by ambition for influence or lust for power; is not balked by censure nor bought by praise; is an Association of humanity, of and for the people of today in the United States of today.

Our Pledge

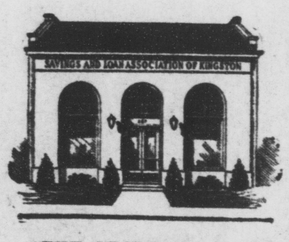

To this faith we dedicate ourselves and our Association. In this faith we serve and hope. By it we live.

SHOKAN NEWS

Shokan, Nov. 21—Harry Mack, Wallkill young man who is associated with his father, Lester Mack, in the fruit farming business, was a caller here Tuesday. Harry reports that the apple crop is moving much more satisfactorily than was the case earlier in the fall.

Merritt Riseley of Woodstock is now driving William Hand's Sheffield milk distributing truck in the reservoir country.

Coralie Sickler, former Ashokan girl, was a member of the cast presenting a three-act play, Grandad Steps Out, at the Gilboa Central School recently. Coralie is a senior at GCS.

Walter Rickard of Delaware is a guest at the home of Mr. and Mrs. Martin Gulnack of Van-Steenburgh road. Rickard, carpenter by trade, spent several years in early life, residing at Mayport and other east coast towns.

Birthdays falling on Saturday, Nov. 24, include that of George Hauser, a member of the Ashokan Reservoir force for the past four years. George was born in Brooklyn and attended Bushwick High School. He was formerly employed as a gardener in the New York city department of parks. He resides with his father, John Hauser, and sister, Marie, on the Louis Thiel farm along the Onteora Trail which he bought and occupied in 1947.

Elder Arnold Bellows, West Hurley resident and pastor of the Olive and Hurley OS Baptist Church, preached last Sunday at Newark, Del., in the absence of Elder D. V. Spangler. The elder also recently assisted in conducting funeral services for Isaac L. Kipp at Neschanic, N. J. Mr. Kipp, a widely known authority on local history, had frequently attended OS Baptist meetings in Delaware and Ulster county and was especially well acquainted in the Roxbury area where Elder Bellows is a regular preacher.

White ash and hard maple which command a price of $90 and $80, respectively, per thousand feet at the sawmills, continue to be the most sought after woods farther up in the mountains. There is also a considerable flow of ash logs from the Catskills, brought down the Esopus Valley and through Olive by truck to plants in Ellenville and Kingston.

Ray Shultis who formerly drove the Pine Hill line's high school bus to Kingston now operates the Fleischmanns school bus which leaves the Big Indian post office at 7:55 a. m.

Do You Remember

BY SOPHIE MILLER

Mrs. Murlin Wolven of 31 St. James street brought me a picture from the April 3, 1945 Freeman, showing a two seater horse and buggy. Explanation under the photographs says, "A special stunt to publicize the Junior Red Cross Cavalcade at the Kingston High School Auditorium, April 6 and 7, Stanley Matthews, Jr., and Joan Bucholtz rode through the uptown section of the city Saturday afternoon. Their gay ninety costumes attracted wide attention."

Before I give back the "Promotive Survey of Kingston, N. Y." of March 1923, I want to glance through it once more. Under hospitals on Page 149 it says: City of Kingston Hospital. Former capacity, 52 beds; addition under construction, 27 beds; total 79 beds. Nurses home, two houses, accommodates 22 nurses, not at present adequate in capacity nor in space for lectures and classes. This hospital does not take contagious or chronic cases. It accepts bona fide charity patients."

The book continues: "For the past several years it has operated without a financial deficit. This unusual and very creditable fact is traceable to the devotion and management of those responsible both for the general administration and internal conduct of the hospital and is accomplished not without personal sacrifice of which recognition should be taken... The original institution and the present addition were financed by a small group of donors, without general public appeal."

For Our Lady of Victory Sanitarium of Kingston they say, former capacity, 50 beds; present addition 52 beds; net capacity completed 100 beds. Admirable nurses' home accomodating 18, with adequate lecture and class demonstration rooms, adequate for present need, although another floor will probably soon have to be added for accommodation of nurses in enlarged hospital. This hospital does not take contagious cases. It accommodates chronic cases within its capacity to care for them. It never refuses a patient because he cannot pay. Ten per cent of its cases in the year 1922 were charity cases."

The following may interest those who are working on the present Benedictine construction. "The present addition, (in 1923) comprising 52 rooms, now under construction, costing $200,000 has been financed to date without appeal to the public for financial assistance. When finished, this institution will provide X-ray and radium treatment, a full-time technician, fluoroscopic treatment; and will have two major operating rooms, emergency, obstetrical, and eye, ear, nose and throat operating rooms, a total of five. In the opinion of the superintendents of these two hospitals the additions under construction will be adequate to meet the present general hospital demands of the territory they service in Kingston and surrounding territory, with a margin for growth."

The Mature Parent

Child of Divorce Takes Long Look at Marriage

By MURIEL LAWRENCE

She is a tall, quiet child of 14 whose parents were divorced three years ago. When a baby was recently born to her father and his new wife, she was asked to come and see her little half-sister.

"I told Daddy I didn't feel like it yet," she told me. "I love babies, but I'd feel kinder queer with one that belonged to Daddy and not to my mother, too. Is that wrong of me?"

"No," I said. "It's hard not to feel strange in strange situations."

"When I grow up and somebody wants to marry me, do you know what I'm going to tell them?" she said. "I'm going to say, 'Please let's think about this some more until we're absolutely sure we're both the persons we each want. Because I don't want ever to be divorced. I think divorce is stupid'."

I hope she keeps her word. I don't think divorce is too bright myself.

The more I see of it, the more it reminds me of that zany Wonderland Tea Party of the March Hare and the Mad Hatter who, when they spilled their milk jug, solved the problem by moving their tea plates to the next clean place at the table.

No wonder Alice, the realist, was baffled by her charming but irresponsible hosts. Although she was too mannerly to inquire, how she must have wanted to ask, "But what do you do when you have used up all the clean places at your table?"

Though it is obvious that we cannot stay married to people for whom we have lost respect, the answer really doesn't seem to be in constantly moving to a fresh deal at the matrimonial table. I wonder if the real answer may not be a more careful evaluation of the people with whom we first sit down at the table?"

SOME 19TH CENTURY INTELLIGENCE

There may be many things wrong with the 19th Century, but one thing about it was pretty intelligent. The people who lived in it made a point of checking on the social histories of prospective wives and husbands.

When fair Emmeline fell in love with Edward, they both understood that their parents would do some polite, but thorough investigation into the behavior records of their future grandchildren's mother and father.

If Emmeline was proved to be a giddy sort who had shaken her curls at too many gallants, the hazards of marriage to her were suggested to Edward. If he was discovered to have too often trifled with the truth and his tailor's bills, his disqualifications for the responsibilities of wedlock were put to Emmeline.

Neither Edward nor Emmeline considered this was unwarranted interference in the course of true love. They stayed married because they, like their parents believed that marriage should be made, not merely to accommodate the heart throbs of temporary emotion, but to establish an institution called a home.

I find it interesting that my young friend of the 20th Century, shocked, hurt and confused by her parents' divorce, should be planning to do for herself exactly what Emmeline's and Edward's parents did for them.

Perhaps she is a hopeful portent. Perhaps the children who have suffered from the poor judgment of their parents are learning the hard way that marriage is not just a personal affair, but one in which unborn people have investments.

Perhaps before they engage in the serious business of having babies, they will take better care to check on the suitability of the human material they choose to father and mother those babies.

By This Faith We Live

Our Association is a fellowship of human beings for human beings. We exist for the common man, for those who work, economize, and save. We are educators in habits of saving, trustees for savings, and merchandisers of homesteads in behalf of families without homes.

Our Faith

We believe in Savings and Loan Associations as cooperative institutions for safety of savings, promotion of thrift, protection of capital, and establishment of homes.

We believe in the sanctity of the home, in the sturdy patriotism centering in a home, in the right of every family to earn and own a home, and that the supreme test of an Association is the measure of its service in teaching thrift habits and making families investors in America through investment in homes.

We believe a Savings and Loan Association is a public trust, that all in its service are trustees for others, and that consent to any lesser service than public service is a violation of our trust.

We believe that careful appraisals, sound investments, conservative dividends, ample reserves, and adaptation of policy to changing social needs are fundamental to fulfillment of our stewardship as a Savings and Loan Association.

We believe that safety of savings is the first responsibility of a Savings and Loan Association, that income and dividends are secondary, and that any disbursement of funds except for safe income or the welfare of members and the community is indefensible.

We believe the Association that serves best, and best deserves success holds honor above gain; cherishes equal ethical standards in business and personal life; accepts and meets its responsibilities to its community; respects its shareholders, its employes, and itself; guides and advises its members selflessly; protects them in the profits of thrift; guards them in ownership of their homes; is fair with borrowers, patient with delinquents, but never neglectful of duty; serves all men without bias of religion or race or politics; is not moved by ambition for influence or lust for power; is not balked by censure nor bought by praise; is an Association of humanity, of and for the people of today in the United States of today.

Our Pledge

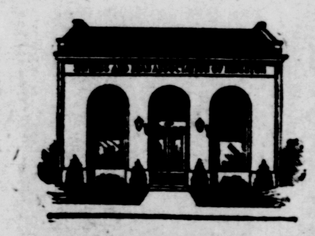

To this faith we dedicate ourselves and our Association. In this faith we serve and hope. By it we live.

Missing Pilot

Capt. John J. Swift (above) was the pilot of the C-47 transport plane that disappeared Nov. 19 on a flight from Munich, Germany, to Belgrade, Yugoslavia. This Air Force picture of Capt. Swift, son of Mr. and Mrs. J. J. Swift, Sr., of Syracuse, N. Y., was taken when he was a lieutenant. The unarmed plane was reported unofficially Nov. 22 to have been shot down in Romania. Its crew was described as injured but alive. *(AP Wirephoto)*

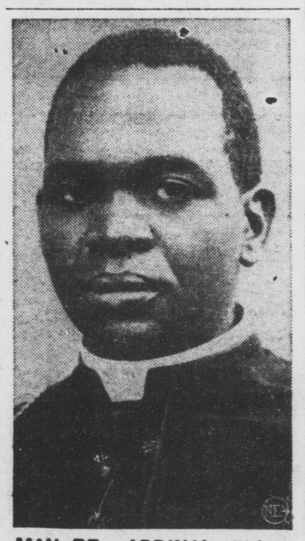

Prominent Local Artists at Ball

Glenn E. Brown who was featured with his marimbas in the Xavier Cugat orchestra at the Thanksgiving Eve ball in the municipal auditorium required no special introduction to many of those present. He is the son-in-law of Mr. and Mrs. Edward P. Ward, 97 Clifton avenue, this city, and some years ago played with Roger Baer and his orchestra at the Golden Rule Inn. Tony Amato, 12 year old ballad singer, son of Mr. and Mrs. Joseph Amato, 69 Gill street, who has made several TV appearances and who has been heard in this area on numerous occasions, also delighted the audience with his songs.

To tour with the Cugat ensemble, Mr. Brown has taken a sabbatical from his duties as music supervisor in the Long Beach schools. His wife, the former Marie Ward, also a well known musician, is substituting for her husband during his absence from the schools.

Mr. Brown received his first recognition of national importance about 15 years ago when the orchestra and band under his supervision won sectional competitions in New York state. Pierre Henrotte, of Woodstock, then concertmeister for the Metropolitan Opera Orchestra, was one of the contest judges.

It has long been Mr. Brown's theory that the best method to encourage a better appreciation by youthful students is to permit them to play what they like. For this reason he introduced the combination program idea, half of the concert being devoted to standard classical music and the balance to swing music. He arrived at this conclusion after thoughtful observation of the attendance at both types of concerts.

MAY BE CARDINAL—Bishop Joseph Kiwanuka, above, of Central East Africa, may become the first Negro Cardinal in modern history of the Roman Catholic Church. It was reported in Rome that Pope Pius XII will name him in about two months.

Cummings Doubts

fact Cummings said would not alter his opinion.

Dr. Cummings, who was not in the court room during the taking of any of the testimony of witnesses, said the fact that only Kelly's sister, brother and his friends had testified that Kelly was irrational and that other witnesses had testified Kelly's condition at the time of the shooting and shortly before had been "rational," would not alter his opinion.

"Do you believe he does not remember the afternoon of May 2 but does remember the evening of May 2 because it would be bad for him to remember the afternoon?" asked Bruhn. He referred to the afternoon when Kelly allegedly threatened to shoot Mrs. McHugh and her daughter and that same evening when Kelly said Mrs. McHugh called the police.

Dr. Cummings said he did not believe Kelly recalled the afternoon and could have recalled the evening incident.

Dr. Cummings said it would be possible for Kelly to have remembered certain things and happenings and not to remember others, that was a sympton of his mental condition.

Could Have Been Automatic

Asked as to the acts of Kelly in making arrangements for the car on Sunday afternoon and giving an excuse for not borrowing it on the previous Saturday as arranged and in appearing at an arranged time at an arranged place on Monday morning during the period when Kelly said he did not know what he was doing, driving to the street where Mrs. McHugh usually traveled on her way to work and shooting her in the back, the witness said these acts could have been "automatic." Many of the "specific" acts referred to by Bruhn, Cummings said had not been definitely known to him but he had taken into consideration the general story as related to him and the life history of Kelly as told by the defendant, and on all of these facts and his examination and tests had based his opinion as to Kelly's mental capacity.

Dr. Cummings was still on the stand at a recess taken shortly before noon.

Says He's Not Responsible

Dr. Joseph L. Cummings, Poughkeepsie specialist in neurology and psychiatry, testified Wednesday afternoon in County Court that Kelly, at the time of the shooting of Mrs. McHugh was suffering from a "manic-depressive psychoneurosis" and was not responsible for his acts.

The Poughkeepsie physician was put on the stand by the defense and at the opening of the afternoon was asked a hypothetical question which embodied practically every element of the testimony which had been adduced. The question took Attorney Howard C. St. John over half an hour to propound and St. John then asked the usual question whether the doctor could express an opinion as to Kelly's mental capacity based on the element mentioned in the question.

Dr. Cummings replied he could and then proceeded to give his opinion and explain it. He said that from all of the facts as outlined Kelly did not know the nature of his act or whether it was right or wrong.

The witness said the defendant for several weeks prior to the shooting had been suffering from delusions, forgetfulness and confusion and that his condition had apparently been aggravated by his drinking. The condition of mind of the defendant had resulted in the shooting.

Recess Is Asked

Following the testimony of Dr. Cummings, who was the last witness to be called by the defense for direct examination, District Attorney Louis G. Bruhn asked for a recess in order to study the medical testimony of Dr. Cummings and consult with his own medical expert.

Bruhn said the testimony had been very involved, contained numerous problems with which he as a layman was not familiar and he said he would require some time to consult his expert.

After the recess Mr. Bruhn asked the court for a continuance until Friday in order to study the medical testimony.

Whitman Knapp, defense counsel with St. John, asked for a speedy conclusion in the case "while the testimony is fresh in the minds of the jurors" and he suggested an evening session. Bruhn stated that the element of fatigue of all concerned was involved and suggested an adjournment until today. He said he would need time to study the medical testimony of the defense and determine what rebuttal would be required.

It was stated that every effort would be made to conclude the case on Saturday so that jurors would not have to remain over the weekend. Knapp said a long adjournment over the weekend might prejudice the defendant.

Judge Cashin adjourned the matter until 9:30 a. m. today for cross examination of Dr. Cummings.

Financial and Commercial

New York, Nov. 23 (AP)—Stock prices settled into lower ground again in today's market after a mixed opening.

Some of the declines ran to more than a dollar a share, although many issues stayed at or close to previous levels.

Dealings proceeded at a slow pace, as many traders absented themselves from Wall Street in an extension of their Thanksgiving Day holiday.

Thus even light offerings of shares brought about some fairly sizable losses, with buying interest at a low ebb.

Declines were scattered through nearly all sections of the market, with rails, oils and other industrials the principal targets.

Lower were Cities Service (down 3¾ at one time), Texas Co., Standard Oil (N. J.), Northern Pacific, Southern Pacific, Nickel Plate, American Cyanimid, duPont, Douglas Aircraft, Boeing Airplane, J. I. Case, U. S. Rubber, Anaconda Copper, Kennecott, United Gas, Twentieth Century-Fox and United Air Lines.

American Woolen was a leader of those stocks on the upside. It announced a $3 year-end dividend late Wednesday, bringing the year's total to $6. Other issues clinging to gains included homestake Mining, Lockheed, Johns-Manville and Certain-Teed.

Corporate bonds dipped along with stocks. But in over-the-counter dealings, U. S. Government obligations showed steady to slightly higher quotations.

Quotations by Morgan Davis & Co., members of the New York Stock Exchange, 60 Beaver street, John street, R. B. Osterhoudt, New York city; branch office, 41 manager.

Highland Woman Held for Fraud in Contacting Men

New York, Nov. 23 (AP) — A mother of five children, who allegedly represented herself to male members of a Seattle, Wash., get-acquainted club as a war widow, was held in $1,000 bail today on a mail fraud charge.

The woman, Mrs. Dorothea Lillian Shook, 31, of Philip avenue, Highland, lives with her taxicab driver husband and children, federal authorities said.

U. S. Commissioner Edward W. McDonald set Dec. 7 for a hearing. The commissioner was told she obtained about $1,000 from the men and said she used it for her children.

Assistant U. S. Attorney Gerome J. Leone said Mrs. Shook joined the Mail-a-Mate Club, 802 Seneca, Box 463, Seattle, last April and corresponded with men who acquired her name through the club. Leone said in one instance she wrote she had $1,000 in property, a car and a trailer. In another, he said, she said she received $10,000 "when my husband died and I haven't even spent half of it."

As the correspondence progressed, Leone said, she expressed a wish to meet the man with whom she was corresponding, and suggested that if she had travel money a meeting could be arranged.

Leone said she had corresponded with men in Bremerton, and Everett, Wash.; Hemingford, Neb.; Harlington, Texas, and Bosier City, La. The prosecutor said that although she used her own name, she sent a photograph of a younger woman friend.

Seminarians Will Have Venison

A doe deer struck and killed by an automobile on Route 9W at Ulster Park early Thursday morning was turned over by state police to the Holy Cross Seminary.

State police at Highland, who investigated, said the incident was reported at the Lake Katrine troopers barracks by a Robert King, but that it has not been established whose automobile struck the animal. Sgt. William Martin of the Highland station said that Robert King of Howland avenue, this city, was not the driver of the automobile involved.

Several other reports of deer being injured by automobiles were received at the Highland station over the Thanksgiving holiday.

Missing Pilot

Capt. John J. Swift (above) was the pilot of the C-47 transport plane that disappeared Nov. 19 on a flight from Munich, Germany, to Belgrade, Yugoslavia. This Air Force picture of Capt. Swift, son of Mr. and Mrs. J. J. Swift, Sr., of Syracuse, N. Y., was taken when he was a lieutenant. The unarmed plane was reported unofficially Nov. 22 to have been shot down in Romania. Its crew was described as injured but alive. *(AP Wirephoto)*

Prominent Local Artists at Ball

Glenn E. Brown who was featured with his marimbas in the Xavier Cugat orchestra at the Thanksgiving Eve ball in the municipal auditorium required no special introduction to many of those present. He is the son-in-law of Mr. and Mrs. Edward P. Ward, 97 Clifton avenue, this city, and some years ago played with Roger Baer and his orchestra at the Golden Rule Inn. Tony Amato, 12 year old ballad singer, son of Mr. and Mrs. Joseph Amato, 69 Gill street, who has made several TV appearances and who has been heard in this area on numerous occasions, also delighted the audience with his songs.

To tour with the Cugat ensemble, Mr. Brown has taken a sabbatical from his duties as music supervisor in the Long Beach schools. His wife, the former Marie Ward, also a well known musician, is substituting for her husband during his absence from the schools.

Mr. Brown received his first recognition of national importance about 15 years ago when the orchestra and band under his supervision won sectional competitions in New York state. Pierre Henrotte, of Woodstock, then concertmeister for the Metropolitan Opera Orchestra, was one of the contest judges.

It has long been Mr. Brown's theory that the best method to encourage a better appreciation by youthful students is to permit them to play what they like. For this reason he introduced the combination program idea, half of the concert being devoted to standard classical music and the balance to swing music. He arrived at this conclusion after thoughtful observation of the attendance at both types of concerts.

MAY BE CARDINAL—Bishop Joseph Kiwanuka, above, of Central East Africa, may become the first Negro Cardinal in modern history of the Roman Catholic Church. It was reported in Rome that Pope Pius XII will name him in about two months.

Cummings Doubts

fact Cummings said would not alter his opinion.

Dr. Cummings, who was not in the court room during the taking of any of the testimony of witnesses, said the fact that only Kelly's sister, brother and his friends had testified that Kelly was irrational and that other witnesses had testified Kelly's condition at the time of the shooting and shortly before had been "rational," would not alter his opinion.

"Do you believe he does not remember the afternoon of May 2 but does remember the evening of May 2 because it would be bad for him to remember the afternoon?" asked Bruhn. He referred to the afternoon when Kelly allegedly threatened to shoot Mrs. McHugh and her daughter and that same evening when Kelly said Mrs. McHugh called the police.

Dr. Cummings said he did not believe Kelly recalled the afternoon and could have recalled the evening incident.

Dr. Cummings said it would be possible for Kelly to have remembered certain things and happenings and not to remember others, that was a sympton of his mental condition.

Could Have Been Automatic

Asked as to the acts of Kelly in making arrangements for the car on Sunday afternoon and giving an excuse for not borrowing it on the previous Saturday as arranged and in appearing at an arranged time at an arranged place on Monday morning during the period when Kelly said he did not know what he was doing, driving to the street where Mrs. McHugh usually traveled on her way to work and shooting her in the back, the witness said these acts could have been "automatic." Many of the "specific" acts referred to by Bruhn, Cummings said had not been definitely known to him but he had taken into consideration the general story as related to him and the life history of Kelly as told by the defendant, and on all of these facts and his examination and tests had based his opinion as to Kelly's mental capacity.

Dr. Cummings was still on the stand at a recess taken shortly before noon.

Says He's Not Responsible

Dr. Joseph L. Cummings, Poughkeepsie specialist in neurology and psychiatry, testified Wednesday afternoon in County Court that Kelly, at the time of the shooting of Mrs. McHugh was suffering from a "manic-depressive psychoneurosis" and was not responsible for his acts.

The Poughkeepsie physician was put on the stand by the defense and at the opening of the afternoon was asked a hypothetical question which embodied practically every element of the testimony which had been adduced. The question took Attorney Howard C. St. John over half an hour to propound and St. John then asked the usual question whether the doctor could express an opinion as to Kelly's mental capacity based on the element mentioned in the question.

Dr. Cummings replied he could and then proceeded to give his opinion and explain it. He said that from all of the facts as outlined Kelly did not know the nature of his act or whether it was right or wrong.

The witness said the defendant for several weeks prior to the shooting had been suffering from delusions, forgetfulness and confusion and that his condition had apparently been aggravated by his drinking. The condition of mind of the defendant had resulted in the shooting.

Recess Is Asked

Following the testimony of Dr. Cummings, who was the last witness to be called by the defense for direct examination, District Attorney Louis G. Bruhn asked for a recess in order to study the medical testimony of Dr. Cummings and consult with his own medical expert.

Bruhn said the testimony had been very involved, contained numerous problems with which he as a layman was not familiar and he said he would require some time to consult his expert.

After the recess Mr. Bruhn asked the court for a continuance until Friday in order to study the medical testimony.

Whitman Knapp, defense counsel with St. John, asked for a speedy conclusion in the case "while the testimony is fresh in the minds of the jurors" and he suggested an evening session. Bruhn stated that the element of fatigue of all concerned was involved and suggested an adjournment until today. He said he would need time to study the medical testimony of the defense and determine what rebuttal would be required.

It was stated that every effort would be made to conclude the case on Saturday so that jurors would not have to remain over the weekend. Knapp said a long adjournment over the weekend might prejudice the defendant.

Judge Cashin adjourned the matter until 9:30 a. m. today for cross examination of Dr. Cummings.

Financial and Commercial

New York, Nov. 23 (AP)—Stock prices settled into lower ground again in today's market after a mixed opening.

Some of the declines ran to more than a dollar a share, although many issues stayed at or close to previous levels.

Dealings proceeded at a slow pace, as many traders absented themselves from Wall Street in an extension of their Thanksgiving Day holiday.

Thus even light offerings of shares brought about some fairly sizable losses, with buying interest at a low ebb.

Declines were scattered through nearly all sections of the market, with rails, oils and other industrials the principal targets.

Lower were Cities Service (down 3¾ at one time), Texas Co., Standard Oil (N. J.), Northern Pacific, Southern Pacific, Nickel Plate, American Cyanimid, duPont, Douglas Aircraft, Boeing Airplane, J. I. Case, U. S. Rubber, Anaconda Copper, Kennecott, United Gas, Twentieth Century-Fox and United Air Lines.

American Woolen was a leader of those stocks on the upside. It announced a $3 year-end dividend late Wednesday, bringing the year's total to $6. Other issues clinging to gains included homestake Mining, Lockheed, Johns-Manville and Certain-Teed.

Corporate bonds dipped along with stocks. But in over-the-counter dealings, U. S. Government obligations showed steady to slightly higher quotations.

Quotations by Morgan Davis & Co., members of the New York Stock Exchange, 60 Beaver street, John street, R. B. Osterhoudt, New York city; branch office, 41 manager.

Highland Woman Held for Fraud in Contacting Men

New York, Nov. 23 (AP) — A mother of five children, who allegedly represented herself to male members of a Seattle, Wash., get-acquainted club as a war widow, was held in $1,000 bail today on a mail fraud charge.

The woman, Mrs. Dorothea Lillian Shook, 31, of Philip avenue, Highland, lives with her taxicab driver husband and children, federal authorities said.

U. S. Commissioner Edward W. McDonald set Dec. 7 for a hearing. The commissioner was told she obtained about $1,000 from the men and said she used it for her children.

Assistant U. S. Attorney Gerome J. Leone said Mrs. Shook joined the Mail-a-Mate Club, 802 Seneca, Box 463, Seattle, last April and corresponded with men who acquired her name through the club. Leone said in one instance she wrote she had $1,000 in property, a car and a trailer. In another, he said, she said she received $10,000 "when my husband died and I haven't even spent half of it."

As the correspondence progressed, Leone said, she expressed a wish to meet the man with whom she was corresponding, and suggested that if she had travel money a meeting could be arranged.

Leone said she had corresponded with men in Bremerton, and Everett, Wash.; Hemingford, Neb.; Harlington, Texas, and Bosier City, La. The prosecutor said that although she used her own name, she sent a photograph of a younger woman friend.

Seminarians Will Have Venison

A doe deer struck and killed by an automobile on Route 9W at Ulster Park early Thursday morning was turned over by state police to the Holy Cross Seminary.

State police at Highland, who investigated, said the incident was reported at the Lake Katrine troopers barracks by a Robert King, but that it has not been established whose automobile struck the animal. Sgt. William Martin of the Highland station said that Robert King of Howland avenue, this city, was not the driver of the automobile involved.

Several other reports of deer being injured by automobiles were received at the Highland station over the Thanksgiving holiday.

YOURS FOR THE ASKING—If you are a war veteran, the chances are the Army Quartermaster Depot in Philadelphia has a medal for you. The Army has millions of them, some dating back to the Civil War, waiting to be claimed. They range from the Congressional Medal of Honor to the Good Conduct Ribbon, and it's costing Uncle Sam almost $18,000 a year just to store them. If you won medals in any war and never claimed them, write to the Adjutant General of the Army, or Adjutant General of the Air Force, Washington, D. C. Here, Rita Ricco, an employe at the Philadelphia depot, checks catalogue and cases of medals.

Agreement Is Made

New York, Nov. 23 (AP) — An agreement between the United States Steel Corp. and the Venezuelan government provides for a river-dredging operation which eventually will mean more iron ore for U. S. defense effort. The pact, announced yesterday, allows the company to dredge ship channels in the Macareo and Orinoco rivers to enable ocean-going vessels to bring out the ore from U. S. Steel's Venezuelan concession. The first shipment of iron ore via the ship channels will not be possible until early in 1954.

Esopus Legion to Hold Card Party Nov. 29

The seventh annual card party to be sponsored by the Town of Esopus Post 1298, American Legion, will be held Thursday evening, Nov. 29, in the Town Hall, Port Ewen. Alfred Schoonmaker, general chairman, stated today that most of the plans for this annual event are completed, and that he expects it to be one of the most successful parties ever sponsored by this organization.

Mr. Schoonmaker has announced the committees who will assist him in this undertaking.

The committees: Reception and floor, Past Commander Chester Barth, chairman, Past Commanders Clifford Davis, Jr., Russell Maurer, John Henry, Robert Henry, and P. Joseph Beichert.

Patron tickets, R. J. Henry, chairman.

Member tickets, Alfred Schoonmaker.

Refreshments, Ladies' Auxiliary of the Esopus Legion under the supervision of Vivian Stadt and Betty Sanford.

Specialties, Wilson Tinney, chairman, and Geggor Hard.

Favors, Edgar Maurer, chairman, Clarence Uhl, Edward Norton, Charles Miller, Joseph Stadt, and John Albright.

Table and card arrangements, William Ferguson.

Scoring, Past Commander Clifford Davis, Jr., chairman, Thomas Morrissey, P. Joseph Beichert, Russell Maurer, Donald F. Decker, and Henry A. Deane.

Box office and door, Harry Van Ormer, chairman, Robert Henry and Henry Cameron.

G. Knute Beichert is publicity chairman. John Henry will be in charge of auditing and Roger Mabie, commander, is honorary chairman.

The Esopus Legion annual card party has since its inception seven years ago, been an outstanding social event in the township, and Chairman Schoonmaker said that judging by returns so far from patron and member tickets, this year's party will top previous ones in general attendance.

St. Paul's Church Will Hold Bazaar

St. Paul's Lutheran Church parish will hold its annual bazaar on Wednesday, beginning at 5:30 p. m. when the Ladies' Aid Society will serve a roast pork and sauerkraut supper.

The various booths which will be featured at the bazaar include food, plants, pottery, parcel post, candy, fancy articles, and miscellaneous items.

Velvet Pretty, Practical as Well

When the snow flies, little girls look pretty and stay warm in suits like these. Miniature pyramid coat (left) is in monotone tweed touched with velvet and is worn with matching bonnet. Princess style velvet coat (center) and matching hat have mink trim. Pastel velvet party coat (right) has squirrel collar, velvet bow trim. Velvet fashions have add-a-year hems.

By GAILE DUGAS
NEA Woman's Editor

New York — (NEA) — When mothers go shopping for coat-and-legging sets for small daughters, they look for warmth and practicality. They'll find, this year, that velvet can take it.

Once, velvet appeared in small-girl fashions for party wear only. Now it's still rated dressy, of course, but it cleans and wears beautifully. Further, little girls love it, so everybody's happy.

For a little girl who's getting bigger and thus takes a size five or so, there's a princess coat by Bambury in wine velvet that has real mink trim in the way of buttons and neck bow. Coat has turn back cuffs and a skirt with a wide flare. There's a matching velvet hat with mink pompon. Leggings zip at the sides for easy donning.

A small girl of size three or four will love a blue velvet coat, another Bambury design, with a squirrel collar. Velvet bows trim the front of the coat and appear on the bonnet, where they're centered with pompons of squirrel. Coat has an empire-style back and a front yoke.

Velvet trims a miniature pyramid coat in a soft monotone tweed fabric by Stevens. Curved shoulder seams and shining buttons are high style touches. Though it comes in colors to delight a small girl—Bermuda blue, coral, taffy yellow and gold—the tweed will stand up to an active life. And that will please mother.

Local Group Discusses Child Placement Here

"Let Me Have Some of My Own Ways," was a recording used as the basis for a discussion at a meeting Tuesday night of the Ulster County Adoptive Home Finding Committee.

Miss Lois Rainer, head of the Child Placement and Adoption Committee of State Charities Aid Association, was the leader of the discussion.

The recording featured an interview by Walter Huston and Miss Helen Parkhurst with a group of children at Children's Center, a temporary shelter maintained by the association in New York city. The children interviewed expressed opinions about the types of homes and families into which they would like to be invited.

The recording can be made available to local groups, Mrs. Herbert Fister, chairman, announced.

The local group is interested in locating homes for Negro children of all ages and for school-age white children.

Committee members present were Mrs. Fister, Mrs. Clarence Padgham, Mrs. Clifford Rose and Mrs. John Warren. Guests included Mrs. Phyllis Smith, Mr. and Mrs. Elmer Shampo, Miss Elma Kullmann, Miss Bertha Ives and Frank White.

Coach House Players To Sponsor Pianist

Although primarily interested in the drama, the Coach House Players have stated it is their desire to further the other arts as well. With this in mind they will sponsor the presentation of David Kushner, teenage pianist in a recital at the Kingston High School Auditorium Thursday, Nov. 29, at 8:30 p. m.

It has been said of the young musician that "he plays with the deft surety of an accomplished pianist and that he sustains a sense of mastery coupled with interpretative power."

The players are urging the support of the public in this effort. Tickets may be secured from Rossi's Music Shop, London's Junior Bazaar or from any active member of the Coach House Players. Associate and patron members are urged to procure tickets for this recital as the regular season ticket which has been issued includes admittance only to plays produced by the group.

Theresa Dougher Wed To Mervin J. Jones

Ellenville, Nov. 23—Miss Theresa Dougher, daughter of Mr. and Mrs. William Dougher of Ellenville was married to Pfc. Mervin John Jones, son of Mr. and Mrs. Mervin Jones, this city, on Tuesday, Nov. 6, at four o'clock in the afternoon in St. Mary's Church. The Rev. James P. Flynn officiated at the ceremony.

Given in marriage by her father, the bride wore a ballerina length princess gown of white lace over satin and a finger tip length veil. She carried an orchid and a white prayer-book with white ribbon streamers.

The bride's only attendant was Miss Muriel Smith of Ellenville, who wore a Nile green ballerina length gown and carried an old fashioned bouquet of white carnations and pink rosebuds.

Norman Christie of West Coxsackie was his nephew's best man.

Mrs. Jones was graduated from Ellenville High School, class of '50, and is now attending State Teachers College in New Paltz.

Pfc. Jones enlisted in the U. S. Army in January, 1951 and received his basic training at Camp Stewart, Georgia. He is now stationed at Fort Custer, Mich.

Hansel and Gretel At Paltz College

Hansel and Gretel, two delightful young children, will melt the hearts of everyone but the cruel stepmother who drives them into the forest, or the horrid old witch who plans to eat them.

The age-old story of Hansel and Gretel will come to life for young and old at the State University Teachers College at New Paltz Friday and Saturday, Nov. 30 and Dec. 1. The play will be presented for students, faculty and adults of the community on Friday at 8:30 p. m. A special matinee, scheduled for 2:30 p. m., Saturday, will be reserved for school children.

Tickets may be purchased at the door of the auditorium.

LANDLADY BECOMES CHAPERON

A house owner writes me: "I have a very nice young man living in my house as a paying guest. He would like to have his best girl who is coming for a visit stay with us rather than in a hotel, but he thinks I should invite her. I would like your advice on this."

I agree with him insofar as your writing a letter might reassure her mother about letting her come. Write simply that you can let her have a room and that you will be glad to act as chaperon.

Married Bridesmaids

Dear Mrs. Post: Because I'm married and have an eight-year-old boy, mother thinks these two facts make me ineligible to take part in a friend's wedding as a bridesmaid. The difference between the bride's and my ages is slight.

Answer: Although actually a bridesmatron, you would nonetheless be called a bridesmaid. As a matter of fact, there is nothing at all unusual in married bridesmaids —mothers at that!

Including Absent Son

Dear Mrs. Post: My son is in the service and stationed away from home. May his name be included along with my husband's and mine on our Christmas cards?

Answer: You could include his name in some such way as: "John would join us were he here."

Candles on Morning Table

Dear Mrs. Post: Would it be permissible to use candles on a bridal table after a morning wedding?

Answer: Lighted candles are entirely proper if the room is dark enough to have need of artificial light. They should not be used in bright daylight.

Esopus Legion to Hold Card Party Nov. 29

The seventh annual card party to be sponsored by the Town of Esopus Post 1298, American Legion, will be held Thursday evening, Nov. 29, in the Town Hall, Port Ewen. Alfred Schoonmaker, general chairman, stated today that most of the plans for this annual event are completed, and that he expects it to be one of the most successful parties ever sponsored by this organization.

Mr. Schoonmaker has announced the committees who will assist him in this undertaking.

The committees: Reception and floor, Past Commander Chester Barth, chairman, Past Commanders Clifford Davis, Jr., Russell Maurer, John Henry, Robert Henry, and P. Joseph Beichert.

Patron tickets, R. J. Henry, chairman.

Member tickets, Alfred Schoonmaker.

Refreshments, Ladies' Auxiliary of the Esopus Legion under the supervision of Vivian Stadt and Betty Sanford.

Specialties, Wilson Tinney, chairman, and George Hard.

Favors, Edgar Maurer, chairman, Clarence Uhl, Edward Norton, Charles Miller, Joseph Stadt, and John Albright.

Table and card arrangements, William Ferguson.

Scoring, Past Commander Clifford Davis, Jr., chairman, Thomas Morrissey, P. Joseph Beichert, Russell Maurer, Donald F. Decker, and Henry A. Deane.

Box office and door, Harry Van Ormer, chairman, Robert Henry and Henry Cameron.

G. Knute Beichert is publicity chairman. John Henry will be in charge of auditing and Roger Mabie, commander, is honorary chairman.

The Esopus Legion annual card party has since its inception seven years ago, been an outstanding social event in the township, and Chairman Schoonmaker said that judging by returns so far from patron and member tickets, this year's party will top previous ones in general attendance.

Ahavath Israel Ball Attracts Thousands To Auditorium Thanksgiving Eve

Tremendous gives a one word apt description of the thrilling entertainment presented Wednesday night in the Municipal Auditorium when more than two thousand persons attended the 15th annual Thanksgiving Eve Ball sponsored by the Congregation of Ahavath Israel when hundreds lined the sidewalks long before the doors opened at 7:15 lest they miss this opportunity to see and meet so many celebrated personalities in the entertainment world. The reception given the performers was such that Xavier Cugat and Abbe Lane admitted they had never before played to such "a wonderfully receptive audience."

Cugat and Abbe Lane

Xavier Cugat and Abbe Lane were actually besieged by autograph hunters following their part of the program and Miss Lane finally had to call a halt on the pencil and lipstick signatures she diligently and graciously applied to countless programs.

The couple, we learned, opened last night at the Copacabana in New York and are making plans for their wedding which is expected to take place very soon and "certainly within the next two months," said Miss Lane. They are both under contract to RKO, Miss Lane told us, to make a picture with Tony Martin in Hollywood for next spring's presentation. In the motion picture, Cugat will play the role of a night club owner while Abbe will depict a night club singer. Judging by the stupendous reception she received Wednesday night, this will be a simple matter for the vivacious, attractive and able soloist, since both she and Cugat with their ensemble played to their "most popular audience," to quote them, Wednesday evening.

Other Entertainers

During the first half of the program Stan Irwin, well known Broadway comedian, who proved the critics were right, was the master of ceremonies. Billy Graves and his two sons, one seven years of age and one but four, were a huge success and generously responded to the repeated demand by the audience for encores.

Also outstanding was the DeSantos Trio, a truly sensational adagio trio. And to add to the well balanced production the talented Richard Monti with a fine, sympathetic voice delighted his listeners. Harvey Stone, a well known comedian, was amusing and well received.

As members of the Xavier Cugat ensemble, The Barrancos, known as the world's greatest Mambo Team, were magnificent to see in their fast moving, graceful and most unusual routine.

Abbe Lane, soloist, with Xavier Cugat and his entire orchestra concluded the program with the brilliant performance of the evening in their unusual interpretation of the Coconut song.

The review of this wonderful evening would not be complete without mention of the lovely gowns, jewels, and furs adorning many of the attractive ladies in attendance.

Many of the performers joined with Mayor Oscar V. Newkirk in complimenting the committee responsible for sparing no expense in bringing to this city "the finest entertainment possible" and the audience for supporting this annual event, the proceeds of which are used for worthy charitable purposes.

Louis Ricardo, National Radio and Theatrical Bureau, was the show director.

The committee assisting Herman G. Rafalowsky, chairman, included Mmes. George Kramer, Herbert Siller, David Seigel, Herman G. Rafalowsky, William Zwick, Murray Greene, and Harry Spiegel; and Benjamin Schechter, Rabbi Philip Weinberg, Max Millens, Moe Schwartz, Murray Greene, Ephraim Propp, Moe Lazarowitz, Eugene Tepper and Carl Upright.

The elaborate decorating for the ball was planned and executed by R. Grant Johnston and Mrs. Loretta Solomon.

Abbe Lane and Xavier Cugat Pose With Ball Committee

Members of the committee assisting in the presentation of a tremendous program of entertainment at the 15th annual Thanksgiving Eve Ball Wednesday night at the municipal auditorium were congratulated by Mayor Oscar V. Newkirk upon the splendid success they had achieved. On this occasion Xavier Cugat and Abbe Lane were given a tumultuous reception by the thousands of persons in attendance. Shown in the photo, in the usual order, are Xavier Cugat, Moe Lazarowitz, Benjamin Schecter, Mayor Oscar V. Newkirk, Herman G. Rafalowsky, chairman, Max Millens, vice-president of the Congregation; Abbe Lane, George Kramer, and Louis Ricardo, show director. *(Freeman Photo)*

By RICHARD E. THIBAUT, JR.

New Books Available At Woodstock Library

Woodstock, Nov. 23—Children's Book Week was concluded last Saturday and the approximately 50 new books which have been on display at the Woodstock Library may now be taken out. All of the books, according to Mrs. Alice Thompson, librarian, were bought and displayed in conjunction with Children's Book Week.

Among the outstanding books area number of Woodstock authors, notably the Big Book of Horses, by Edward L. Chase; Bird in the Hand, Miska and Maude Petersham; Roman Eagle, Stephanie and Edward Godwin; and several small children's books by Helen Fletcher.

Included in the new group are books for children of all grades through teen and high school ages, and they range from fiction, nonfiction, animal and picture books, books for little children, advénture and sports stories.

Mrs. Thompson has particularly recommended several outstanding books for boys and girls. For girls, she suggests Shelia Daley's Personality Plus, and Eleanor Estes Ginger Pye, and for boys, The Wright Brothers and Quentin Reynolds and Friend of the People, a story of Abraham Lincoln by Clara Judson.

Crampton Plans Show

Woodstock, Nov. 23—Rollin McNeil Crampton will have a one-man show of his oil paintings and watercolors at the Peridot Gallery, New York, opening Monday, Dec. 3.

Firemen to Have Ball

Woodstock, Nov. 23—The Woodstock Volunteer Fire Company No. 1 is at the service of the community both night and day, and its members serve without pay, it has been reported. It takes a considerable amount of money to keep this completely modern and efficient organization in perfect condition for any emergency. This year the company will hold a benefit Firemen's Ball at the Woodstock Town Hall to raise funds for its operating expenses. The dance which will include both round and square dancing, will be Friday, Dec. 7, at 8 p. m. Music will be provided by Hobe Bates and his orchestra.

Bensing in Show

Woodstock, Nov. 23 — Frank Bensing, portrait painter and illustrator of Wittenberg, was one of the four artists who gave a demonstration of portrait painting for the benefit of the New York Herald Tribune Fresh Air Fund in the National Academy of Design, 1083 Fifth avenue, New York, Sunday afternoon. Bensing, along with Gordon Grant, Edward Oppenheim and Margery Ryerson, each selected as a model a child who is sent by the fund each summer to a fresh air camp for a two-week country vacation. Proceeds of admission charge to the demonstration went into the fund.

Village Notes

Woodstock, Nov. 23—Dr. and Mrs. William M. Hitzig and family spent Thanksgiving at their Bearsville home.

Philip Guston returned to this village to spend the holiday with his family.

Mr. and Mrs. Sidney Berkowitz and family are at their Ohayo Mt. road for the Thanksgiving weekend.

Capt. Kees Van der Loo came from Washington to spend Thanksgiving with his mother, Mrs. E. A. Van der Loo.

Justice of the Peace Ray Smith of Phoenicia was a visitor at the Woodstock Town Hall Wednesday.

Pepers Cop Two

Woodstock, Nov. 23—Bowling in a special match at the Saugerties Bowling Academy Peper's Garage of Woodstock won two games out of three against Chez Emile of Kingston Sunday night. Chez Emile scored 772-746-823 with a total of 2341 and Pepers 795-808-736 with a total of 2339. Individual scores: Auchmoody 165-148-147; Roy Houghtaling 141-145-154; Jordan 138-117-127; Johnson 156-157-206; Ray Houghtaling 172-179-189; C. Harder 162-145-157; K. Harder 160-165-102; J. Holdridge 146-128-149; J. Holdridge, Jr. 188-199-182; C. Nickponski 139-171-146.

No Politics at Dinner

Key West, Fla., Nov. 23 (AP)—The White House brushed aside today questions on the political significance of President Truman's Thanksgiving holiday talks with Chief Justice Fred M. Vinson. Presidential Secretary Joseph Short's assertion that he personally had not heard the President and his trusted friend and advisor "discuss a word of politics" did little to discourage speculation over the possible impact of the talks on the 1952 election campaign.

Adults frequently add an inch or two to their stature after they reach the age of 21.

Births

The city registrar recently recorded the following births:

Nov. 14—Rosemary to Mr. and Mrs. Vincent Michael Cahill, 15 Stanley street.

Nov. 15—William Daniel to Mr. and Mrs. Fuller A. Dibble, East Chester street extension.

Nov. 16—Craig Robert to Mr. and Mrs. Lester Ernest Frost, Hurley Heights.

Nov. 17—Sharon to Mr. and Mrs. William W. Johnson, Saugerties; Wayne Francis to Mr. and Mrs. Hoyt Richard Adickes, 1 Charlotte Place, and Gregory to Mr. and Mrs. Frank Fabbie, 20 Crane street.

Nov. 18—George Karl to Mr. and Mrs. Lawrence LeRoy Phelps, 14 Alcazar avenue.

Arrival Is Too Late

Harmon, Nov. 23 (AP)—The train carrying John R. Whitney of Neenah, Wis., was 45 minutes late—too late for him to see his mother alive. Whitney—coming home for Thanksgiving—hopped off a train here yesterday and raced to a waiting car which held his mother, Mrs. Blanche Whitney of White Pains. Mrs. Whitney had died soon after driving up to the station.

School Needs Stressed

Atlantic City, N. J., Nov. 23 (AP)—The National Grange says this country needs improved educational conditions and calls on the Defense Production Administration to boost its allocation of steel for construction of schools. A resolution to that effect was passed yesterday by delegates attending the farm group's 85th annual session.

Married This Week

Mrs. Edna W. Andrews of Oliverea, and Henry J. Rover of this city were married Wednesday, Nov. 21, at the parsonage of St. James Methodist Church. The Rev. Dr. Ralph M. Houston performed the ceremony.

The honor attendants were Mr. and Mrs. Ferris C. Williams of this city.

Rummage Sales

Ulster County SPCA

The Ulster County Society for the Prevention of Cruelty to Animals will hold a rummage sale at 106 Broadway, Friday, Dec. 14. Articles will be accepted at that address the afternoon of Dec. 13, or arrangements may be made to have them picked up by telephoning Mrs. J. Dunbar, 1789.

Potatoes sold for $25 a bushel in the South during the late days of the Civil War.

HUSBAND FOR GARBO?—Actress Greta Garbo, usually very shy of news cameras, is seen strolling in London with British society photographer Cecil Beaton. When the pair flew to Paris, London buzzed with romantic rumors. Garbo said she didn't wish to speak to anyone. Beaton didn't say anything.

Pine Hill Youth Program Approved

Albany, Nov. 21—The New York State Youth Commission today announced approval of the application submitted by the Village of Pine Hill for recreation project state aid, according to the notification sent to Morton Bertrand, chairman.

The village has been allocated state aid in the amount of $1,000 for projects approved by the New York State Youth Commission. This sum covers annual assistance for youth serving activities under the Commission's program of recreation projects, youth service projects and youth bureaus, it was said today by Lee C. Dowling, executive director of the Commission.

Facilities include the Community Hall where a diversified recreational program will be carried out.

The village proposes to spend $2,000 during the year and the amount of state aid requested as reimbursement is $1,000.

The agency responsible for the conduct of this program is the Recreation Civic Center, Inc., of which Morton Bertrand is the chairman. The director of recreation is Robert Grennie.

Atlantic City, N. J., Nov. 23 (AP)—The National Grange says this country needs improved educational conditions and calls on the Defense Production Administration to boost its allocation of steel for construction of schools. A resolution to that effect was passed yesterday by delegates attending the farm group's 85th annual session.

Married This Week

Mrs. Edna W. Andrews of Oliverea, and Henry J. Rover of this city were married Wednesday, Nov. 21, at the parsonage of St. James Methodist Church. The Rev. Dr. Ralph M. Houston performed the ceremony.

The honor attendants were Mr. and Mrs. Ferris C. Williams of this city.

Pine Hill Youth Program Approved

Albany, Nov. 21—The New York State Youth Commission today announced approval of the application submitted by the Village of Pine Hill for recreation project state aid, according to the notification sent to Morton Bertrand, chairman.

The village has been allocated state aid in the amount of $1,000 for projects approved by the New York State Youth Commission. This sum covers annual assistance for youth serving activities under the Commission's program of recreation projects, youth service projects and youth bureaus, it was said today by Lee C. Dowling, executive director of the Commission.

Facilities include the Community Hall where a diversified recreational program will be carried out.

The village proposes to spend $2,000 during the year and the amount of state aid requested as reimbursement is $1,000.

The agency responsible for the conduct of this program is the Recreation Civic Center, Inc., of which Morton Bertrand is the chairman. The director of recreation is Robert Grennie.

HOPE

ARTHRITIS, STOMACH AILMENTS, NEURITIS, RHEUMATISM, HEADACHES, WEAK KIDNEYS, DIZZY SPELLS, NERVOUSNESS, BLOATING,

also Acids, Toxins, Lack of Vitality, Energy, Aching Back, Lumbago, Underweight, Decaying Teeth, Failing Eyesight, Bad Complexion.

Stop Suffering

NO MATTER HOW LONG YOU HAVE SUFFERED, or what drugs you have put in your body, you can now hope for MIRACULOUS RELIEF with natural HOPE MINERAL TABLETS. In just a few days, you will see results. The black poisonous waste will begin to leave your body and you will feel a wondrous change. Mother Nature has blended traces of FIFTEEN DIFFERENT MINERALS in Hope Mineral. Perhaps your body is craving just one of these to start your lazy organs working again.

Nature Heals

More and more doctors are turning back to nature for cures. Peincillin was discovered in a natural mold growth; raw onion will kill bacteria; and, a new substitute for blood plasma has been found in Okra Plants. NATURE PROVIDES! HOPE MINERALS come from the earth, manufactured in nature's own laboratory. There is absolutely NO ALCOHOL in Hope Mineral. It will not give you that false lift which wears off when the alcohol wears off.

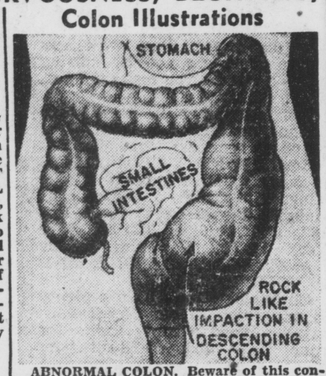

The intestine is the most important organ in your body—and it is also the most abused. When you Feel and Look Old Before Your Time, lose that sparkle and feel dead tired, maybe your body is craving something.

New Life

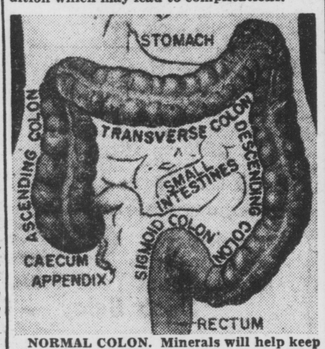

Not only will you FEEL results with HOPE MINERAL, but you will SEE the results. Watch your elimination a few days after using HOPE MINERAL. You will see the waste—BLACK AS NIGHT—begin to leave your body and you will realize the minerals are doing their work. The years will begin to slip away and you will want to tell your friends and all the world about these wonderful minerals.

SOMETIMES we suffer so long, we forget what it is to be healthy. THE DOOR TO HEALTH is open to you. When you are nervous, dull, tired, lack ambition and sparkle, have dizzy spells, when your powers are weakened and life seems to have no meaning—try HOPE MINERAL.

K.H.S. News

Class on Radio

Kingston High School class in radio will broadcast over WKNY from 9 to 9:30 p. m. Friday, Nov. 23. At this time the class will give a one act play entitled Ghosts.

The cast for the play is as follows: Voice, Lewis Singer; Ghost of Sweet, Marilyn Mikitowitz; Dismal Ghost, Ronald Kozian; Mr. Tubbs, Howard Houghtaling; Mrs. Tubbs, Cynthia Steketee; Mrs. Hightreble, Helen Wilson; Count, Carl Van Wagenen.

Others in the production are Chairman of Ghosts, Jerome Cashin; Clerk of Ghosts, Karen Van Kleeck; Ghosts Bill Burgher; Charles Tiano; announcer, Bill Cashin; technician, James Gilbert; and Cornelius Houser, Donald Dempsey; and Howard Hornbeck.

Theme song will be the school Alma Mater. Five organ selections will be played by Howard Houghtaling.

Penny Carnival

The Penny Carnival will be held Friday, Nov. 30, in the MJM gym with a carnival king and queen reigning over the festivities.

Kings and queens chosen from each class are Seniors Polly Le Fever and Ham Darling; Juniors Diane Johnson and C. Ferraro; Sophomores Barbara Warnecke and Karl Meyers, and Freshmen Ada Case and Gene Massa. The king and queen to be chosen from the final selection have not yet been decided.

Committees for the carnival are Bill Marks, tickets; Marni Paley and Nan Shurter, decorations; Nick Brown and Joan Erena, publicity; Vince Van Bramer, entertainment; Tom Morrisey, clean-up; John Lalima, carpenters; Barbara Hearst is finance. General chairman is Bebe Newkirk. The marshals will be on post to see that everything goes well.

Doors will open from 3 to 6:30 p. m. in the afternoon for the grade schools and from 7 to 11:30 p. m. for high school students.

Will Begin Sales

In the near future, the girls' Senior Leaders Club will start selling maroon and white beanie caps with a Kingston High emblem on them.

The junior leaders have been selling pencils with the high school's 1951-52 basketball schedule on them. The proceeds of these sales will go into the clubs' treasuries and be used to provide a scholarship.

Yule Decorations

Next week, the Student Council will collect used clothing to exchange for Christmas greens from the south.

This story has it's beginning in a letter received by Student Council several weeks ago from Hyden, Ky. A resident there offered to send Christmas greens if clothing for her family of nine children could be received in return. So this year the halls will be decked with real holly and mistletoe.

To Induct Members

Honor Society's annual induction is scheduled for Friday, Dec. 7. Those chosen for Honor Society are judged by the merits of scholarship, leadership, service, and character.

The committees preparing for the induction include: Barbara Hutton, Ruth Cohn, and Myra Epstein; refreshments, Tom Brower and Linda Van Deusen, invitations; Carl Constant, Pete Bruck, Jimmy Wrinn and Bill Gaudette, speaker; Arlene Semilof, faculty; and Cindy Steketee, Carol Strongin, Judy Strong, and Ruthann Christensen, induction.

The scheduled speaker for the induction is Robert Peebles, manager of WKNY.

Faculty on Leave

Many of the faculty are spending Thanksgiving vacation with their families or friends. Miss Mary Lou Clarke is visiting at her home in Utica; Miss Ethel Carlson, Jamestown; Miss Patricia Nalton, Syracuse; Arthur G. Kurtznacker, Johnstown; Miss Madeline Tarrant, Saratoga Springs; Michael Aronica, and Miss Margaret Schuetz, Buffalo.

Represented Teachers

Mrs. Marion Murray and Marvin Craft represented the Kingston High School teachers at the annual meeting of the House of Delegates held at Rochester Monday and Tuesday.

Will Meet Students

Mr. Rudd, counselor of admissions at Stephens College, will be at the Kingston High School Guidance Office, Monday, Nov. 26, to interview students. All students interested in attending Stephens College will have an opportunity to interview Mr. Rudd.

Rotary-Kiwanis Hear Talk on Economics

Dr. Louis Salkevey, professor of economics at New Paltz State Teachers College, addressed the joint meeting of the Rotary and Kiwanis Clubs on Wednesday at the Hotel Stuyvesant.

The general problems of inflation and labor relations were discussed by the professor in a highly interesting and illuminating talk.

Rotary Program Chairman E. K. Lefren announced that Wednesday evening, November 28, the Rotary Club will visit the Hercules plant. Following the cafeteria supper at 6:30 in the plant, there will be a tour of the machine shop, wire department, delay electric blasting cap department, shell plant and press and charging building.

Kiwanis President Charles Snyder announced that rehearsals for the Kiwanis Kapers will be held Saturday and Sunday. The annual production will be staged on Monday and Tuesday evenings of next week at the Kingston High School Auditorium.

BABSON on BUSINESS

Babson Park, Mass., Nov. 23—Wise investors like "growth stocks." They are constantly watching for new opportunities and the big rewards which will come to those who are patient.

Growth stocks are usually based on natural resources. The buying of growth stocks today requires the same courage and patience as our ancestors needed when they went West and homesteaded land 100 years ago. Wealthy families of the Central West today are descendants of these pioneers who were then inspired to make the necessary sacrifices. Later they found coal, oil, sulphur, gypsum, or other valuable products.

The physical natural resources of this country have been mostly discovered; but great spiritual natural resources remain untapped for those who have the same courage, patience and self-control of their ancestors. Undiscovered riches today, therefore, will follow the awakening of the souls of youth to creat and make new discoveries. These will enable people to live much longer, learn much faster, rearrange the atoms, to make new products and enjoy free power and free heat from gravity and the sun.

Different Natural Resources

These new developments must come through spiritually inspired brains. Hence, instead of homesteading land, we today should "homestead" brains! This means to invest more in labor and give more time to the minds of human beings, especially to the minds of our children. They are neglected today.

We think that television machines, airplanes and electrical appliances are wonderful; but these are mere peanuts compared with the intricate and marvelous machinery of the human brain. Yet, the Asiatics and Africans, whom I have hired for ten cents a day, have these human brains. To spiritually awaken these billions of brains is the next great "frontier." I wish I were younger to have a part in it.

Brains As Investment

This most wonderful machine is in your own children's heads. Your boy can develop his brain to become an Edison, a Firestone or a Ford; but the first step towards success is to inspire him to think, work, love and save. These men were inspired by their parents; they never went to college. Keep in mind that the masses are using their brains only a small fraction of 1% while your children are using theirs only about 5%.

Most jobs—include whitecollar positions—require very little brain work. Clerks, salesmen and so-called executives are really in the "manual labor" group, depending upon habit, memory, speed or friendship for earning their pay checks. They perform little or no creative work. Yes, the brains of our children are great undeveloped resources and offer you unlimited possibilities. These brains are worth to parents far more than any pensions which parents may ever receive.

Schools are doing their best to help your children. Furthermore, they do not expect to teach them reading, writing, arithmetic or any of the higher subjects. Schools, however, depend upon parents to set their children an example in good habits, good reading and thrift. As a child's religion is determined before he is 12 years old, so is his success or failure. In almost every case a boy's future is determined by the training which the boy receives at home during his early teens. If he has been inspired to think, to work, to save and to pray, he becomes a successful man,—college or no college. Systematic reading and creative thinking will then be his education.

Therefore, great undeveloped frontiers are now available; but they are spiritual frontiers. To conquer them requires the same courage, determination and sacrifice that our ancestors had when conquering the West. Instead of forsaking comfortable homes, cutting away forests and living in log cabins, our children, perhaps, must win their independence by forsaking amusing radios, televisions and useless reading, by refusing to "keep up with Lizzy," and by cultivating their minds as their ancestral pioneers cultivated the land. Inspired brains are the "gold mines" of the future.

Class on Radio

Kingston High School class in radio will broadcast over WKNY from 9 to 9:30 p. m. Friday, Nov. 23. At this time the class will give a one act play entitled Ghosts.

The cast for the play is as follows: Voice, Lewis Singer; Ghost of Sweet, Marilyn Mikitowitz; Dismal Ghost, Ronald Kozian; Mr. Tubbs, Howard Houghtaling; Mrs. Tubbs, Cynthia Steketee; Mrs. Hightreble, Helen Wilson; Count, Carl Van Wagenen.

Others in the production are Chairman of Ghosts, Jerome Cashin; Clerk of Ghosts, Karen Van Kleeck; Ghosts Bill Burgher; Charles Tiano; announcer, Bill Cashin; technician, James Gilbert; and Cornelius Houser, Donald Dempsey; and Howard Hornbeck.

Theme song will be the school Alma Mater. Five organ selections will be played by Howard Houghtaling.

Penny Carnival

The Penny Carnival will be held Friday, Nov. 30, in the MJM gym with a carnival king and queen reigning over the festivities.

Kings and queens chosen from each class are Seniors Polly Le Fever and Ham Darling; Juniors Diane Johnson and C. Ferraro; Sophomores Barbara Warnecke and Karl Meyers, and Freshmen Ada Case and Gene Massa. The king and queen to be chosen from the final selection have not yet been decided.

Committees for the carnival are Bill Marks, tickets; Marni Paley and Nan Shurter, decorations; Nick Brown and Joan Erena, publicity; Vince Van Bramer, entertainment; Tom Morrisey, clean-up; John Lalima, carpenters; Barbara Hearst is finance. General chairman is Bebe Newkirk. The marshals will be on post to see that everything goes well.

Doors will open from 3 to 6:30 p. m. in the afternoon for the grade schools and from 7 to 11:30 p. m. for high school students.

Will Begin Sales

In the near future, the girls' Senior Leaders Club will start selling maroon and white beanie caps with a Kingston High emblem on them.

The junior leaders have been selling pencils with the high school's 1951-52 basketball schedule on them. The proceeds of these sales will go into the clubs' treasuries and be used to provide a scholarship.

Yule Decorations

Next week, the Student Council will collect used clothing to exchange for Christmas greens from the south.

This story has it's beginning in a letter received by Student Council several weeks ago from Hyden, Ky. A resident there offered to send Christmas greens if clothing for her family of nine children could be received in return. So this year the halls will be decked with real holly and mistletoe.

To Induct Members

Honor Society's annual induction is scheduled for Friday, Dec. 7. Those chosen for Honor Society are judged by the merits of scholarship, leadership, service, and character.

The committees preparing for the induction include: Barbara Hutton, Ruth Cohn, and Myra Epstein; refreshments, Tom Brower and Linda Van Deusen, invitations; Carl Constant, Pete Bruck, Jimmy Wrinn and Bill Gaudette, speaker; Arlene Semilof, faculty; and Cindy Steketee, Carol Strongin, Judy Strong, and Ruthann Christensen, induction.

The scheduled speaker for the induction is Robert Peebles, manager of WKNY.

Faculty on Leave

Many of the faculty are spending Thanksgiving vacation with their families or friends. Miss Mary Lou Clarke is visiting at her home in Utica; Miss Ethel Carlson, Jamestown; Miss Patricia Nalton, Syracuse; Arthur G. Kurtznacker, Johnstown; Miss Madeline Tarrant, Saratoga Springs; Michael Aronica, and Miss Margaret Schuetz, Buffalo.

Represented Teachers

Mrs. Marion Murray and Marvin Craft represented the Kingston High School teachers at the annual meeting of the House of Delegates held at Rochester Monday and Tuesday.

Will Meet Students

Mr. Rudd, counselor of admissions at Stephens College, will be at the Kingston High School Guidance Office, Monday, Nov. 26, to interview students. All students interested in attending Stephens College will have an opportunity to interview Mr. Rudd.

Rotary-Kiwanis Hear Talk on Economics

Dr. Louis Salkevey, professor of economics at New Paltz State Teachers College, addressed the joint meeting of the Rotary and Kiwanis Clubs on Wednesday at the Hotel Stuyvesant.

The general problems of inflation and labor relations were discussed by the professor in a highly interesting and illuminating talk.

Rotary Program Chairman E. K. Lefren announced that Wednesday evening, November 28, the Rotary Club will visit the Hercules plant. Following the cafeteria supper at 6:30 in the plant, there will be a tour of the machine shop, wire department, delay electric blasting cap department, shell plant and press and charging building.

Kiwanis President Charles Snyder announced that rehearsals for the Kiwanis Kapers will be held Saturday and Sunday. The annual production will be staged on Monday and Tuesday evenings of next week at the Kingston High School Auditorium.

BABSON on BUSINESS

Babson Park, Mass., Nov. 23—Wise investors like "growth stocks." They are constantly watching for new opportunities and the big rewards which will come to those who are patient.

Growth stocks are usually based on natural resources. The buying of growth stocks today requires the same courage and patience as our ancestors needed when they went West and homesteaded land 100 years ago. Wealthy families of the Central West today are descendants of these pioneers who were then inspired to make the necessary sacrifices. Later they found coal, oil, sulphur, gypsum, or other valuable products.

The physical natural resources of this country have been mostly discovered; but great spiritual natural resources remain untapped for those who have the same courage, patience and self-control of their ancestors. Undiscovered riches today, therefore, will follow the awakening of the souls of youth to creat and make new discoveries. These will enable people to live much longer, learn much faster, rearrange the atoms, to make new products and enjoy free power and free heat from gravity and the sun.

Different Natural Resources

These new developments must come through spiritually inspired brains. Hence, instead of homesteading land, we today should "homestead" brains! This means to invest more in labor and give more time to the minds of human beings, especially to the minds of our children. They are neglected today.

We think that television machines, airplanes and electrical appliances are wonderful; but these are mere peanuts compared with the intricate and marvelous machinery of the human brain. Yet, the Asiatics and Africans, whom I have hired for ten cents a day, have these human brains. To spiritually awaken these billions of brains is the next great "frontier." I wish I were younger to have a part in it.

Brains As Investment

This most wonderful machine is in your own children's heads. Your boy can develop his brain to become an Edison, a Firestone or a Ford; but the first step towards success is to inspire him to think, work, love and save. These men were inspired by their parents; they never went to college. Keep in mind that the masses are using their brains only a small fraction of 1% while your children are using theirs only about 5%.

Most jobs—include whitecollar positions—require very little brain work. Clerks, salesmen and so-called executives are really in the "manual labor" group, depending upon habit, memory, speed or friendship for earning their pay checks. They perform little or no creative work. Yes, the brains of our children are great undeveloped resources and offer you unlimited possibilities. These brains are worth to parents far more than any pensions which parents may ever receive.

Schools are doing their best to help your children. Furthermore, they do not expect to teach them reading, writing, arithmetic or any of the higher subjects. Schools, however, depend upon parents to set their children an example in good habits, good reading and thrift. As a child's religion is determined before he is 12 years old, so is his success or failure. In almost every case a boy's future is determined by the training which the boy receives at home during his early teens. If he has been inspired to think, to work, to save and to pray, he becomes a successful man,—college or no college. Systematic reading and creative thinking will then be his education.

Therefore, great undeveloped frontiers are now available; but they are spiritual frontiers. To conquer them requires the same courage, determination and sacrifice that our ancestors had when conquering the West. Instead of forsaking comfortable homes, cutting away forests and living in log cabins, our children, perhaps, must win their independence by forsaking amusing radios, televisions and useless reading, by refusing to "keep up with Lizzy," and by cultivating their minds as their ancestral pioneers cultivated the land. Inspired brains are the "gold mines" of the future.

FAT FOLKS! Your Dream Has Come True!

How to Lose UGLY FAT Without Dieting-Hunger

If you are a normal, healthy, overweight man or woman by all means read about this amazing, new, clinically tested medical discovery, that is already creating a sensation all over the country.

Forget all about diets, hunger, calorie counting, massage, drugs, exercise and all other unpleasant, unnecessary things usually associated with reducing.

For a great medical discovery now makes it possible for you to lose pounds of excess fat safely—*without dieting, without having a single hungry moment.*

Doctors Discover Wafex

Most doctors agree that the best way to lose excess fat it to eat less—to go on a restricted diet. A group of New York doctors, making a special study of obesity, realized however, that while dieting was desirable it wasn't as easy or as simple as it sounds for most overweight people.

Hunger—The Fat Person's Enemy!

Dieting for most folks means hunger. And few people can resist hunger. So they appease it by eating between meals, by going off their diets. And back comes the unwanted pounds and inches.

So these New York doctors worked for years searching for a formula that would lick hunger and make people lose fat safely, *without dieting.* They finally announced success in a food adjunct called WAFEX.

Clinical Tests Proved Their Discovery

The doctors clinically tested WAFEX on a large group of non-glandular overweight men and women.

The group undergoing the tests were instructed by the doctors to chew or suck a tasty WAFEX half an hour before each meal but not to go on any special diet, not to cut out any special foods—just sit down at the table and eat until satisfied.

Results Amazing

Every member of the group lost 8 to 20 pounds in a short period of time; in fact satisfactory weight losses were noticed the very first week. And not a single person said she had a hungry moment.

Wafex as Harmless as a Glass of Water

A food adjunct not a drug

During the tests the doctors carefully checked the physical condition of each member of the group, took electro-cardiograms, and did not find a single case of ill effect. Everyone said she never felt better. So at last, the fat person's dream has come true—a way to lose excess fat without dieting, without hunger, without giving up the foods she likes.

Start slimming down your figure. Get WAFEX today. $3 for a month's supply. GUARANTEE: if you aren't pleased with the weight you lost after using one bottle of WAFEX you get your money back.

Wafex Stops Hunger

This Wafex Wafer has according to scientific calculations, the hunger satisfying capacity of 1 lb. boiled potatoes, 4 eggs or 5 slices of white bread. Yet contains only 5 calories.

Boy Dies of Cancer, His Misery Is Ended

Alameda, Calif., Nov. 23 (AP)—Little Rodney Gale did not live to celebrate the premature Christmas arranged for him by his parents and hundreds of well wishers.

The 3-year-old died of cancer, in his sleep last night.

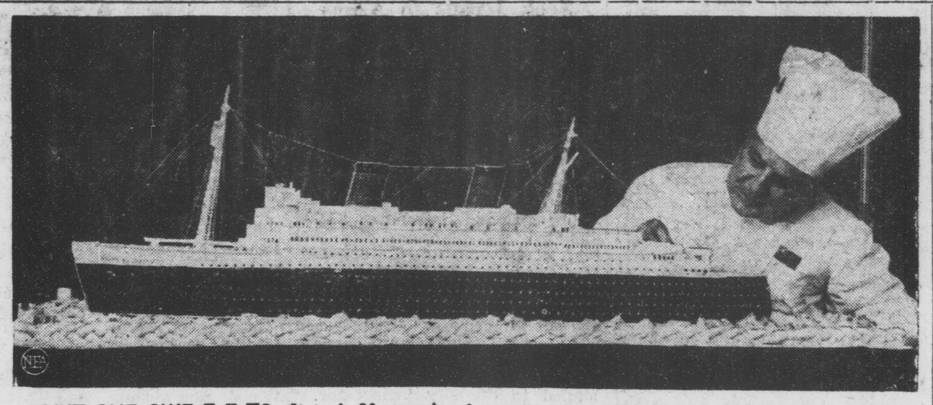

Rodney had been ill since August. Tuesday his parents, Mr. and Mrs. LeeRoy Gale, made the heart-breaking decision to let their son die as soon as possible, rather than live in pain a few weeks longer.

A doctor told them he might keep Rodney alive two or three months with a special compound.

"We decided against it," Mrs. Gale said. "It would only prolong his misery. And he's miserable enough now."

Coxsackie Woman Dies

Poughkeepsie, Nov. 23 (AP)—Mrs. Mary Bedell, 72, of Coxsackie, died in St. Francis Hospital yesterday of injuries suffered in an automobile wreck last Sunday. Her husband, Homer, 70, also a victim of the wreck, still is in serious condition in the hospital. The two were injured when a car in which they were riding plunged off Route 9G near East Park, and hit a sand pile. The driver, Alfred C. Albright, 47, of Hennacroie, was unhurt.

ISN'T SHE SWE-E-E-T?—It took 50 pounds of sugar, among other things, to make this replica of the Cunard Line's famous Queen Elizabeth, shown being admired by Reginald Guest, the luxury liner's veteran confectioner. The model was among Cunard entries that won two first prizes in the 83rd annual Salon of Culinary Art in New York City.

Humbled by the Missus

Ithaca, Nov. 23 (AP)—Mrs. Joe Humble was miffed when her policeman-husband went hunting at 6 a. m., yesterday without her. An hour later, she took her gun afield. Another half hour and she dropped an eight-point 175-pound deer. Came nightfall—and Joe, empty handed.

Woman Is Appointed

Albany, Nov. 23 (AP)—Governor Dewey today appointed Mrs. Nellie Mosteller of Newburgh to the Board of Trustees of Washington's Headquarters, a state shrine. Mrs. Mosteller was selected to succeed George E. Whitaker of Newburgh, who resigned. The term expires April 1.

Reward in Heaven

Mitchel Air Force Base, Nov. 23 (AP)—The Daily Bulletin here carries this note: "Will the person who came to chapel on Friday evening, Nov. 16, to meditate and pray and who got so deep in meditation that he took off with the chaplain's trench coat, please return the same? The reward will be great—in heaven."

Mitchel Air Force Base, Nov. 23 (AP)—The Daily Bulletin here carries this note: "Will the person who came to chapel on Friday evening, Nov. 16, to meditate and pray and who got so deep in meditation that he took off with the chaplain's trench coat, please return the same? The reward will be great—in heaven."

Annunziata Is Indicted

Rock Island, Ill., Nov. 23 (AP)—Ralph J. Annunziata, 24, St. Albans, Queens, N. Y., was indicted for manslaughter Wednesday by a Rock Island county grand jury. The indictment was based on a traffic accident in Rock Island Sept. 22. A car driven by Annunziata collided with a taxi. Horace Crabtree, of Moline, the cab driver, and Mrs. Wanetta Goetsch, of Rock Island, his passenger, were killed.

FAT FOLKS!
Your Dream Has Come True!

If you are a normal, healthy, overweight man or woman by all means read about this amazing, now, clinically tested medical discovery, that is already creating a sensation all over the country.

Forget all about diets, hunger, calorie counting, massage, drugs, exercise and all other unpleasant, unnecessary things usually associated with reducing.

For a great medical discovery now makes it possible for you to lose pounds of excess fat safely—*without dieting, without having a single hungry moment.*

Doctors Discover Wafex

Most doctors agree that the best way to lose excess fat it to eat less—to go on a restricted diet. A group of New York doctors, making a special study of obesity, realized however, that while dieting was desirable it wasn't as easy or as simple as it sounds for most overweight people.

Hunger—The Fat Person's Enemy!

Dieting for most folks means hunger. And few people can resist hunger. So they appease it by eating between meals, by going off their diets. And back comes the unwanted pounds and inches.

So these New York doctors worked for years searching for a formula that would lick hunger and make people lose fat safely, *without dieting.* They finally announced success in a food adjunct called WAFEX.

Clinical Tests Proved Their Discovery

The doctors clinically tested WAFEX on a large group of non-glandular overweight men and women.

The group undergoing the tests were instructed by the doctors to chew or suck a tasty WAFEX half an hour before each meal but not to go on any special diet, not to cut out any special foods—just sit down at the table and eat until satisfied.

Results Amazing

Every member of the group lost 8 to 20 pounds in a short period of time; in fact satisfactory weight losses were noticed the very first week. And not a single person said she had a hungry moment.

Wafex as Harmless as a Glass of Water

A food adjunct not a drug

During the tests the doctors carefully checked the physical condition of each member of the group, took electro-cardiograms, and did not find a single case of ill effect. Everyone said she never felt better. So at last, the fat person's dream has come true—a way to lose excess fat without dieting, without hunger, without giving up the foods she likes.

Start slimming down your figure. Get WAFEX today. $3 for a month's supply. GUARANTEE: if you aren't pleased with the weight you lost after using one bottle of WAFEX you get your money back.

Wafex Stops Hunger

This Wafex Wafer has according to scientific calculations, the hunger satisfying capacity of 1 lb. boiled potatoes, 4 eggs or 5 slices of white bread. Yet contains only 5 calories.

Seek Jewels in Ashes

Yonkers, Nov. 23 (AP) — Police will start sifting incinerator ashes today for $18,000 worth of jewelry which a somewhat forgetful woman put in an old shoe and tossed in a trash can. Mrs. Edward Madden, wife of a New York printing ink company executive, yesterday reported the loss of the gems—a $9,000 diamond bracelet, a $5,000 diamond and platinum ring and two $2,000 unmounted diamonds. Mrs. Madden told police she took the jewelry from a safe deposit box to have it appraised. Then she put the gems in an old shoe in a closet. During housecleaning several days later, the shoe was tossed into rubbish that was hauled to the city incinerator.

Seek Jewels in Ashes

Yonkers, Nov. 23 (AP) — Police will start sifting incinerator ashes today for $18,000 worth of jewelry which a somewhat forgetful woman put in an old shoe and tossed in a trash can. Mrs. Edward Madden, wife of a New York printing ink company executive, yesterday reported the loss of the gems—a $9,000 diamond bracelet, a $5,000 diamond and platinum ring and two $2,000 unmounted diamonds. Mrs. Madden told police she took the jewelry from a safe deposit box to have it appraised. Then she put the gems in an old shoe in a closet. During housecleaning several days later, the shoe was tossed into rubbish that was hauled to the city incinerator.

Overseas Work Is Now Available; To Give Interviews

An Air Force representative will be in Kingston on Wednesday to interview applicants for employment in Japan, Alaska, Europe and island bases in the southwest Pacific, the New York State Employment Service announced today.

The expansion program of the Air Force has resulted in a critical need for civilian assistance in the construction of airfields, maintenance of aircraft and in the administrative functions which are attendant to the mission of the Air Force. Attractive positions are available for engineers, skilled tradesmen, aircraft technicians and clerical and administrative persons.

Only United States citizens will be considered. Families cannot accompany employes. Dependents of civilian or military personnel now stationed overseas will not be considered for employment in the same area. A two-year tour of duty is required in most cases. Transportation is at government expense, provided the tour of duty is satisfactorily completed, and subsistence and quarters are furnished at a reasonable cost to employes.

Interviews will be conducted at the New York State Employment Service office, 18 Pine Grove avenue.

Gross Remains Silent

New York, Nov. 23 (AP)—Bookie Harry Gross still maintains his stubborn silence, which wrecked a criminal case against allegedly corrupt police and is hindering the current departmental trial of 29 policemen. Gross, who had said he paid $1,000,000 a year police protection of his $20,000,000-a-year bookie business, remained glumly silent on Wednesday. This was after he was called a liar by Assistant Chief Inspector John J. Travers, a defendant.

Russia Says U. S.

on the western proposal. Now he is expected to allude to the latest charge against the west as "exposing" another U. S. warlike act.

The Russians gave ground on one point, however, when Vishinsky ended without explanation a year-old Soviet boycott of UN Secretary General Trygve Lie.

Vishinsky invited Lie and his family to a private showing Wednesday night of some color movies just arrived from Moscow. Lie was unable to accept the invitation because of a previous engagement, but two of his three daughters went.

It was the first time any Soviet UN delegate has taken public notice of Lie since Vishinsky denounced him on Nov. 1, 1950, labeling him "a tool of the American imperialists."

American Law Quoted

The latest Russian note quoted the American law, which authorized the current U. S. foreign aid program, as providing $100 million to support "any selected persons who are residing in or escape from the Soviet Union, Poland, Czechoslovakia, Hungary, Romania, Bulgaria and Albania x x x either to form persons into elements of military forces supporting the North Atlantic Treaty organization or for other purposes."

Vishinsky charged that such action "constitutes unprecedented interference by the United States in the internal affairs of said states."

The State Department previously said the U. S. act is "designed to provide assistance for victims of Soviet Communist oppression when such assistance is determined to contribute to the defense of the north Atlantic area."

Would Display Attitude

U. S. Secretary of State Dean Acheson said he hoped Vishinsky's speech would display a "serious and cooperative" Russian attitude to the west's disarmament proposals, adding that he was "encouraged by the initial response of many nations" to the three-power plan. Acheson and British Foreign Secretary Eden went to Rome today for the meeting of the North Atlantic Treaty Organization.

As for the new Soviet charges that the U. S. was fostering subversion behind the Iron Curtain, these must go to the 14-nation steering committee which will decide whether the assembly will debate the matter.

In the UN Trusteeship Committee, France walked out in protest against an Egyptian attack on the French rule of Morocco. French Delegate Leon Pignon and his staff left when Egyptian Delegate Found El Pharaony made the attack. The French said the committee had no right to discuss political matters. The question of Moroccan independence is not on the committee agenda, although the Arab bloc wants to put it there.

Vandenberg Hints

MacArthur's program might touch off a third world war.

Says It's Peculiar

Appearing on a Mutual Network program, Vandenberg called the air war in Korea "a peculiar type of operation" which he said has not really utilized U. S. air power.

"We can't knock out the enemy's potential at its source," he said. "We are operating mainly in a tactical role—the role of air power to assist ground forces."

Vandenberg said recent Nevada tests have given the air force "a new atomic tactical weapon which can be utilized against armies in the field" but he added that some bugs remain to be worked out.

Reports Discounted

The air chief of staff discounted reports that the U. S. has suffered heavy losses in the operations of B-29's, the World War 2 heavy bombers now classed as mediums. He said:

"As of now, we have had 11 losses out of 11,570 sorties. As to jet-to-jet combat, we have knocked down six to their one. The situation is that in some respects our F-86 is superior to the Russian MIG-15, while in other respects the Russian MIG is superior to our F-86."

Vandenberg had told a news conference on Wednesday that UN air superiority in Korea is being seriously challenged by the MIGs but so far the situation is in hand. He said that with obvious help from Russia, China "overnight * * * has become one of the major air powers of the world."

Staff Sergeant Emmett T. Beck, a recalled reservist of the Transportation Corps, U. S. Army Reserve, has been released from active duty. His last duty assignment was at the pre-officer candidate school, Fort Dix. Sgt. Beck is the husband of the former Miss Louise Kohnmunch of Maple Hill.

Fined for Deer Charge

Edward John Malinka, Jamaica, L. I., was fined $52.50 in a civil compromise following the shooting of a buck deer Nov. 20. Corporal Ray Dunn and Game Inspector Henry Bernstein charged that Malinka early on Nov. 20 accosted two men on the road and asked them if they knew how to skin a deer. They reported that later they saw Malinka dragging a buck deer out of the woods. The matter was reported to Bernstein and Dunn and Malinka was arrested and taken before Justice Ray Smith where the civil compromise was arranged and the fine paid.

exploded the searchlights went out and the flak stopped."

Almost every night for a month, radar-guided B-29s have bombed three new Red airfields farther south—at Namsi, Taechon and Saamcham.

They drop 100-pound bombs which crater the runways and force the Reds to fill each hole. Vandenberg said the continuous raids have prevented the Reds from using the three fields.

Radar-controlled anti-aircraft guns protect the air fields. Some Allied officers assert the guns possibly are manned by Caucasian specialists from Communist East Europe. They undoubtedly have damaged some B-29s.

Vandenberg estimated the Chinese Reds have about 1,500 planes in north China and Manchuria of which half are MIG jets. He said the MIG "in many respects can out-perform our own F-86" Sabre Jet, the top allied fighter operating in Korea.

The air chief complained that allied "air power has not been really utilized in Korea" because UN planes cannot strike across the Korean border at Manchurian bases where the Reds mount their jet flights.

May Get Full Air War

He hinted that if truce talks fail, the United States might decide to fight an all-out air war.

Ground action along the snow-swept battle front quieted after a Thanksgiving Day attack in the west by possibly 6,000 Chinese.

One allied unit plowed a mile ahead through six inches of snow and a Red battalion on the eastern front of Yanggu. Other UN units turned back two Communist probing attacks near the punchbowl.

The U. S. Eighth Army reported there was no other significant action Friday morning except a series of small Chinese probing attacks along the western front, west of Korangpo and southwest of Chorwon.

Regain Position

It was in the Chorwon area where the Chinese struck Thanksgiving morning. They hit five allied strongpoints.

The Reds stormed barbed wire fortifications behind an artillery and mortar barrage. UN infantrymen fought them off with flamethrowers, machinegun and artillery fire.

The Reds overran one allied position but UN infantrymen regained it without firing a shot.

Car Prices to Jump

Washington, Nov. 23 (AP)—The prices of Packard motor cars are due to rise tomorrow. And in some areas there may be an increase soon in the prices of bread and bakery sweets. A government order issued yesterday authorized Packard motor car dealers to raise prices of passenger cars by amounts ranging from $116.12 to $185.05. Officials of the agency said last night a new regulation affecting 29,000 bakeries will be issued Monday and may send some bread prices up one cent on a one-pound loaf in certain areas.

Had No License

David Chase, Margaretville, was arrested and fined $10 Tuesday by Justice Ray Smith on a charge of driving a car without a license. It was charged by Corporal Ray Dunn of Phoenicia that about 5:10 p. m. Tuesday, Nov. 20, Chase was operating a car on route 214 when it struck a car operated by Benjamin Simmons of Chichester. Simmons was driving south on highway 214 and stopped his car. Chase ran into the rear of the Simmons car. There were no injuries reported.

Senate Group . . .

union was not established in the hearings. Various testimony put the number of its members as between 1,000 and 1,800.

Recommends Legislation

The subcommittee recommended legislation to deny certification as a bargaining agent to any Communist controlled union in the railroad industry.

A similar recommendation relating to other unions was made by the Senate group in an earlier report on an investigation of the American Communications Association, an independent union which has been expelled from the CIO..

Labor relations in the railroad and airline industries are governed by the Railway Labor Act; labor relations in other industries are subject to the Taft-Hartley Act.

The subcommittee's latest report also proposed amendment of the Railway Labor Act to require officers of railroad unions to file non-Communist affidavits. The Taft-Hartley Act now requires this of other union officers before they may use services of the National Labor Relations Board (NLRB).

Citation Is Sought

The subcommittee also called for a contempt of Congress citation against Solon C. Bell, of Chicago, president of the Dining Car and Railroad Food Workers Union, who, the transcript showed, declined to answer numerous questions at a subcommittee hearing on Sept. 25. Bell could not be reached for comment.

Among the questions Bell declined to answer was whether he was a member of the Communist party. He said that to do so might incriminate him.

The subcommittee said Bell was one of the 14 union officers and organizers who were named by witnesses as Communists. The others included regional vice presidents Daniel Benjamin, Osie Long and Charles McMurray.

The testimony showed that a rival labor organization, the AFL Dining Car Employes Union, represents about 13,000 railroad workers.

The subcommittee said, however, that the independent union, while small, "has a number of dues-paying members on other railroads and maintains a corps of Communists who are in the process of organizing workers on other railroads.

N.F.A. Routs Kingston High, 46-13 to Win DUSO Football Title

Spreer Brothers and Stellitano Standouts in Goldback Victory

Those Newburgh Free Academy football monsters were just as good as their press clippings indicated and some 5,000 Turkey Day spectators at municipal stadium watched them explode with all the power and wrath that five years of pent-up frustration and emotion could generate.

Gallant, underdog Kingston High held off the Hill City giant for three periods but in the end came the deluge—four touchdowns and four extra points that sent Coach Stan Hemingway's undefeated Goldbacks soaring to a crushing 46-13 victory.

Thus, the Goldbacks completed an undefeated season, with seven straight wins, and they set a new all-time scoring record for the Kingston series in nailing down their 11th DUSO League football pennant. Yesterday's was the seventh which they have won outright.

Kingston gained a measure of consolation in scoring twice against the Goldbacks. In six previous contests, the Newburgh goal line had been sullied only once—by Poughkeepsie.

Power Galore

Combining brilliant running by Don Jackson and Frank Stellitano and the superb passing combination of Richie Spreer and Bob Spreer, the Goldbacks flashed overwhelming superiority on the ground and in the airlanes as they ground out seven touchdowns.

Coach Hemingway kept the gates of mercy shut tightly and his baby behemoths wreaked terrible revenge on the Maroon. Their final scoring coup was a 47-yard pass play from Richie Spreer to Bob Spreer.

The highest previous score in this series was the 32 points Coach Bill Burke's 1948 machine rolled up in a 32-0 triumph over the Goldbacks.

Terrific Line

The giant Newburgh line smeared the Maroon's running attack and restricted it to only one first down and a net of 40 yards from scrimmage. They rushed passers Gene Massa and Jim Fiore relentlessly, permitting the Maroons to complete only three passes in 14 attempts for a gain of only seven yards.

The statistics are misleading and do not tell the real story of the impressive Newburgh power. The chart revealed a total offensive of 329 yards for the visitors but they inflicted greater damage than that.

Kingston luxuriated in a 6-6 tie with the monster in the second quarter, when Al Carpino picked up a blocked punt inside the five-yard line and barged over for the TD. Carpino was later to score on two slams from the four after Frank Fiore had thrilled Maroon rooters with a spectacular 65-yard gallop with an intercepted pass.

Fiore got off two brilliant runs with pass interceptions. He intercepted a pass on the Kingston 40 in the second period and fought and slashed his way through the entire Newburgh squad to the Goldbacks 32 in the most sensational play of the day.

Jackson Injured

Don Jackson, the dynamic Newburgh fullback who had terrorized the opposition all season, made an early exit, but his replacement, Frank Stellitano, proved a terrific substitute. Jackson left the game midway in the second quarter with a leg injury. He recovered sufficiently to start the second half but was kayoed again early in the third period and left the game for good.

Stellitano came in as the replacement and, if Kingston rooters hoped for a dimunititon of Newburgh running power they badly disappointed. Stellitano was a whirling dervish, tearing off huge chunks of yardage and blasting through gaping holes in the line with the nimbleness of a ballet dancer.

There were seven Newburgh touchdowns so, perhaps, it would be well to list them chronologically and with a minimum of the bloody details.

The first TD was the result of a Richie Spreer pass to Stellitano on a 20-yard play in which Spreer gave a sample of the magic in his firing arm. The pass went into the unprotected right flat and Stellitano galloped 15 yards unmolested. The drive started on the Kingston 37 and required six plays for the payoff.

Burger Scores

Dick Burger plunged from the 1-foot line at the end of a 52-yard drive in the second period. Stellitano got off three good runs in that drive.

Newburgh moved ahead 18-6 in the third period in a play that broke the back of the Kingston defense. Big Rich Howard, a tackle, intercepted a flat pass and lumbered 28 yards for the second.

The four-touchdown parade in the fourth period opened with Bob Spreer slamming over from the 3 on second try after he had taken a pass from his brother from the Kingston 15 to that point.

Stellitano broke off tackle for a 12-yard TD romp to run the score to 31-6. The big play in the sequence was a Spreer to Leghorn pass from the Kingston 35 to the 12.

The Goldbacks moved 78 yards in five plays to register their sixth touchdown, with Stellitano, Bob Spreer and Coulard ripping off long gains. Coulard plowed over from the two.

Just by way of showing that the gates of mercy were still tightly shut, the Goldbacks furnished the coupe de grace on a spectacular 47-yard scoring play from Richie Spreer to brother Bob Spreer. That was enough, even for Coach Hemingway and the revenge-maddened Newburgh rooters.

Newburghers Got Goalposts, Too

A lively rhubarb occurred after the Spreer brothers—Richie and Bob—completed a 47-yard pass play for the final Newburgh TD. The Goldback rooters, unable to restrain themselves, started tearing down the goal posts on the north end of the field, while the officials held up the game before the last placement was attempted.

The Newburgh rooters succeeded in shattering the posts amid flying fists. Big Bob Howard, the Newburgh tackle, was able to make the conversion and the game ended a few seconds later. A gang of kids then scurried to the south end of the stadium to wreck the other set of goal posts.

It was a great homecoming day for Kingston with many Maroon football heroes of yesteryear scattered through the crowd.

The Newburgh attendance yesterday surpassed their combined total for the past several years.

Kingston High was out in full force, with the senior and junior bands, the gym class and both sets of cheer leaders. The Newburgh band was on hand.

Maroon rooters began filing out of the stadium when the score mounted to 39-13 and not a few missed the last scoring play for Newburgh. The Hill City rooters stayed right to the end, enjoying their first Roman holiday in years at the expense of Kingston. You couldn't blame them. They had suffered hard and long. They had reason to be proud of their club, certainly one of the finest in DUSO history.

Mont Pleasant Harriers Capture Ninth Annual Poughkeepsie Y Cross-Country

Poughkeepsie, Nov. 23 (AP)—Two Schenectady high schools finished one-two in the Poughkeepsie YMCA's ninth annual Thanksgiving Day cross-country race yesterday.

Mont Pleasant High School of Schenectady won the event with a low score of 25. Nott Terrace of Schenectady was second with 49. Arlington High of Poughkeepsie finished third with 54.

George Turner, unbeaten 16-year-old Arlington senior, took individual honors. Turner, the state's Class B champion, ran the 2½-mile course in 12 minutes-20.2 seconds.

Donald Anderson, Fordham University captain, won the five-mile event in 24 minutes 42 seconds. He broke the tape one stride ahead of Harold Snyder of Alfred University.

Thomas Blair, 14-year-old freshman at Sacred Heart High School, Yonkers, captured the one-mile event for boys.

Illinois to Battle DangerousNorthwestern

BY JOHN CHANDLER

New York, Nov. 23 (AP)—College football nears the end of a hectic 1951 season tomorrow, with a heavy New Year's Day bowl atmosphere hovering over the top games on the scattered grid front.

Tennessee and Kentucky, both already invited to Jan. 1 bowls, clash at Lexington in what looms as the chief attraction of the afternoon.

Tennessee, the nation's No. 1 team until proven otherwise, already is in the Sugar Bowl against Maryland. Kentucky, beaten three times but improving each week, has accepted a Cotton Bowl berth.

Tennessee, which upset Kentucky last year, is a seven point choice over the Wildcats, the nation's No. 9 club.

But from the Big Ten, the southwest and the Pacific Coast sectors, bowl and would-be bowlers tangle in important struggles.

Three Big Ten teams still with a chance for the Rose Bowl share mid-west attention. Illinois, with the inside track, can clinch it with victory or even a tie against Northwestern at Evanston, Ill. Purdue meets Indiana, and Wisconsin, the No. 8 team this week, plays Minnesota. The situation is full of "ifs."

If Northwestern beats Illinois, the nation's No. 6 team, Purdue can win the championship by defeating Indiana. If both Purdue and Illinois are beaten, Wisconsin can win by taking Minnesota. The Illini are favored by 11½ points.

Big Game on Coast

Stanford, unbeaten in nine games and certain to be the host Pacific coast team in the Rose Bowl, meets California in the far west's stellar attraction at Palo Alto. Stanford rules a 6½ point choice. The Indians are the No. 3 team in the land.

In the southwest, four teams remain in the running for the conference flag and a crack at Kentucky in the Cotton Bowl. They are Rice, Texas Christian, Baylor and Texas.

Rice and Texas Christian, tied for the lead, play in the big one at Forth Worth with TCU favored by a touchdown. At Waco, Baylor meets dangerous Southern Methodist. Baylor is a seven point favorite. Texas and Texas A&M rest until they meet Thursday, Nov. 29. It may go down to Dec. 1, when Rice plays Baylor, No. 10, and TCU meets Southern Methodist.

Others in the top 10 this week appear to have fairly easy sailing. Michigan State, the No. 2 outfit, meets Colorado at East Lansing to close out its season.

Maryland takes on West Virginia at College Park, but should have little trouble defending its No. 4 rating. Princeton, No. 5, winds up against Dartmouth at Princeton. The No. 7 team Georgia Tech, plays Davidson in Atlanta. Georgia Tech already has accepted the Orange Bowl bid, against an undecided opponent.

Port Jervis High balanced its record in the DUSO League yesterday, by defeating Middletown, 12 to 6, in their traditional game at Port Jervis.

The Red and Black won two and lost two in conference play, while the Middies finished in the league cellar with four straight losses.

Dick Shewchuk scored both Port Jervis touchdowns, the first on an eight-yard bolt off tackle and the second from the one-foot line. Middletown scored in the first period on a 50-yard pass play from John Dineen to John Haefeli.

Port outrushed the Middies, 247 yards to 133 on the ground. Middletown picked up 86 yards in the air to 55 for the winners.

Tennessee-Kentucky Big Game Saturday

Illinois to Battle DangerousNorthwestern

BY JOHN CHANDLER

New York, Nov. 23 (AP)—College football nears the end of a hectic 1951 season tomorrow, with a heavy New Year's Day bowl atmosphere hovering over the top games on the scattered grid front.

Tennessee and Kentucky, both already invited to Jan. 1 bowls, clash at Lexington in what looms as the chief attraction of the afternoon.

Tennessee, the natioh's No. 1 team until proven otherwise, already is in the Sugar Bowl against Maryland. Kentucky, beaten three times but improving each week, has accepted a Cotton Bowl berth.

Tennessee, which upset Kentucky last year, is a seven point choice over the Wildcats, the nation's No. 9 club.

But from the Big Ten, the southwest and the Pacific Coast sectors, bowl and would-be bowlers tangle in important struggles.

Three Big Ten teams still with a chance for the Rose Bowl share mid-west attention. Illinois, with the inside track, can clinch it with victory or even a tie against Northwestern at Evanston, Ill. Purdue meets Indiana, and Wisconsin, the No. 8 team this week, plays Minnesota. The situation is full of "ifs."

If Northwestern beats Illinois, the nation's No. 6 team, Purdue can win the championship by defeating Indiana. If both Purdue and Illinois are beaten, Wisconsin can win by taking Minnesota. The Illini are favored by 11½ points.

Big Game on Coast

Stanford, unbeaten in nine games and certain to be the host Pacific coast team in the Rose Bowl, meets California in the far west's stellar attraction at Palo Alto. Stanford rules a 6½ point choice. The Indians are the No. 3 team in the land.

In the southwest, four teams remain in the running for the conference flag and a crack at Kentucky in the Cotton Bowl. They are Rice, Texas Christian, Baylor and Texas.

Rice and Texas Christian, tied for the lead, play in the big one at Forth Worth with TCU favored by a touchdown. At Waco, Baylor meets dangerous Southern Methodist. Baylor is a seven point favorite. Texas and Texas A&M rest until they meet Thursday, Nov. 29. It may go down to Dec. 1, when Rice plays Baylor, No. 10, and TCU meets Southern Methodist.

Others in the top 10 this week appear to have fairly easy sailing. Michigan State, the No. 2 outfit, meets Colorado at East Lansing to close out its season.

Maryland takes on West Virginia at College Park, but should have little trouble defending its No. 4 rating. Princeton, No. 5, winds up against Dartmouth at Princeton. The No. 7 team Georgia Tech, plays Davidson in Atlanta. Georgia Tech already has accepted the Orange Bowl bid, against an undecided opponent.

Esopus, Accord Score in Y Loop

Esopus Firemen and Accord Chevies scored victories in the Y Autumn League Wednesday, the Chevies tripping the "50" Club, 52-51, in the first overtime game of the season, while the Firemen overpowered the 156th FA quintet, 68-39.

Baker's foul shot in the extra session cinched the victory for the Chevies. Milfred Ebert was high scorer for the winners with 19 points, while Diamond and Schneider had 13 and 12 respectively for the losers.

Esopus outclassed the 156th FA with ease, rolling up a 18-9 quarter lead and a 34-13 bulge at the half.

Unruh led with 17 points; Terwilliger and Burger bagged 15 each and Hermance accounted for 10. Dunham and Van Wagenen hit for 13 apiece for the losers.

CYO Parish Basketball Leagues Launch 1951-52 Season on Saturday, Dec. 15

The CYO parish school basketball leagues launch the 1951-52 season on Saturday, Dec. 15, at the MJM school gym at 9:30 p. m.

The leagues are for all Catholic boys attending public and parochial grammar schools within the Ulster county CYO.

The league will operate in four divisions based on the weight of the players as follows:

Class A—85-pound, grammar school league.

Class B—100-pound grammar school league.

Class C—120-pound, grammar school league.

Class D—130-pound, parish school league.

The MJM court will be open on Saturday, Nov. 24, for the purpose of organizing the teams. It is requested that all boys interested attend these sessions at 9:30 a. m.

It is suggested that all boys interested in playing in this year's league contact their parish moderator or Sister Superior at school where entry blanks and regulation sheets will be available.

Baker 9-5 Choice Over Clarence Henry

New York, Nov. 23 (AP)—Bulky Bob Baker of Pittsburgh was rated a 9 to 5 choice to whip Clarence Henry in Madison Square Garden tonight and earn a shot at ex-heavyweight champion Ezzard Charles.

This is the showpiece for both boys. They've been climbing steadily up the ladder. Baker, unbeaten in 26 bouts, has moved to a No. 4 ranking. Henry, with a 28-2-1 record, is right behind Baker.

A crowd of 7,000 or 8,000 probably will watch them in the Garden but other fans will eye their clash via NBC's network telecast. ABC will handle the broadcast. The ten rounder will start at 10 p. m. (EST).

Elizabeth Bruck Pounds 561 Triple; Dom Clausi's 576 Leads Men's Loop

Elizabeth Bruck's hook ball solved the Bowlatorium planks for a 174-195-192-561 blast Wednesday night to capture high scoring honors in the Gold Division of the Colonial Women's League.

Four other female hotshots climbed over the "500" mark and there were a couple of "200" scores—Marge Jansen's 206 and a 205 by Mathilda Bruck.

Runnerup Marge Jansen posted 206-531. Rose Schatzel fired 521; Tess Moss 519; and Adabelle Markle 510.

Sue Heins hit for 496; Reta Frederick 478 and Doris Wolff 476.

Kelekian Rolls 507

Marie Kelekian's 507, with 181-164-162, was high score in the Silver division. Marie Bechtold crashed into the "500"' circle with 148-182-173-503; and Eleanor Dumenigo hit for 498.

Purple division honors went to Nancy Hussey with a 490 score on solos of 180, 152 and 158. Helen Buchholtz hit 420; Gwen Hulsair 411 and Flo Maley 405.

Top score among the only male scores reported was Dom Clausi's 576 triple in the CYO Holy Name League. Clausi sandwiched a 226 with 182 and 168.

J. Zeeh had a weak middle set—148—but flanked it with 244 and 201 for a runnerup 573. Gerald Kearney powered 214-568; Ed Koskie 202-549; Ken Radel 205-543; Joe Fautz 541; Charles Hertica 537; Joe Sweeney 526; Joe Watzka 223-521; E. Lukas 209-519; Joe Mitchell 519; Pete Tatarzewski 220-516; and E. McNally 501.

Syracuse Leads Eastern NBA

(By The Associated Press)

It took two overtime periods and the lowest score of the night to tie the Minneapolis Lakers and the Rochester Royals for the lead in the Western Division of the National Basketball Association.

The Lakers drew even last night by downing the Royals 70 to 65.

In contrast two teams went over the century mark and the Syracuse Nationals hit close to it in chalking up their eighth win in nine starts to hold first place in the Eastern Division.

The New York Knicks spurted in the last quarter for a 102-88 victory over the Philadelphia Warriors and the Boston Celtics set a new season's high by whipping the Milwaukee Hawks 103-72. The The Nats defeated the Fort Wayne Pistons 96-72.

Vern Mikkelson paced the Lakers with 21 points, eight in the second overtime session. The game was tied at 53 at the end of the regulation time and at 58 after the first overtimes.

The Nats let loose with a .438 shot percentage to down the Pistons at Fort Wayne as Red Rocha led the red-hot offense with 23 points. Al Cervi of Syracuse ran his consecutive free-throw mark to 42 straight before missing.

Boston put together 62 points in the second half as Bob Cousy dropped in 19 for the night, Bill Sharman added 17 more and Ed MacAuley 16.

Paul Arizin scored 32 points for the Warriors but his one-man offensive was not enough to match the Knicks' well-rounded attack, to which Sweetwater Clifton added 23 points. Joe Fulks of Philadelphia missed his first free throw of the year but coined 17 points.

Lions Overpower Packers, 52-35

Detroit, Nov. 23 (AP)—The title-hungry Detroit Lions will eye the outcome of the National Football League clash between the champion Cleveland Browns and Chicago Bears Sunday as keenly as any fan.

"We'll take the western division title if somebody can knock the Bears off for us," agree Coach Buddy Parker and his Lions.

Detroit boomed into a first-place tie in the division with the Bears and Los Angeles Rams by a 52-35 victory over the Green Bay Packers yesterday.

The Lions showed explosive power to 33,452 Thanksgiving fans in the stands and more at television screens. Trailing 21-10, they jammed across six speedy touchdowns in the second and third periods.

Johnny Ferraro of the Bowlodrome and Vic Ruzzo of the Bowlatorium will share part of the cost of sending the bus to New York city on Dec. 9 for "Kingston Night" on WOR-TV (Channel 9). Thirty seats are now available at a nominal price for the round trip. You can make reservations at either alley.

A final reminder to all bowlers, officials and fans in Kingston—don't forget the bowling rally on Tuesday, Nov. 27, at the YMCA at 8 p. m. Bob Lynch, eastern representative of the American Bowling Congress, will speak and show tenpin films.

● Flotsam and Jetsam:

Mayor Oscar V. Newkirk, Ad Jones and your observer spent 15 pleasant minutes with Bert Rhea on a Poughkeepsie radio station this week plugging the 1952 state tournament in Kingston. President Joe Magnino of the KBA reports that entry blanks are ready and will be distributed in the next few days. Now is the time to line up your squad. KBA officials are shooting for a goal of at least 100 teams. That's a big figure when you consider that a kegler can appear only once in a state tournament. The guaranteed first place prizes are $1500 in the team event; $600 doubles and 300 singles. The competition is based on 75 per cent handicap off the aggregate of the five highest averages credited to the bowlers making up a team. Championship trophies and medals will be awarded on a scratch basis only. The first five highest actual scores in each division will receive special prizes. The advance reservations of more than 800 teams is a good sign that the 1952 entry total will exceed the 1521 for the 1951 Elmira tournament. The all-time record was set by Buffalo with 1904 teams in 1949. George Obenauer, secretary of the Buffalo City Association, who is also state secretary, corralled 500 teams from the city of Buffalo for that one.

Other state tournament bric-a-brac: Buffalo Bowling Association led with 205 teams last year. Elmira, the host city, furnished 187; Rochester 194 and Syracuse 161. John O. Martino and Berard W. Sarno, the Syracuse bigwigs, have placed reservations for 150. New York city was surprisingly weak with only 55 teams but already have pledged 100 for the Kingston tournament and the final figures are expected to exceed that total. Rochester has made only four advance reservations. Maybe the camera city folks are still a bit peeved at having a hick town like Kingston beat them out for the state tournament plum. But Big Ed Wildey and company will probably come through down the stretch. The Elmira tournament paid out $12,726 in prizes, not including ties. The team prize list paid down 410 teams, or approximately 25 per cent. There were 819 doubles, 1600 singles and 369 all-events prizes.

With Nifty Nick Leoce pounding 715, the powerful Cy's Diners recently set an all-time Newburgh city record with a 3276 blast in the Classic League. The all-time Kingston high is 3298 by the Adirondack Trailways. The Hill City hotshots tossed games of 1201, 1023 and 1052. The 1201, second in their history, is among the five best scores rolled in the nation to date. Al Crisci, the leadoff, had an odd experience. After tossing 10 strikes in a row, he fouled on the 11th ball, which was a strike. Angie Ferraro, the local trundler, once lost a "700" triple by fouling on his last ball. The Newburgh box-score read something like this:

Al J. Crisci	279	157	211	649
Pat Tarsio	240	160	213	613
Lou Visconti	233	259	192	684
Nick Leoce	225	258	232	715
Tony Mack	224	189	204	617
	1201	1023	1052	3276

Bowling captains who are fretting about ABC team registration cards are advised to keep calm. The ABC is notoriously slow in getting the cards in the mail. And generally because the vast majority of leagues wait until the last moment before filing sanction applications. This creates a tremendous jam in the registration office in Milwaukee and it's some time before the ABC clerks can crawl out from under the pile.

Can you name the four Kingston bowlers who have rolled a "300" score?

Aussie Duo Stops Schroeder-Trabert

Sydney, Australia, Nov. 23 (AP)—Ted Schroeder and Tony Trabert failed today to win the doubles title of the New South Wales tennis championships as Australia's top duo of Frank Sedgman and Ken McGregor staged an uphill battle to beat the Americans.

Sedgman and McGregor walked off the court victorious, 6-8, 6-4, 4-6, 6-2, 10-8, after a gruelling five-set match that lasted two hours and 15 minutes.

The veteran Schroeder, of La Crescenta, Calif., and the youthful 19-year-old Trabert, of Cincinnati, appeared to have the match won on several occasions, but Sedgman and McGregor always rallied.

New Mexico has nine of the 176 units of the National Park System.

Egad, readers! When in doubt, take the offense!

That is ancient Hoople's slogan, dating back to Sir Roger De-Coverly Hoople—and since those dim, distant days we Hooples have always come back with our shield or on it.

I do not mean that we are offensive folk!

Let me put it another way—we're aggressive—harr-umph!

Thus, in my weekly forecasts, I've leaned heavily toward the team that displays the best offensive.

The defensive is for liars and those accused of felonies.

This week, accordingly, I have fallen back on my old offensive system in forecasting the results of Saturday's games.

I've dropped Dr. Zlobotny's laws of interstellar contranpuntalism, and am putting into effect the system of Prof. Bob Herzog, the old hypothesis of alphabetical averages.

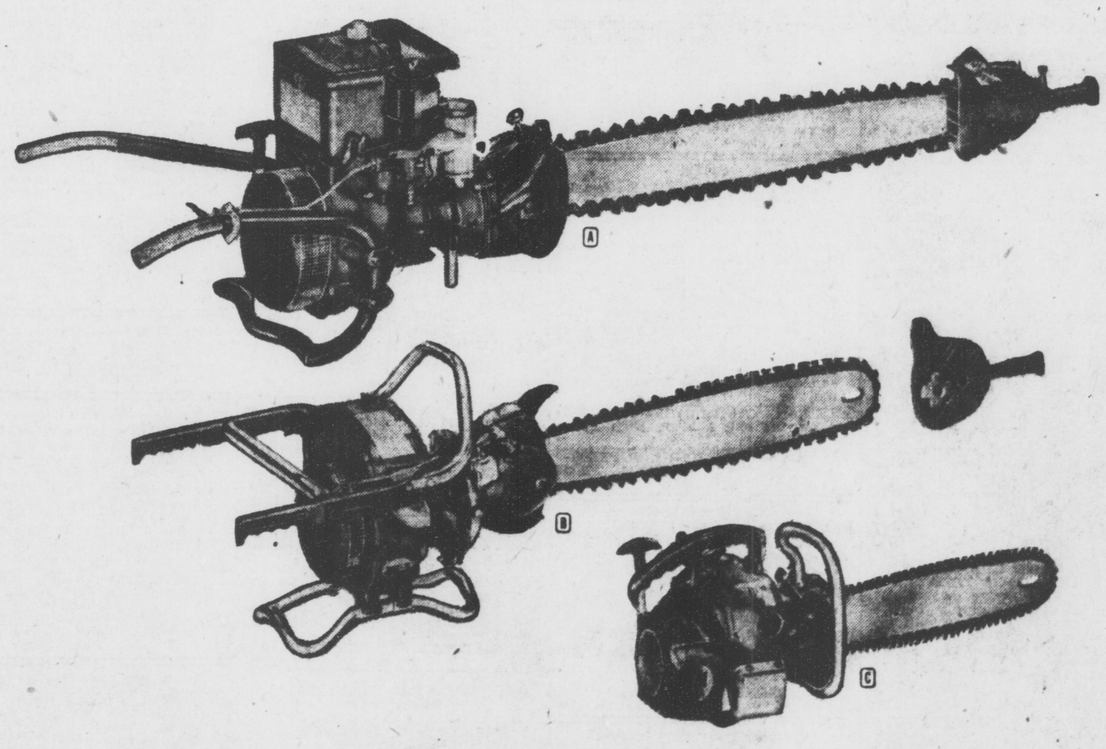

If you'll remember, that was the code I used in forecasting a Stanford victory over Southern California.

CYO Parish Basketball Leagues Launch 1951-52 Season on Saturday, Dec. 15

The CYO parish school basketball leagues launch the 1951-52 season on Saturday, Dec. 15, at the MJM school gym at 9:30 p. m.

The leagues are for all Catholic boys attending public and parochial grammar schools within the Ulster county CYO.

The league will operate in four divisions based on the weight of the players as follows:

Class A—85-pound, grammar school league.

Class B—100-pound grammar school league.

Class C—120-pound, grammar school league.

Class D—130-pound, parish school league.

The MJM court will be open on Saturday, Nov. 24, for the purpose of organizing the teams. It is requested that all boys interested attend these sessions at 9:30 a. m.

It is suggested that all boys interested in playing in this year's league contact their parish moderator or Sister Superior at school where entry blanks and regulation sheets will be available.

Baker 9-5 Choice Over Clarence Henry

New York, Nov. 23 (AP)—Bulky Bob Baker of Pittsburgh was rated a 9 to 5 choice to whip Clarence Henry in Madison Square Garden tonight and earn a shot at ex-heavyweight champion Ezzard Charles.

This is the showpiece for both boys. They've been climbing steadily up the ladder. Baker, unbeaten in 26 bouts, has moved to a No. 4 ranking. Henry, with a 28-2-1 record, is right behind Baker.

A crowd of 7,000 or 8,000 probably will watch them in the Garden but other fans will eye their clash via NBC's network telecast. ABC will handle the broadcast. The ten rounder will start at 10 p. m. (EST).

Elizabeth Bruck Pounds 561 Triple; Dom Clausi's 576 Leads Men's Loop

Elizabeth Bruck's hook ball solved the Bowlatorium planks for a 174-195-192-561 blast Wednesday night to capture high scoring honors in the Gold Division of the Colonial Women's League.

Four other female hotshots climbed over the "500" mark and there were a couple of "200" scores—Marge Jansen's 206 and a 205 by Mathilda Bruck.

Runnerup Marge Jansen posted 206-531. Rose Schatzel fired 521; Tess Moss 519; and Adabelle Markle 510.

Sue Heins hit for 496; Reta Frederick 478 and Doris Wolff 476.

Kelekian Rolls 507

Marie Kelekian's 507, with 181-164-162, was high score in the Silver division. Marie Bechtold crashed into the "500" circle with 148-182-173-503; and Eleanor Dumenigo hit for 498.

Purple division honors went to Nancy Hussey with a 490 score on solos of 180, 152 and 158. Helen Buchholtz hit 420; Gwen Hulsair 411 and Flo Maley 405.

Top score among the only male scores reported was Dom Clausi's 576 triple in the CYO Holy Name League. Clausi sandwiched a 226 with 182 and 168.

J. Zeeh had a weak middle set—148—but flanked it with 244 and 201 for a runnerup 573. Gerald Kearney powered 214-568; Ed Koskie 202-549; Ken Radel 205-543; Joe Fautz 541; Charles Hertica 537; Joe Sweeney 526; Joe Watzka 223-521; E. Lukas 209-519; Joe Mitchell 519; Pete Tatarzewski 220-516; and E. McNally 501.

Syracuse Leads Eastern NBA

(By The Associated Press)

It took two overtime periods and the lowest score of the night to tie the Minneapolis Lakers and the Rochester Royals for the lead in the Western Division of the National Basketball Association.

The Lakers drew even last night by downing the Royals 70 to 65.

In contrast two teams went over the century mark and the Syracuse Nationals hit close to it in chalking up their eighth win in nine starts to hold first place in the Eastern Division.

The New York Knicks spurted in the last quarter for a 102-88 victory over the Philadelphia Warriors and the Boston Celtics set a new season's high by whipping the Milwaukee Hawks 103-72. The The Nats defeated the Fort Wayne Pistons 96-72.

Vern Mikkelson paced the Lakers with 21 points, eight in the second overtime session. The game was tied at 53 at the end of the regulation time and at 58 after the first overtimes.

The Nats let loose with a .438 shot percentage to down the Pistons at Fort Wayne as Red Rocha led the red-hot offense with 23 points. Al Cervi of Syracuse ran his consecutive free-throw mark to 42 straight before missing.

Boston put together 62 points in the second half as Bob Cousy dropped in 19 for the night, Bill Sharman added 17 more and Ed MacAuley 16.

Paul Arizin scored 32 points for the Warriors but his one-man offensive was not enough to match the Knicks' well-rounded attack, to which Sweetwater Clifton added 23 points. Joe Fulks of Philadelphia missed his first free throw of the year but coined 17 points.

Lions Overpower Packers, 52-35

Detroit, Nov. 23 (AP)—The title-hungry Detroit Lions will eye the outcome of the National Football League clash between the champion Cleveland Browns and Chicago Bears Sunday as keenly as any fan.

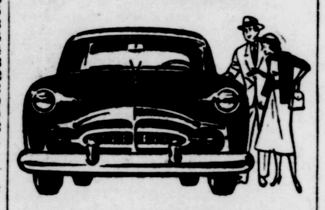

"We'll take the western division title if somebody can knock the Bears off for us," agree Coach Buddy Parker and his Lions.

Detroit boomed into a first-place tie in the division with the Bears and Los Angeles Rams by a 52-35 victory over the Green Bay Packers yesterday.

The Lions showed explosive power to 33,452 Thanksgiving fans in the stands and more at television screens. Trailing 21-10, they jammed across six speedy touchdowns in the second and third periods.

Johnny Ferraro of the Bowlodrome and Vic Ruzzo of the Bowlatorium will share part of the cost of sending the bus to New York city on Dec. 9 for "Kingston Night" on WOR-TV (Channel 9). Thirty seats are now available at a nominal price for the round trip. You can make reservations at either alley.

A final reminder to all bowlers, officials and fans in Kingston—don't forget the bowling rally on Tuesday, Nov. 27, at the YMCA at 8 p. m. Bob Lynch, eastern representative of the American Bowling Congress, will speak and show tenpin films.

• Flotsam and Jetsam:

Mayor Oscar V. Newkirk, Ad Jones and your observer spent 15 pleasant minutes with Bert Rhea on a Poughkeepsie radio station this week plugging the 1952 state tournament in Kingston. President Joe Magnino of the KBA reports that entry blanks are ready and will be distributed in the next few days. Now is the time to line up your squad. KBA officials are shooting for a goal of at least 100 teams. That's a big figure when you consider that a kegler can appear only once in a state tournament. The guaranteed first place prizes are $1500 in the team event; $600 doubles and 300 singles. The competition is based on 75 per cent handicap off the aggregate of the five highest averages credited to the bowlers making up a team. Championship trophies and medals will be awarded on a scratch basis only. The first five highest actual scores in each division will receive special prizes. The advance reservations of more than 800 teams is a good sign that the 1952 entry total will exceed the 1521 for the 1951 Elmira tournament. The all-time record was set by Buffalo with 1904 teams in 1949. George Obenauer, secretary of the Buffalo City Association, who is also state secretary, corralled 500 teams from the city of Buffalo for that one.

Other state tournament bric-a-brac: Buffalo Bowling Association led with 205 teams last year. Elmira, the host city, furnished 187; Rochester 194 and Syracuse 161. John O. Martino and Berard W. Sarno, the Syracuse bigwigs, have placed reservations for 150. New York city was surprisingly weak with only 55 teams but already have pledged 100 for the Kingston tournament and the final figures are expected to exceed that total. Rochester has made only four advance reservations. Maybe the camera city folks are still a bit peeved at having a hick town like Kingston beat them out for the state tournament plum. But Big Ed Wildey and company will probably come through down the stretch. The Elmira tournament paid out $72,726 in prizes, not including ties. The team prize list paid down 410 teams, or approximately 25 per cent. There were 819 doubles, 1600 singles and 369 all-events prizes.

With Nifty Nick Leoce pounding 715, the powerful Cy's Diners recently set an all-time Newburgh city record with a 3276 blast in the Classic League. The all-time Kingston high is 3298 by the Adirondack Trailways. The Hill City hotshots tossed games of 1201, 1023 and 1052. The 1201, second in their history, is among the five best scores rolled in the nation to date. Al Crisci, the leadoff, had an odd experience. After tossing 10 strikes in a row, he fouled on the 11th ball, which was a strike. Angie Ferraro, the local trundler, once lost a "700" triple by fouling on his last ball. The Newburgh boxscore read something like this:

Al J. Crisci	279	157	211	649
Pat Tarsio	240	160	213	613
Lou Visconti	233	259	192	684
Nick Leoce	225	258	232	715
Tony Mack	224	189	204	617
	1201	1023	1052	3276

Bowling captains who are fretting about ABC team registration cards are advised to keep calm. The ABC is notoriously slow in getting the cards in the mail. And generally because the vast majority of leagues wait until the last moment before filing sanction applications. This creates a tremendous jam in the registration office in Milwaukee and it's some time before the ABC clerks can crawl out from under the pile.

Can you name the four Kingston bowlers who have rolled a "300" score?

Aussie Duo Stops Schroeder-Trabert

Sydney, Australia, Nov. 23 (AP)—Ted Schroeder and Tony Trabert failed today to win the doubles title of the New South Wales tennis championships as Australia's top duo of Frank Sedgman and Ken McGregor staged an uphill battle to beat the Americans.

Sedgman and McGregor walked off the court victorious, 6-8, 6-4, 4-6, 6-2, 10-8, after a gruelling five-set match that lasted two hours and 15 minutes.

The veteran Schroeder, of La Crescenta, Calif., and the youthful 19-year-old Trabert, of Cincinnati, appeared to have the match won on several occasions, but Sedgman and McGregor always rallied.

New Mexico has nine of the 176 units of the National Park System.

License Is Revoked

New York, Nov. 23 (AP) — The New York State Athletic Commission today revoked the license of middleweight boxer Rocco (Rocky) Compitello for hitting and kicking a referee in a bout last Nov. 15 Robert K. Christenberry, commission chairman, announced the unanimous decision after a hearing attended by the boxer, Referee Jack Appel and commission officials. "I advise you to get another means of livelihood," Christenberry told Compitello. "For as long as I am commissioner you never will be permitted to box in the state of New York."

Won't Give Formal Reply

Tel Aviv, Israel, Nov. 23 (AP)—A foreign office spokesman said today Israel will not make formal, written reply to the new Soviet note warning Middle Eastern countries away from the projected midwest command of the western powers. The spokesman said the Russia note was of a "declarative nature." There is a possibility, he added, that Israel's reaction may be given orally to Soviet diplomats here or in Moscow.

Probe Is Started

abreast through a narrow tunnel under Park avenue.

Twenty-seven passengers were injured yesterday, two of them critically, as two eight-car New York, New Haven and Hartford Railroad trains sideswiped in an impact of crunching steel and flying glass.

Although the trains were moving north at only 10 miles an hour, the crash caused parts of the trains to smash against opposite sides of the tunnel while one coach ripped through a concrete retaining wall.

Involved in the accident were a local headed for Stamford, Conn., and an express bound for New Haven, Conn.

Many of the 1,100 passengers aboard the two trains were bound for holiday destinations.

Averts Near-Panic

Near-panic in one wrecked coach was averted by Air Force Sgt. Russell E. Harper of Chicago who suffered a knee injury. Harper said:

"I saw glass flying around and I got up and slapped some people when they looked like they were about to get out of hand.

"Women were screaming and a man and wife were trapped under their seat. I smelled fumes and I had some girls break some windows."

The crash occurred at 56th street and Park avenue. That part of the tunnel holds four sets of rails and is a converging point for 32 sets of upper and lower level tracks originating from Grand Central Terminal.

Following the wreck, emergency aid came fast. The third rail current was turned off quickly. Police, fire and hospital units raced to the scene within 10 minutes.

Scramble to Wreck Scene

Nurses, firemen and police scrambled down a winding, narrow staircase to the wreck scene. The more seriously injured were moved by stretcher along a catwalk and taken up the stairway. Many passengers were covered with soot and grime. Some elderly women cried and moaned as they were led to safety.

When the crash came, the train disaster of a year ago on the Long Island railroad flashed through the minds of many passengers. In that wreck—Nov. 22, 1950, on Thanksgiving Eve—79 persons were killed and more than 125 injured when an eastbound train smashed into the rear of another eastbound train that had halted in Queens.

New Haven railroad officials had no immediate explanation for the cause of yesterday's collision. However, police said the express, specially put into service to help handle the holiday rush, went through a switch.

Traffic was blocked in and out of Grand Central Terminal for three hours before three of the four tracks could be cleared. Some 20,000 commuters and holiday visitors were stranded.

The fourth track was put back into operation at 7 a. m. today.

Probers will include the police, the district attorney's office, the Interstate Commerce Commission, the State Public Service Commission, and the New Haven and the New York Central roads, which jointly operate the tracks out of the terminal.

Among Those Injured

New York, Nov. 23 (AP)—Among passengers hospitalized in yesterday's accident involving two trains of the New York, New Haven and Hartford railroad were:

Mrs. Becky Brodsky, 77 of Brooklyn, and Mrs. Clara Brecht, 75, of Manhattan, both critically injured; Ernest Frutiger, 62, of Croton-on-Hudson, N. Y., and Emily Atkinson, 24, of 100 Brookside Drive, Greenwich, Conn.

Asked for a Dance

Charles "Chuck" Norris, 24-year-old Chicagoan, views surroundings at the swank Hertfort Hospital Charity Ball in Paris where he almost had a dance with Princess Margaret Rose. Smitten by her beauty in a newspaper picture, Chuck went to the ball, introduced himself to the princess and asked to dance with her. The princess said she was "terribly sorry" but that she was booked up. *(AP photo via radio from London)*

Buses Run Again

New York, Nov. 23 (AP)—Buses of the city's biggest transit company were running again today after a Thanksgiving Day strike, but the threat of a massive pre-Christmas walkout on nine bus system remained. Third Avenue Transit system buses started rolling out of garages shortly before midnight. However, all of the city's nine private bus companies, carrying 3,200,000 riders a day, are threatened with a CIO Transport Workers Union strike—possibly on Dec. 4. The union's contracts with the companies contain a no-strike clause.

Sail for Korea

Marseille, France, Nov. 23 (AP)—Five hundred and 33 French volunteers for Korea sailed today on the Norwegian ship, Skaugum. They are replacements for the French battalion in Korea. Also aboard the ship were 1,504 troops headed for Indochina.

Buffer Clause . . .

official UN command spokesman, said the agreement would give the allies "exactly what they asked for at the beginning of the talks in July."

Friday's agreement followed a UN command concession on one point.

Reds Suggest Division

In their original 30-day plan the allies proposed that if an armistice agreement is not reached before the deadline, a new cease-fire line be drawn. The Reds suggested that instead the line be revised just before the armistice is signed to include changes which may result through battle action. The UN delegates accepted this.

Nuckols was asked whether the allies had abandoned their opposition to any cease-fire line which might become fixed—at least psychologically. UN spokesmen have said they feared the Reds would stall the armistice talks interminably if such a line was set.

"If we are going to get ahead on an armistice at all there have to be compromises by both sides," Nuckols replied.

In a separate tent from the negotiators, staff officers began drawing the line of battle contact on a large-scale map. Truce negotiators previously agreed to call on the staff officers to save time.

Lt. Col. Albert M. Butler, Pasadena, Calif., plans and operations officer for the S. S. Eighth Army, and Col. James C. Murray, a career marine officer from Atlanta, represented the UN.

Commons Approves Plan

London, Nov. 23 (AP)—Prime Minister Churchill's plan to forge a 125,000-man peacetime home guard received House of Commons approval last night. Commons okayed the measure unanimously, on a voice vote. War Minister Anthony H. Head said the prime purpose of reviving the World War 2 guard would be to protect key factories and airports and to aid the civil defense force in case of enemy air attack. Head stressed that the measure was not being brought up because the government thought war was "any more likely."

Fire Destroys Hut

A hut to the rear of 330 Hurley avenue was destroyed by fire yesterday. Firemen were called at 10:38 a. m., and used a hydrant stream, but the flames had gained too much headway. The sprinkler head backstage at Reade's Kingston Theatre, Wall street went off at 12:50 p. m. yesterday. No damage was reported. The water line was shut off and the system was drained.

No Wheels

Carbondale, Ill. (AP) — Two runaway boys from Centralia, Ill.—picked up by Carbondale police—were telling how they planned to start out on their own. One boy, whose father was there to take him home, said they planned to sell his motorbike when they reached Alabama. The father interrupted: "You won't have to wait that long. I'm going to sell it when we get home."

Will Back Greece

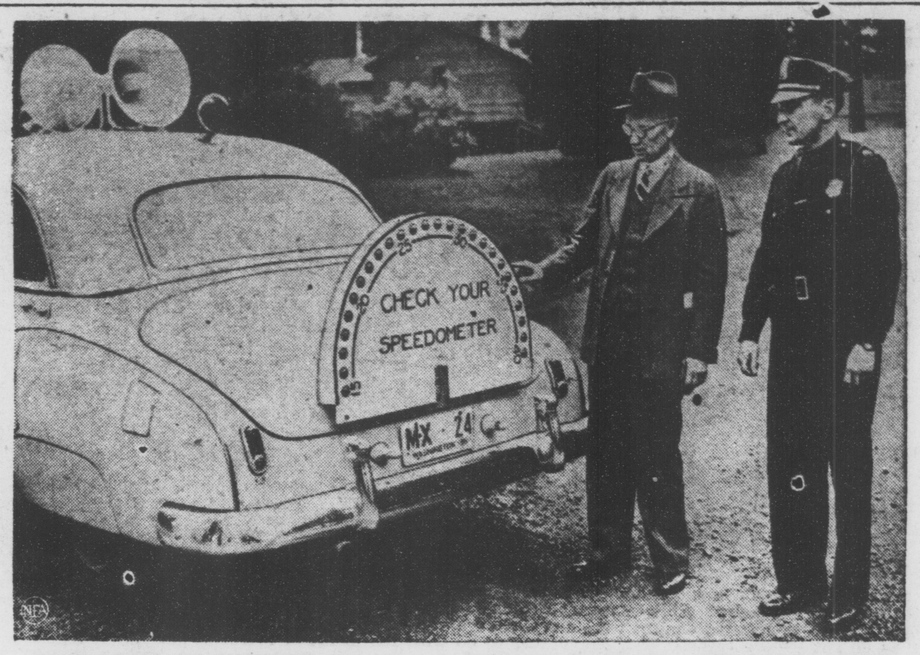

Paris, Nov. 23 (AP)—The U. S. delegation to the United Nations said today it had been asked by the Soviet Union to support the candidacy of White Russia for the Security Council. A spokesman declined to say what the American response would be, but it is understood here that the U. S. will back Greece for the seat the Soviet republic wants.

Delegation Goes to Paris

Saigon, Indochina, Nov. 23 (AP)—An Indochinese delegation left today for Paris to ask for the same independence for their war-torn nation that countries have in the British Commonwealth. The delegation was headed by Tran Vin Huu, premier of the Viet Nam Cabinet.

HEADY ITEM — What Donna Deckard is showing here is a new, adjustable shower head that can be set at any height to accommodate tall, medium or short people. It has a valve that regulates temperature and type of spray, too, and it's displayed at a San Mateo, Calif., home show. Donna's bathing suit? Oh, it's a chinchilla-trimmed number. Sells for $2000.

YOUR SPEED AT A GLANCE—This oversize speedometer, developed by traffic safety specialists in Seattle, Wash., and at Washington State College, may soon appear on police cars throughout the country. The 31-inch half-moon speedometer registers exact speed in lights, and motorists are invited to check their own speedometers by it. Here, Washington State Prof. Homer J. Dana, left, and Capt. R. W. Zottman, traffic chief of Seattle police, developers of the idea, look over the finished product.

Soviets Warn East To Avoid Program

London, Nov. 23 (AP)—The Moscow radio said today that the Soviet government has warned the countries of the Middle East against joining the American-British backed plan for Middle East defense.

Participation in th plan, the broadcast said, "will cause serious damage to realtions" existing between the Middle East countries and the Soviet Union.

The broadcast, monitored in London, said Deputy Foreign Minister Andrei Gromyko handed notes to the envoys of Egypt, Syria, Lebanon, Iraq and Israel in Moscow on Wednesday.

The following day the Soviet position was relayed through Cairo to the governments of Saudi Arabia and Yemen.

The notes marked a sharp Russian reaction to the plan proposed by the United States, Britain, France and Turkey for a Mid-East defense setup linked with the Atlantic Pact.

The plan, among other things, would provide an international military force in the Suez Canal zone to replace the present British garrison which Egypt is seeking to force out of the area.

Egypt already has rejected the western plan and stepped up her campaign against the British. Other Mid-East countries approached on the subject of the joint command have not taken a stand for or against it.

Russia Claims U. S. Plane Violates Border

Washington, Nov. 23 (AP)—Russia has protested to the United States that an American plane violated the Siberian border. A note from Moscow said the plane was fired on by Soviet fighter craft.

This was learned today, and may explain the Moscow press announcement of the decoration of two Soviet navy fliers for outstanding performance of their service duties.

The circumstances paralleled the awards given Soviet fliers who shot down an American navy Privateer plane early last year.

Girl Lands Like Ton In Circus Worker's Arms

New Orleans, Nov. 23 (AP)—A small circus performer fell 30 feet here last night, but was caught in the arms of another circus worker.

Maris Peters Simru, 22, said she blacked out during an aerial ballet at the Shrine circus. She was caught by 36-year-old Ralph Vinarski, Cleveland, Ohio, assistant rigging superintendent for the Tom Pack Circus.

Both were carried from the ring unconscious.

Vinarski, who said the 98-pounder "landed like a ton," suffered a sprained back.

The girl escaped injury.

"You saved my life, for heaven's sake," she later told the rigger.

Enemy Losses Figured

Washington, Nov. 23 (AP)—The army today estimated total enemy casualties in Korea through Nov. 14 at 1,467,407, an increase of 9,941 over the previous week. The total included 1,068,644 battle casualties, 246,394 non battle losses and 152,369 counted prisoners of war. The figure for counted prisoners decreased 16,603 during the week, the army said, because further screening of captives has separated some 16,685 suspected civilians, guerrillas and other non-regular troops from members of organized enemy units.

18 Persons Hurt In October Crashes

Police Chief Raymond Van-Buren's report to the police commissioners recently showed 18 persons injured in 15 city traffic accidents during October.

Eight of the accidents involved other motor vehicles, four pedestrians, two bicycles and one accident in which a vehicle went off the roadway.

The report showed 86 arrests for the month and of these 34 were for public intoxication, 23 for traffic law infractions, 12 for disorderly conduct, four for driving while intoxicated, two for grand larceny, two for second degree assault, one for third degree assault, and one for bigamy.

Po River Still Rises

Rovigo, Italy, Nov. 23 (AP)—The waters of the swollen Po river continued to rise today, threatening further loss of life and destruction in northern Italy. In two weeks, floods have taken about 100 lives, driven 200,000 persons from their homes and caused damage of hundreds of millions of dollars.

Power windmills practically disappeared with the coming of small gasoline engines.

And It Sounds Simple

Pasadena, Calif., Nov. 23 (AP)—Australian scientists claim discovery of a new and better way to produce rain artificially. And they make it sound simple. All you have to do, one of them says, is spray low hanging clouds with water. Particularly effective on the warm, low hanging clouds characteristic of Australia and other South Pacific areas, the system should be capable of producing a millions tons of rain from one ton sprayed on the base of a cloud formation, the Aussies say.

License Is Revoked

New York, Nov. 23 (AP) — The New York State Athletic Commission today revoked the license of middleweight boxer Rocco (Rocky) Compitello for hitting and kicking a referee in a bout last Nov. 15 Robert K. Christenberry, commission chairman, announced the unanimous decision after a hearing attended by the boxer, Referee Jack Appel and commission officials. "I advise you to get another means of livelihood," Christenberry told Compitello. "For as long as I am commissioner you never will be permitted to box in the state of New York."

Won't Give Formal Reply

Tel Aviv, Israel, Nov. 23 (AP)—A foreign office spokesman said today Israel will not make formal, written reply to the new Soviet note warning Middle Eastern countries away from the projected midwest command of the western powers. The spokesman said the Russia note was of a "declarative nature." There is a possibility, he added, that Israel's reaction may be given orally to Soviet diplomats here or in Moscow.

Probe Is Started

abreast through a narrow tunnel under Park avenue.

Twenty-seven passengers were injured yesterday, two of them critically, as two eight-car New York, New Haven and Hartford Railroad trains sideswiped in an impact of crunching steel and flying glass.

Although the trains were moving north at only 10 miles an hour, the crash caused parts of the trains to smash against opposite sides of the tunnel while one coach ripped through a concrete retaining wall.

Involved in the accident were a local headed for Stamford, Conn., and an express bound for New Haven, Conn.

Many of the 1,100 passengers aboard the two trains were bound for holiday destinations.

Averts Near-Panic

Near-panic in one wrecked coach was averted by Air Force Sgt. Russell E. Harper of Chicago who suffered a knee injury. Harper said:

"I saw glass flying around and I got up and slapped some people when they looked like they were about to get out of hand.

"Women were screaming and a man and wife were trapped under their seat. I smelled fumes and I had some girls break some windows."

The crash occurred at 56th street and Park avenue. That part of the tunnel holds four sets of rails and is a converging point for 32 sets of upper and lower level tracks originating from Grand Central Terminal.

Following the wreck, emergency aid came fast. The third rail current was turned off quickly. Police, fire and hospital units raced to the scene within 10 minutes.

Scramble to Wreck Scene

Nurses, firemen and police scrambled down a winding, narrow staircase to the wreck scene. The more seriously injured were moved by stretcher along a catwalk and taken up the stairway. Many passengers were covered with soot and grime. Some elderly women cried and moaned as they were led to safety.

When the crash came, the train disaster of a year ago on the Long Island railroad flashed through the minds of many passengers. In that wreck—Nov. 22, 1950, on Thanksgiving Eve—79 persons were killed and more than 125 injured when an eastbound train smashed into the rear of another eastbound train that had halted in Queens.

New Haven railroad officials had no immediate explanation for the cause of yesterday's collision. However, police said the express, specially put into service to help handle the holiday rush, went through a switch.

Traffic was blocked in and out of Grand Central Terminal for three hours before three of the four tracks could be cleared. Some 20,000 commuters and holiday visitors were stranded.

The fourth track was put back into operation at 7 a. m. today.

Probers will include the police, the district attorney's office, the Interstate Commerce Commission, the State Public Service Commission, and the New Haven and the New York Central roads, which jointly operate the tracks out of the terminal.

Among Those Injured

New York, Nov. 23 (AP)—Among passengers hospitalized in yesterday's accident involving two trains of the New York, New Haven and Hartford railroad were:

Mrs. Becky Brodsky, 77 of Brooklyn, and Mrs. Clara Brecht, 75, of Manhattan, both critically injured; Ernest Frutiger, 62, of Croton-on-Hudson, N. Y., and Emily Atkinson, 24, of 100 Brookside Drive, Greenwich, Conn.

Buses Run Again

New York, Nov. 23 (AP)—Buses of the city's biggest transit company were running again today after a Thanksgiving Day strike, but the threat of a massive pre-Christmas walkout on nine bus system remained. Third Avenue Transit system buses started rolling out of garages shortly before midnight. However, all of the city's nine private bus companies, carrying 3,200,000 riders a day, are threatened with a CIO Transport Workers Union strike—possibly on Dec. 4. The union's contracts with the companies contain a no-strike clause.

Sail for Korea

Marseille, France, Nov. 23 (AP)—Five hundred and 33 French volunteers for Korea sailed today on the Norwegian ship, Skaugum. They are replacements for the French battalion in Korea. Also aboard the ship were 1,504 troops headed for Indochina.

Asked for a Dance

Charles "Chuck" Norris, 24-year-old Chicagoan, views surroundings at the swank Hertfort Hospital Charity Ball in Paris where he almost had a dance with Princess Margaret Rose. Smitten by her beauty in a newspaper picture, Chuck went to the ball, introduced himself to the princess and asked to dance with her. The princess said she was "terribly sorry" but that she was booked up. *(AP photo via radio from London)*

Buffer Clause . . .

official UN command spokesman, said the agreement would give the allies "exactly what they asked for at the beginning of the talks in July."

Friday's agreement followed a UN command concession on one point.

Reds Suggest Division

In their original 30-day plan the allies proposed that if an armistice agreement is not reached before the deadline, a new cease-fire line be drawn. The Reds suggested that instead the line be revised just before the armistice is signed to include changes which may result through battle action. The UN delegates accepted this.

Nuckols was asked whether the allies had abandoned their opposition to any cease-fire line which might become fixed—at least psychologically. UN spokesmen have said they feared the Reds would stall the armistice talks interminably if such a line was set.

"If we are going to get ahead on an armistice at all there have to be compromises by both sides," Nuckols replied.

In a separate tent from the negotiators, staff officers began drawing the line of battle contact on a large-scale map. Truce negotiators previously agreed to call on the staff officers to save time.

Lt. Col. Albert M. Butler, Pasadena, Calif., plans and operations officer for the S. S. Eighth Army, and Col. James C. Murray, a career marine officer from Atlanta, represented the UN.

Commons Approves Plan

London, Nov. 23 (AP)—Prime Minister Churchill's plan to forge a 125,000-man peacetime home guard received House of Commons approval last night. Commons okayed the measure unanimously, on a voice vote. War Minister Anthony H. Head said the prime purpose of reviving the World War 2 guard would be to protect key factories and airports and to aid the civil defense force in case of enemy air attack. Head stressed that the measure was not being brought up because the government thought war was "any more likely."

Fire Destroys Hut

A hut to the rear of 330 Hurley avenue was destroyed by fire yesterday. Firemen were called at 10:38 a. m., and used a hydrant stream, but the flames had gained too much headway. The sprinkler head backstage at Reade's Kingston Theatre, Wall street went off at 12:50 p. m. yesterday. No damage was reported. The water line was shut off and the system was drained.

No Wheels

Carbondale, Ill. (AP) — Two runaway boys from Centralia, Ill.—picked up by Carbondale police—were telling how they planned to start out on their own. One boy, whose father was there to take him home, said they planned to sell his motorbike when they reached Alabama. The father interrupted: "You won't have to wait that long. I'm going to sell it when we get home."

Will Back Greece

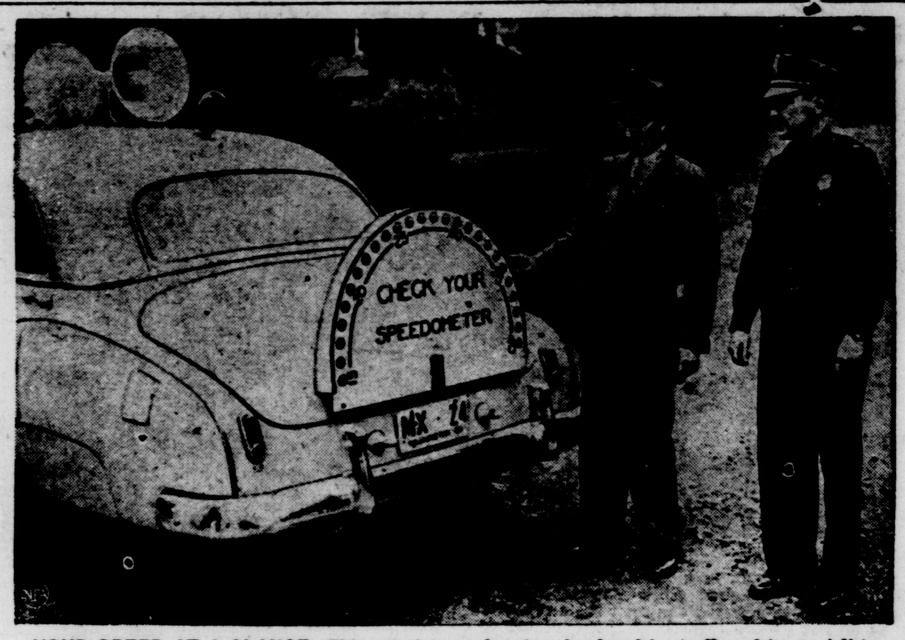

Paris, Nov. 23 (AP)—The U. S. delegation to the United Nations said today it had been asked by the Soviet Union to support the candidacy of White Russia for the Security Council. A spokesman declined to say what the American response would be, but it is understood here that the U. S. will back Greece for the seat the Soviet republic wants.

Delegation Goes to Paris

Saigon, Indochina, Nov. 23 (AP)—An Indochinese delegation left today for Paris to ask for the same independence for their war-torn nation that countries have in the British Commonwealth. The delegation was headed by Tran Vin Huu, premier of the Viet Nam Cabinet.

YOUR SPEED AT A GLANCE—This oversize speedometer, developed by traffic safety specialists in Seattle, Wash., and at Washington State College, may soon appear on police cars throughout the country. The 31-inch half-moon speedometer registers exact speed in lights, and motorists are invited to check their own speedometers by it. Here, Washington State Prof. Homer J. Dana, left, and Capt. R. W. Zottman, traffic chief of Seattle police, developers of the idea, look over the finished product.

Soviets Warn East To Avoid Program

London, Nov. 23 (AP)—The Moscow radio said today that the Soviet government has warned the countries of the Middle East against joining the American-British backed plan for Middle East defense.

Participation in th plan, the broadcast said, "will cause serious damage to realtions" existing between the Middle East countries and the Soviet Union.

The broadcast, monitored in London, said Deputy Foreign Minister Andrei Gromyko handed notes to the envoys of Egypt, Syria, Lebanon, Iraq and Israel in Moscow on Wednesday.

The following day the Soviet position was relayed through Cairo to the governments of Saudi Arabia and Yemen.

Believed to Be Killers' Car

This black sedan in a Toronto, Ont., police garage is believed to be the getaway car involved in the slaying of racketeer Willie Moretti in Cliffside Park, N. J. Patsy Perry, racetrack figure, and Laurette Nesbitt, 18-year-old dancer, were arrested on a charge of having possession of the car. Police said they do not believe the couple had anything to do with the death of Moretti. *(AP Wirephoto)*

Couple Detained

Patsy Perry (left), racetrack figure, and Laurette Nesbitt (right) were arrested in Toronto, Ont., for having a stolen car which is believed to be the getaway auto in which four killers of racketeer Willie Moretti fled from the Cliffside Park, N. J., restaurant where Moretti was slain. Royal Canadian Mounted Police said they do not believe the couple had anything to do with the death of Moretti. *(AP Wirephoto)*

Mossadegh Leaves Cairo for Tehran

Cario, Egypt, Nov. 23 (AP)—Iranian Premier Mohammed Mossadegh left by plane today, carrying fresh plans to Tehran for binding Egypt and Iran closer together in a joint fight against "British imperialism."

Mossadegh is on his way home from a stay of almost seven weeks in Washington and a three-day visit here.

During his visit here he and Egyptian Premier Mustapha El Nahas Pasha decided to start talks soon about tighter agreements between their two countries on economic, cultural and commercial arrangements.

A joint statement issued by the two Middle East leaders said the proposed new treaties would "serve as the basis for multilateral and more general agreements" with other Arab countries.

Although Mossadegh's stay here was a success, marked by stormy demonstrations of welcome from thousands of British-hating Egyptians, the ailing premier returns empty-handed so far from his Washington mission. There he sought U. S. financial aid and technical help on Iran's problems in running her vast but idle nationalized oil industry.

Mossadegh told newsmen yesterday that Iran's oil, which she seized from British ownership and control, rightfully belongs to Iran; and that the Suez Canal, from which Egypt is trying to oust the British rightfully belongs to Egypt.

Two Vehicles Collide

A station wagon driven by Richard Burhans of Locust Valley was in collision with a truck driven by Charles Moses of 217 Catherine street on Route 209 in Hurley near the sharp curve near the Hurley Reformed Church about 12:30 p. m. Thursday, the sheriff's office reported. Deputy Sheriff Charles McCullough, who investigated, said no personal injuries were reported.

COLD, UNINSULATED FARM BUILDINGS CAN ACTUALLY WASTE UP TO 1/3 OF ALL THE FEED YOUR ANIMALS GET
Low Cost Zonolite Insulation Easiest to Install!

ZONOLITE vermiculite Insulating Fill pours easily from the bag into attic or low joists, or sidewall studs. Fills snugly, leaves no heat leaks or voids. Will not settle. Cuts fuel bills in farm homes up to 40%—will maintain a temperature of 50° in your barns when it's below zero outside.
AS LOW AS $67.60 TO INSULATE YOUR FARM HOME!
Stop in today for free estimate for your home.
Animals kept in cold, uninsulated buildings require more body heat, so that feed that should go for more meat, milk or eggs, is used instead for maintaining warmth. Let us show you how to increase your production, how to stop wasting feed by insulating those buildings with the wonder insulation — ZONOLITE vermiculite Insulating Fill. You can insulate your farm buildings in an afternoon or day, and once it's in, ZONOLITE is there for the life of the building. ZONOLITE is rodentproof, verminproof and FIREPROOF.
ZONOLITE Insulating Concrete Aggregate, used with cement in place of sand, can be poured over old floors or directly on the ground. Easily installed in poultry houses, hog houses and dairy barns. Provides warm, dry floors.
